Walkthrough introduction

There is two parts in the walkthrough, the first is just a quick part, it assumes you already used all the cheats, so you don't need to go the gym, to study, etc. It's divided by persons you can get something from, and won't everything will be written in details, just the important informations.

The second part is my personal route with every decision. If you follow that you will surely get all the pictures in the gallery and all the events. I know there must be a much faster route even without cheating, but this route will cover everything.

*Disclaimer! I do not take responsibility for any error or fault regarding this walkthrough. I try my best to cover everything in the game, but as I'm a human I might make mistakes. Every mistake will be corrected if anyone report it to me.
As I'm not a native English speaker, sorry for any spelling/language mistake.*

Game Introduction

Important information:

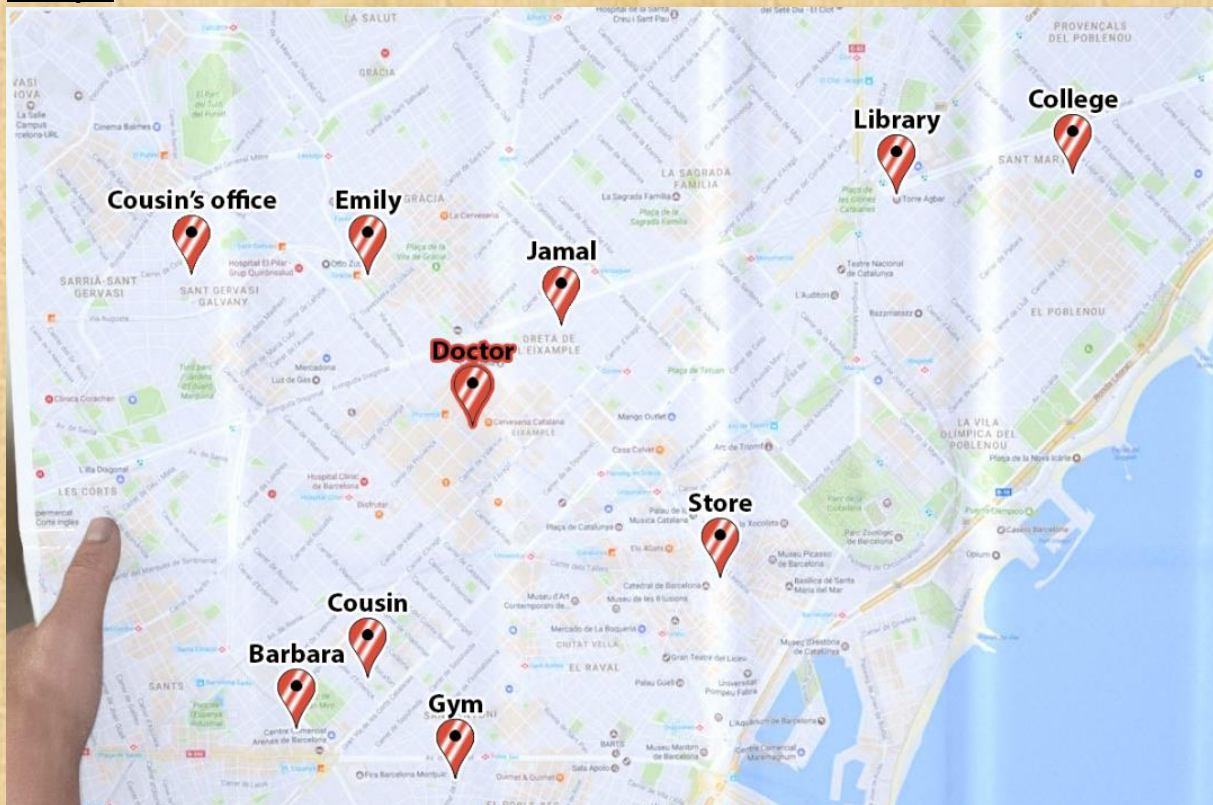

Unless you cheat like hell, you should go to gym to train, to library to study as much as you can. Also, you have to go to the store (after strength 5), the gym, and the doctor, every day the get as much money as you can.

You should remember to take a shower before go to the girls for some more.

For the version v0.5.0ex, there is some unexpected bugs, like error messages. You should save before you choose any options while talking to anyone, that will save you a lot of time.

There is another issue, where you run into error message while try to open the gallery, after you get one of the new images. For me copy the gallery.rpy into the game folder and delete the last part (from line 139) of the new file solved that case.

Part I

Cousin:

- You should talk with her every time you have a chance.
- Go to her room in the morning, knock and go in, talk with her and get all the books and clothes she wants.
- At the morning when you wake up, use the drone and check her window, so you'll get one picture into the gallery.
- When she is in the shower, you can peek on her, if you got the oil for the door and the screwdriver. Go as much further as you wish
- After she finished her morning shower, again use the drone and check her window, to get one more picture.
- After you'll get the new stretching clothes for her, at the morning, when you wake up, just go into her room (do not knock!) to get one more picture.
- Buy the satin clothes (however she didn't ask for it) and give it to her.
- When she comes home after the work and go to her room, again use the drone and check her window, to get one more picture.
- Buy the premium TV account and offer her to watch other movie at the evening. Follow the events, to get another picture.
- You have to do the first couple of photoshoot for Emily, then watch the TV again with your cousin. She will ask you for photo shoot. While doing it, do not accept her offer

to take some picture of you, she will break the camera. Instead make more photo of her, tell her you want to fix her hair, but before that, click on the knot on the dress to loosen it.

- After the first photo shoot, visit her at her room (after her evening TV session), and she will ask you for another photo shoot. Do it, and you'll get another picture into the gallery.
- Go to her room at night (after you give her the satin clothes), pull down the blanket and pull up her robe. You can try to finger her, but if do not try to fuck her she will wake up and game over. Instead after that go to Jamal and ask for sleeping pills, and he will get them for you.
- Go to the store and buy some coffee, and at the evening ask your cousin in the kitchen if she want some coffee. Put the pills in the coffee.
- After that, at night you can do her whatever you want, and you'll get one more picture into the gallery.
- You should increase your potency to the max. Then go to sleep with a hard-on, and you'll have a nice dream. Just don't forget to wake up while it's still nice. (Also, a picture in the gallery)
- After you do both photo shoot, and you go to bed with a hard-on, your cousin will wake you up with something nice (and one more picture in the gallery).

Emily:

- Wait for her at the first day (she will come shortly after your cousin leaves, so stay at home)
- Do the photo shoot and say that you want to do more photo shoot.
- Buy and read the book about the photography, to be able to go further.
- Get the Camera and the Costumes from the shop and go to her apartment after 5PM.
- In the version v0.5.0ex there are the Cowboy costume (one picture), the Harley Quinn costume, the Ninja costume and you can photo her in her normal dress (one picture) too.
- After her and you cousin's first photo shoots go to her apartment at 5PM and go into the apartment.
- You must go to the Gym, and learn to fight from the trainer, get your strength max, and then go back to her apartment again.
- You get your reward if you can defeat your foe and one more picture into the gallery.

Anna:

- Talk with her in the library, you can compliment her even.
- Get all the books for her that she wants and try everything with her (one picture into the gallery).
- After you were caught by her mother, go to the College and talk with the dean.
- Go to Barbara's house, and talk with them.
- Upgrade your drone and check her by the pool at night and you'll get one picture into the gallery.
- After you meet Barbara's mother, talk Barbara again, and she will send Anna home.
- After that you can find her again in the library.

Shopkeeper:

- Go to the shop, and ask her to show boobs, and after that ask her to show you her pussy.

- When you ask her multiple times, you can ask her to be full naked when you go to the store.
- After a while she'll tell you she will be at the store at night.
- Go to the store at 11PM, then follow the events to get the screwdriver and 1 picture in the gallery.

Secretary:

- Go to your cousin's office and talk with the secretary. Tell her you need photo for the website, so make some photo and one more picture in the gallery.
- After the photo shoot, you can offer her more photo shoot to get into Dick's office.

Trainer:

- Go to the Gym and choose the Watch trainer option. There are two pictures out of it. You need to check different times of the day.
- When you ask her to teach you fight, she will tell you about her backache. Offer her massage.
- Once you'll know about the massage oil from the book, ask Jamal about the oil and he will get it for you.
- When you have the oil, go to the trainer and offer a massage. Don't forget to use the massage oil, so you'll get one more picture into the gallery.

Nurse:

- Stay at home in the second day too after your cousin leaves, so you can meet Dick.
- The next day, you can go to the doctor.
- After he make his diagnosis, you can get a help from the nurse.
- After that you can go back every day to donate some... stuff.
- The first time, you should cum on the floor no matter what, so from then the nurse will help you, but only with her hands.
- Go to Jamal at night and ask for the sex pills, and he will get them for you.
- Use the sex pills before you ask the nurse help, and you'll get more help and another picture to the gallery.

Director

- After you promised you help your cousin with the stolen documents, go back at 7pm for the photo shoot with the secretary.
- Go to the store and buy a Ratcatcher, then go to Jamal at night and catch some.
- Next day, go to the secretary at the morning and offer another photo shoot. Go back at 7pm.
- Free the rat, and then go to Dick's office. The password is written on his notes, but can barely see, so it's 1234 (most secure password ever).
- Log in his laptop and see the images, and see the mails too (all of them... you see the walkthrough promise? :D)
- Go home and use the drone. Go to the director's bedroom to get one more picture in the gallery.
