

# Walkthrough

---

This walkthrough will list the various conversation choices you can make in Sisterly Lust and the consequences they have for the story.

The walkthrough refers to the default names of the main characters:

- Mom, loving but stern.
- 
- Liza, the trusting oldest sister, a bit naive.
- Bella, the middle sister with a temperament.

Rachel, the inexperienced, but adventurous youngest sister.

Trust is important early in the game as a low value will end the game quickly. Later the level of trust will also come in to play when determining if a character is ready to perform certain sexual acts. Corruption mostly governs how depraved a character will act or the reaction to certain lewd conversations or situations.
