Intimate Relation 0.35

On this update the Boldly of Timidly option will affect the scene and don’t have a huge repercussion except for Christine which need to Boldly = 2.

This walkthrough will help you to get the majority of the content and may change completely in the future.

Also a lot of scenes are the same in each option and the final is always the same for now.

If you do Option 1, 2 and 5 you will see the majority of the content.

If you get script error click IGNORE.
