34 When working as tavern wench, if the innkeeper is present you when you talk to him you go fetch a beer directly and give it to him without taking any other order, he will tip you 1 silver for this.

Dreams

The dreams is affecting Victoria to:

if she is exposed to something that resembles what she dreamed, she will be more easily manipulated. (This is not done yet but will be in later versions)

For example: Guys she's showing her breasts to, will later be able to manipulate her when she's doing it.

Boob dreams, stay at jerk house (see below) will trigger this automatic There's about 5-8 different dreams here.

After you've dreamed 7 times with the boob dreams talk to the jerk this will start the BE path. You need to put the ointment on you, and you'll have to do this in your room.

Glory hole dreams (2). go to the glory hole and try to talk to the women there, this will start the dream path, after you've seen both dreams you can go back here and see a scene. +1

When you can dance at the tavern, after your self respect is lower than 75 you can start dancing. This will start the dance dreams (3)

If you're sleeping at the old man's house (not the house above) You can start the innkeeper dreams three longer dreams (3). It will start when you fetch the flours from the inn keeper the second time.

Going to the slave part will trigger cock dreams four different dreams (4).

You start the slave path here (see below)

There's no way to stop the dreams right now but will come later. A person you can come and talk to about your experiences, the person will also try to manipulate you so be carefull!

You can now talk to the "dream stopper" she'll ask you to gather ingredients for her potion that will help you develop a skill to stop these dreams. She's in the woods where the second bad end is (see below).

When you started to gather the ingredients to the potion you'll meet a goblin, and by drinking his cum in the jar will trigger cum addiction, and you can get more by visit him again +3

Slave route

1 After the intro is done go to the bars and press enter/space

- 2 Be obedient to the man gives one scene +1
 - 3 Don't be obedient to the man gives another scene +1
 4. After the scene is done you'll start dreaming of something you just gone through. +1
 5. A goblin will come everyday giving you food, try different answers to him. There's about 3-4 scenes here +3/4
 6. After you've slept you can start training with the device you've got from the man. +1
 7. To see all dreams talk to the fire and sleep 4 times, I'll remove the flame later right now it's only there to let you see all dreams. +1
 8. You can also use the bars once again but it will only play the old scene. I didn't remove the scene since I thought you'd like to test all version of it. +1
 - 9 You can start next training session by calling your master with the ropes answering different will start 2-3 scenes +2/3
- More will come in later versions, the food is not done yet and the clean yourself is not done either. Every day in your new life as slave will be met by your trainer he'll check your status how much you've trained and cleaned yourself. If your good he'll give rewards if bad he'll punish you.

WORK

Now you'll have to declare your earnings to the captain standing at the bridge. Warning don't declare your earnings before you've earned enough money/spent all energy so that you can sleep. (Will fix this to next version...)

1 Talk to the man in the lower right corner he gives you forage and want you to feed his hens, you can finish this quest in two ways.

1.1 Feed all hens and go back to him. Or

1.2 Don't feed one single hen instead go to the shop and sell the forage there.
(This will affect your mind in later versions)

2 Talk to the woman who's washing clothes say yes to work.

3. Talk to the captain near the horses to clean them, press Space/enter on them to clean them when they're clean talk to the captain again.

4.1 Talk to the barmaid she'll ask you to work as wench, if your self respect is low enough you can accept to work for her.

4.2 When the innkeeper arrives at the pub go talk to the barmaid again she'll ask you to work as dancer now, if your self respect is low enough you can accept to work for her.

4.3 If you've accepted both jobs you can select one of them, dancer job brings more silver if you're willing to follow the orders from the crowd than the wench job.

Dancing (pub/tavern)

Repeatable dancing will:

lower your self respect.

more likely to accept their requests.

In later versions she'll wear the bunny suit after being convinced to wear it

More request will also come.

Wench(pub/tavern)

I'll add more interactions between the customers and Victoria, not just: get me three beers. I'm figuring out a way for them to grope/molest her and asking for sexual favors that she'll accept to do later in the game.

And ofcourse a special interaction with the inn keeper will come in later versions.

Serving the woman will not give any changes to you.

When working as tavern wench, if the innkeeper is present you when you talk to him you go fetch a beer directly and give it to him without taking any other order, he will tip you 1 silver for this.

I'll read through this to see if I've covered everything, later.

Cheers, your's WhiteRaven
