Version 0.6 Walkthrough

WARNING: using this walkthrough might spoil future events

Day 1:

Forgive her

Do nothing

Don't take the drink

Compliment her

Compliment her

Can I come?

This might seem like the wrong answer but it'll lead to Elly liking you more

Spy on Elly in the shower

Ada's room?

Grab her ass

Doesn't really matter

Spy on Elly again

Day 2:

Try to keep any feelings you have for Elly or Ada a secret from Emily at this point

Kiss her

Put on your clothes

Wake up Elly

Start apologizing

Doesn't really matter

For everyone

Doesn't really matter

Why are you embarrassed?

Doesn't really matter

Buy her clothes

Of course

Doesn't really matter

I liked that

Side note: I realize how fucked the lighting in this scene is, but time constraints

The three men – Talk about future – Tomorrows plans

This is a dialogue tree, you can go through each of these one by one

That's good

You don't want to show any weird affection towards your roommates yet

Where's Elly – Ada's occupation – Emily's job

Leave her alone!

Doesn't really matter

There's slightly differing dialogue based on whether you get hit during the fight. Doesn't ultimately matter though

Smile

Just let her be

Emily finds Elly's response to you weird when you ask her if everything's alright

What happened today – Ada's safety

She's been doing that

While Emily does find this weird, she also finds it comforting that you also find it weird and therefore is fine with it for now

Just let her watch

Go to the bathroom

Day 3:

The good night kiss – Today's activities – Dad's absence

Take your shirt off

Go in to the shower... slowly

Kiss her

Don't offer to teach

She's not ready yet

What is 'Streets' – Call Jenna – Sofi's financial trouble

Look through her profile pictures

W-Whoah oh oh what? Hold on, what did I just say?

Comply

This doesn't matter in the long run, but you get some nicer dialogue

Try to turn it in to a hug

Important for day 4

Ada's pro-gaming – New appearances – Friend Jenna

Aggressively refuse his offer

Show off

hint, if you dodge incorrectly, you can use the scroll wheel to go back in time

Kiss her

Join Emily

Day 4:

Friendly Approach

Just look

Tell her the truth

I want to get to know you

Take Emily's side

Day 5:

Make her stay

I'm interested in Sofi

Day 6:

Kiss or don't – Your preference

Don't make a big deal out of it

Arms > Upper body – Doing Lower body first gets you less scenes

Inseminate your roommate

Agree to teach her

Cum inside

The above walkthrough will get you the harem ending in the game
