

Small guide for the game mechanics
(or the fight against the midlife crisis) 😊

This is not a real walkthrough with exactly values, only a little help what for mechanics are in the game and what is possible. It says nothing about whats exactly needed. It is possible that events are in the game are not listed there.

Thanks for playing the game and your support.

This is for the 0.1 version of the game.

Attention: The things can change with future versions.

General: (not for the hidden Variables)

Variables	Raise with (for some action you need a certain value)
