## Game Strategy Tips

Camp Pinewood is a hentai quest/time management grinder starring popular cartoon females from various shows. The game starts off with MC meeting Francine at the doors of the camp. Over the course of the game, you meet the other campers, go on quests, talk to the girls to improve their relationship with you, and hopefully sleep with them. To achieve these quests, you either a.) follow the clues in the dialogue to see who to talk to next, b.) work your ass off for Francine at The Office for **\$10-30** a session, and/or c.) buy certain items from Jessica in Cabin 1 and give the gift to the person the object is intended for. Some items, people, and places are accessible only during certain times of the day, with all the locations closed except for The Pool Shower, The Lake Cabin, and Cabins 3 and 8 at night. With Version 0.8, I recommend visiting Francine and make a lot of money before completing the *All's Well that Ends Well* mission. (You need roughly **\$634** to buy everything in the game.) If you complete that mission before *This is Not the Type Of Screw I Had in Mind* or *Music to Fuck By*, you will be unable to fund more money from Francine, or improve your relationship with her, Madeline, or Raven for the rest of the game.

## Ann's Events

### Let's Get Physical

After *Welcome to Camp*. Go to the Basketball Court at morning, day, and evening and meet Ann (based off Ann Possible from "*Kim Possible*"), the Sports instructor.

### Little A, Big D

Talk to Ann enough to bring her up to **9 Love points**. At that point, she will fuck her ass.

## Clover's Events

### This One's Taken!

### Welcome to Camp

When the game starts, you arrive at camp and meet Francine Smith (Based off Francine from "*American Dad*"), the Camp Counsellor. She informs you that you are the only boy that has arrived at camp, as the other bus has been delayed. From there, you are introduced to Madeline, Director of the camp, who tells her that she needs her back in the office. (Cutscene flows into Madeline)

### Getting to Know You

After *Welcome to Camp*. Go to the Office during the morning, day, or evening and talk to Francine. You find out that if you come and agree to work for her, you earn **\$30**. From there, visit Melinda or Gwen (If you haven't already), and then back to Frankie in Cabin 8.

### Fight the System

After you both decide to go with the causal outfit, go back to Frankie. (Cutscene flows into Frankie)

## Lockdown

After *Smoke Break*. After talking to Frankie, she tells you that Francine needs you both over at the office. In the next cut scene, you find out that the military have taken over the camp and enforced a quarantine. (Cutscene flows with Madeline) After Madeline and Emma's portion of the cutscene is over, it flows back to Francine where she states that she is getting suspicious of Madeline and wants to re-establish communications with the outside. (Cutscene flows with Raven) After re-establishing the communications with Raven and investigating the perimeter with Gwen, you inform Francine of the meteor that you found. She thanks you for your information and tells you to get some rest. (Cutscene flows into Frankie)

## Why Don't We Get Drunk and Screw?

After *Lockdown*. Visit Francine and she recommends that you get you both a bottle of wine. See Jessica in Cabin 1, where she will sell you a bottle for **\$25**. Work till you get the cash, buy the bottle and see Francine. You may get lucky at night if you check behind the office at night and find a bottle behind the building. When you do, the conversation will let you know that future risqué missions will happen with Francine in later updates of the game.
