In-Depth

=Choices followed by more details about those choices plose other relevant information.=

Day 1 – Monday

Sounds good to me.
I'm not sure.

If you tell Joe that you will go fishing with him Saturday and Natali that you'll exercise with her on Saturday bad things may await you. Fishing with Tom on Saturday will make him trust you more which is probably a good thing whether you're trying to have sex with his wife and/or daughter.

Maybe she needs a guy she can trust.
Let's play some PoP!

Currently the first choice only leads to more dialogue with Lex, but choosing this may lead to further consequences, good or bad, later on.
Day 2 – Tuesday

**Look at her boobs.**
**Look away.**

Looking at Natali's boobs opens her up to the idea that Tom may be attracted to her. This leads to her testing Tom on Day 3 and different dialogue for her in later days. This also changes the days and times of other conversations such as the talk about Lex dating. If you don't look at her boobs you have that talk on Day 3 otherwise you have it on Day 4.

Day 3 – Wednesday

If you looked at Natali's boobs on Day 2 she will "accidentally" flash Tom. If you didn't she will have a conversation with Tom about Lex.

**Your mom.**
**Your sister.**
**Porn.**

Choosing your mom is important to the Natali and Lex path available in the extras. So be sure to choose it if you want that path.

**Tell her.**
**Don't tell her.**

Telling her seems like a stupid thing to do, but it will make her trust you more which will be useful later on. Telling her may also lead to a future conversation about what she did.

**Think about Natali**
**Think about Elle.**

If you are wanting THAT path. Best choice is thinking about Elle.

**Tired.**
**Lex is sick.**

Choosing the sick option will open up the below choices. Tired ends this path.

**Check on Alexander.**
**Don't.**

This choice is important if you want to go down this path. Natali sees something she shouldn't have seen, and she can't forget it. Choosing don't will end this path.

Day 4 – Thursday
If Natali and Tom didn't have the conversation about Lex on Day 3 they have it today. If they did have that conversation they talk about weight loss and exercising together.

'Accidentally' bump into her.
Don't do it.

Both choices lead to a nice hot interaction between Tom and Natali, and both choices increase Natali's desire for Tom. However, the bump option makes her want him more. Whichever you choose Natali will think about it when you play her. If you play her first instead of Tom the game defaults to not bumping her butt.

Make a dating profile for Lex.
Don't make a profile.

Probably not much of a spoiler that this will introduce another character later in the story. If you want your best friend to get laid go ahead and make him a profile. If you want the Natali and Lex path it is important that you choose to NOT make a dating profile for him. Lex meeting Matilda cancels out his entire path with Natali.

Day 5 – Friday

Yes.
No.

If you told Joe you'd go fishing with him on Saturday it would be best to say No.

Fun.
Dramatic.
Educational.

Choosing Fun leads to a hot scene with Natali groping Tom increasing her desire for him. Choosing Dramatic leads to Natali thinking about her relationship with Joe opening up the below choices. If you play Natali first the game defaults to Dramatic. Choose Educational if you want to further the Lex and Natali path.

Talk to Joe
Don't talk to Joe.

Choosing Talk will lead to, you guessed it, Natali having a talk with Joe at a later day. Choosing not to talk will drive Natali more towards another man. Natali just wants some excitement(penis) in her life! WARNING Talking to Joe will reduce her lust for Tom possibly ending their path altogether for now.

Day 6 or 7
Compliment her.
Move on.

Whether you exercise with Natali on Saturday or Sunday you get this option. Choosing to compliment her makes her want Tom a little bit more.

After exercising if you have chosen enough things to make Natali want Tom she will show her naked body to him. If you said you'd go fishing with Joe on Saturday but instead exercised with Natali he will show up during this scene. Game Over.

If extras are installed there is a scene between Natali and Lex on whichever day she exercises.

Day 6 – Saturday

Yes.
No.

Only available if you choose to fish with Joe on Saturday. Choosing Yes will make Joe trust Tom more and leads to him having a talk with Elle about Tom that makes her trust Tom more. If you want Tom and Elle to date it is best to go fishing and choose Yes.

Only fix the phone.
Look through her pictures.

Choosing to only fix the phone will make Elle trust Tom more. Looking through her pictures will make her trust him less and unlocks playing her through the same scene.

Day 7 – Sunday

Wait for Elle.
Sit and talk more.

If you want Tom to date Ellinor it is very important that you choose Wait for Elle. Choosing to not wait will result in Natali showing Tom pictures if she wants him enough. If you do wait for Ellinor, Natali will show Tom the pictures later in the day. If Natali doesn't want Tom enough they only talk.

If Ellinor trusts Tom enough she will ask him out after dancing with him. Thanks Joe.

Tell the truth.
Lie.

If you chose to make a dating profile for Lex he'll confront you about it. Telling him the truth will lead to more options later on with Matilda.
If you chose for Natali to talk to Joe on Day 5 that conversation happens today.

**Day 8 – Monday**

**Mention her hair.**
**Don’t say anything.**

Noticing her haircut makes her want Tom a little more.

**Stash the picture behind a couch cushion.**
**Take it with you.**

Lex stashing the picture will further this path. Natali finds the pictures and figures out who had it. Taking it with him may have different consequences later on.

**Let's play a little longer.**
**Okay we can stop.**

Playing a little longer while make Lex extra tired ensuring that Lex will stay asleep for what potentially happens Tuesday morning. Choosing to stop may lead to a Game Over on Day 9.

**Let her sleep in your bed.**
**Tell her no.**

Letting her sleep in his bed furthers this path. Telling her no ends it. It also makes him want her more.

**Day 9 – Tuesday**

**Bump him with your butt.**
**Say 'Thank you.'**

**Bump her back**
**Stop**

Choosing both bump options starts the "real" workout! Choosing to say thank you or stop cuts everything short.

If on the dating path with Ellinor, Tom talks to her about their first date.

If Natali had sex with Tom she thinks about what she did.
If Natali found her picture after Lex hid it and he isn't on the Matilda path she will "help" him.

**Ask her about your penis.**
**Don't ask her.**
Choosing to ask her about your penis leads to a Matilda flashing Lex so that they are now "even", and he is less embarrassed. How nice of her! Not asking her does nothing so may as well see her nice butt.

Day 10 Wednesday

Tom spends the day thinking about various things depending on what you have chosen to do. I

Yes.
No.

Choosing no will make Matilda trust Lex more. Either way they plan to have a coffee date.

Tell him I don't want to go to see a movie.
Not tell him. Go see the movie.

Touch her.
Stop this.

You need to have masturbated thinking about Elle on Day 3 and let her sleep in your bed to get these choices. Touching her furthers this path and make Joe want her more.

Day 11 Thursday

Reject her.
Give her what she wants.

Rejecting Natali here may be your last opportunity to stop this path if you want to stop it.

If Natali to have a talk with Joe or if Natali and Tom are having sex Joe is playable this day. What happens depends on which of those two things has happened.

Drop your towel.
Keep your towel on.

Dropping the towel makes Natali want Lex more and leads to more action between the two during this scene.

Day 12 Friday

If you chose for Ellinor to tell Tom she doesn't want to go to the movies the two have a date at home otherwise they go to see a movie.

If the two are seeing the movie the date is cut short (and their path?) when Ellinor has an episode and leaves before the movie begins.
Move closer to her.
Stay where you are.

Moving closer to her will open up the below choices. Staying where you are skips to the end of the movie.

Hold her hand.
Put your hand on her thigh.

Holding Elle's hand makes her trust Tom more. Putting his hand on her leg makes her trust him less. This choice is important for improving a later event between the two.

Tell the truth.
Lie.

Of course it is best to tell the truth to a girl who says she values honesty above all else. If you lied about liking coffee during their camshow it counts as your first lie. Telling the truth every time leads to Matilda going to the Petersson's for the first time.

Do it.
Stop everything.
If you're on this path you already know you want to do it. Stopping everything will end this path.

Day 13 Saturday

This day is only played if you're on the Tom and Natali path.

Put a finger in her ass.
Do nothing.

Putting a finger in her ass is required (as of now) to further this path. It leads to more options in later days.

If you're playing with extras there is a short scene with Tom witnessing Natali having a sex dream about Lex. This will possibly lead to more fun things in the future depending on your other choices.

Day 14 Sunday

If on the Tom and Natali path the day begin with Tom at home.

If on the Tom and Ellinor path only the day begins with them talking.

If both then both happen.

Research anal sex.
Do work.

Researching anal sex is important for their path. Doing work may or may not have a future consequence. Not sure yet.
Tell her about the note.
Don't tell her.

Yes.
No.

There is no correct way to do these choices. It would be more fun if you discover on your own why this is the case.

If you had the home date with Ellinor there is a scene with those two talking in her bedroom.

Think about video games.
Cum.

Thinking about video games will keep Lex from cumming leading to Lex's fantasy of titty fucking Natali coming true. Thanks for the advice Tom!

Short update this month. I hope you enjoyed what is there and can see the fun things for these characters on the way. Thanks for playing!

Trivia

=This section contains useless details about MBFF.=

The girl in Lex's wallpaper on his computer is Margo from My New Roommate with longer hair. The girl in Tom's wallpaper on his computer at the Petersson's is Eliza from My New Roommate with longer hair.

Brown, blue, and white were chosen as the color scheme for MBFF before I had the house model that would become the Petersson home which follows a similar color scheme. Happy coincidence!

The spellings of each character's name and the names themselves were chosen specifically to suggest a country of origin for the Peterssons that isn't the United States.

Planet of Pillage and it's acronym PoP are of course based on World of Warcraft and WoW.

The bit about the donkeys mating is based on true story I witnessed. I used to live next to a man with pet donkeys.

The Natali in the pictures of her as a younger person is the same Natali 3d model as usual, but with all of her aging and fat removed.

Tom's big dick talk with Lex is based on a real friend from my past. This guy was still a virgin well into his twenties. Word got around from those who had seen it that he had a very large penis. Girls supposedly crossed their legs upon seeing it and said "Nope." So it became a joke among us that he was still a virgin because no girl would have sex with the monster. =spoiler alert= He eventually lost his virginity to a girl he met on the internet.
MBFF was originally planned to be very different. It was going to be one of those visual novels where the characters and backgrounds are separate images. It was also planned that each path would have many entrances and exits. Specific choices that would put you on or take you off the path of a potential couple. Making the game as originally planned would have lead to too much useless filler and grinding. Who wants that?

Joseph Petersson
Age: 43
Height: 6 feet / 182 cm
Penis Length: 7 inches / 18 cm

Natali Petersson
Age: 42
Height: 5 feet 8 inches / 174 cm
Bra size: DD (American)

Ellinor Petersson
Age: 18
Height: 5 feet 4 inches / 162 cm
Bra size: D (American)

Alexander Petersson
Age: 20
Height: 5 feet 6 inches / 167 cm
Penis Length: 8 inches / 20.5 cm

Thomas
Age: 20
Height: 5 feet 9 inches / 175 cm
Penis Length: 6.5 inches / 16.6 cm

Matilda
Age: 24
Height: 5 feet 2 inches / 160 cm
Bra size: B (American)

According to my notes from June 2017 when I first began planning out MBFF Natali and Joe were divorced, but still living together.

Joe's 3d model was made with a different version of the same skin as the main male character in My New Roommate. Their shapes, however, are entirely different.

Tom's penis is slightly crooked.

You may have noticed that Lex and Ellinor don't interact with each other. This is because I intend to add an extra path for those two at some point. Since it is still being worked out I thought it best to just keep them apart for now.

I write better when I sleep. If only I could sleep. Fuck insomnia and all sleep disorders. Does anyone actually read these?
