

Introduction

This is a walkthrough for version 0.1 of High School Crush Simulator. Everything you need to know about the game is mentioned here somewhere (probably), you just need to find it. Look at the titles of each section to see what each one is about until you find what you're looking for.

How to get that \$\$\$

Get a job. It's as simple as that. Look at the job application board in the school communal area for the requirements.

How to train your stats

Knowledge: Paying attention in class, answering education questions correctly, doing homework in your room

Physique: Do yoga in your room or walk your dog

Charm: Talk to yourself in the mirror in your bathroom

Kindness: Help clean the school courtyard

Braveness: Drink the unknown drink in the school communal area

Sexual Skill: Masturbate (or preform other sexual activities), watch porn on your laptop and study it instead of masturbating to it

Unlocks

Dog: Every time you help clean the courtyard, there is a 1/6 chance that a scene will come up in which you can adopt a dog.

Cat: Same as the dog.

Sex toy collection: Buy all 3 toys at the sex store to complete the current selection

Laptop (and TV): Buy one at the second-hand store

Friendship Links

You can have 10 conversations with each character in the game (except Michelle at the moment). Each conversation requires affection to unlock however, which can be gained by hanging out with them or by making certain choices during the previous conversations. What follows below is a list of a choices you can make during those conversations. The choices that raise a character's affection are highlighted in red.
