

Coceter Chronicles Walkthrough

So, I decided to write this guide because I felt this game could use a bit more of an in depth look at the decision making, how to get certain events, and what decisions lead to what. The game itself does come with a scene guide and a romance guide, but that can be a little vague and it isn't a full walkthrough. The first time I played it I found I was still missing stuff or wandering around aimlessly trying to find something but wasn't available yet, since the guide doesn't actually tell you how or when a scene is available. My goal here is to make it so others who play it can explore the game without the aimless wandering looking for potential missable scenes, as well seeing what decisions will affect your stats.

This game does have futa content and I know futa isn't everyone's thing, so I will warn when something is futa content. Also SPOILER IF YOU DON'T THE END CHAPTER 2 SPOILED SKIP THE REST OF THIS PARAGRAPH you have the option to turn your main character, Tabitha (Tabi), into a futa at the end of chapter 2. Because of that I've split Chapter 3 into two segments, the regular section and the futa section. The game is more or less identical regardless of which you choose, but futa does have some differences in content so I've outlined them in its section. In the futa section I won't warn about futa content since I assume you're in that sort of thing, however I will mention when a scene does not use Tabi's cock, and when something is futa/futa content.

As I'm writing this I'm realizing just how big this game is so I made an easier way to find what you're looking for so you can Ctrl-F a certain chapter or day to find what you want.

The game will explain all this, but for the sake of repeating there are colored text choices that will affect your attributes:

Gold= Temperament (Temp)

Pink= Sluttyness (Slut)

Green= Fitness (Fit)

Blue= Knowledge (Know)

Purple= Both sluttyness and temperament

Orange= Love for specific characters, which allow for more relationship interactions later.

Certain things will also increase arousal.

These decisions will affect how you behave later in the game. So if you're looking for more sex scenes, building sluttyness is probably a good idea. I usually play a submissive and slutty Tabi, so while I wrote this I was making decisions that would increase Slut and Temp points. If you'd like to play a dominant Tabi instead of a submissive Tabi you should be making decisions that lower Temp.

Often there will be scenes where a lot of decisions are made very quickly so it's difficult to tell if decisions are giving you stat points until you finish the scene, and there will be multiple decisions at a time so it's impossible to tell which are giving you the points. During those sequences, this guide will assume you want to maximize Slut and Temp points, so I will recommend the choices to net the most, but feel free to play how you'd like if you want less Temp point.

In addition there are circles you'll see around the world that correspond to different events:

Blue= Lore

Red= Side quest

Green= Daily

Pink= Optional scene

There will also be glowing panties around that you can collect.

With that being said let's begin:

Chapter 1: A Tear Between Worlds

Day 1, ch1d1

- Begin by reading the dialogue, no decisions here
- Quest Get: Getting Started, Find the Princess.
- First thing I'd suggest, head into options and change the settings as needed. Auto-Run is a great one, you can turn off the option that asks if you'd like to skip scene and decide if you want Futa content. You can also turn off attribute checks which I would assume allows you to play the game without worrying about stats, but I don't usually play this way.
- Before finding the princess we can check the library for a little scene of reading a book and also meet Fiora walking around in the dining room area.
- Head over to the circle ring by the bath for a scene and our first decisions.
- Slap (-1 Temp), Plead (+1 Temp).
- Refuse Apology (-1 Temp), Accept (+1 Temp), remain silent (no change)
- Quest Update: Meet the King.
- Going up to the throne room circle will trigger a scene.
- Quest complete. Quest Get: Through the Veil, Speak with Lady Astal, speak with Lily
- At this point we can do a bit of exploring, check some lore items, and collect some panties. At this point two blue circles and 1 pair of panties cannot be obtained: In the Kings room and in the basement room.
- Check the lore on the statue to your immediate right, then walk down and check the blue rings on the note and the painting.
- Walking to the right you can speak to Madaline in the green dress and also use the toilet for a short scene.
- We can grab Madaline's panties in the lower right room, and Lady Astal's in the upper right room.
- Before going to Lily, head to the basement and get the blue lore circle above, Fiora's panties in the right room, and speak to the boy in white.
- Tell him to apologize (+1 Temp), nothing wrong with small boobs (+1 Slut), You're a terrible brother (-1 Temp)
- Now enter Lily's room for a scene.
- Let her continue or remark does not matter.
- Calmy Reassure (no change), Shiver (+1 Temp), Act Tough (-1 Temp), Find it erotic (+1 Slut)
- Leave with a kiss (+1 Lily), leave without kissing.
- Grab her panties in the corner of the room.
- Now head to the library. Look closely to see a close up shot.
- Quest Update: Get some rest
- Talk to Astal again for more information and +1 Know.
- Examine the book and flip through all the pages for +3 Know.
- You can speak to Lily again for a little extra dialogue about the story.
- At this point head to the lower area to the kitchen and speak to the chef Mavarn and say yes to helping
- Quest get: Delicious treats, Look for Avren in the cellar

- Go down to the cellar to the red circle near the curtains.
- Walk up, watch.
- If you chose walk up you can: clean up or taste it (+1 Slut) which will lead to disgusting (-1 Slut) or delicious (+1 Slut)
- If you chose watch you: leave (scene end) or touch. Touching will lead to the same decisions as the first scenario of choosing whether or not to taste and whether or not Tabi enjoyed it.
- Quest update: Return to Mavarn
- Go return to the chef.
- Quest update: Speak to Mavarn in the morning.
- You can choose to bathe if you'd like. It will lower your arousal.
- Enter Tabi's room next to Madaline's (Maddy).
- Look closely to get a better view.
- Peek to get more options, or continue if you aren't interested in the brother Love events.
- Find him attractive (+1 Sage), turn around.
- In the room you can rest (will continue story, masturbate (lower arousal), or read (+1 Know).
- Once you're ready, rest to advance to night.
- Sleep naked (will trigger more later), sleep in nightie (this option will prevent decisions in the next scene).
- If naked, cover up (-1 Slut), bare it all (+1 Slut, more options), smack (-1 Temp).
- If you chose bare it all, close door slowly (+1 Slut), close door normally (no change).
- Now that it's night we can get some peek scenes, upstairs: Maddy, Astal, King, guards.
Downstairs: Fiora, twins.
- Now head to Lily's room for a sex scene. No decisions to be made here, just different POVs.

Day 2, ch1d2

- Leave with a kiss (+1 Lily), leave without a kiss.
- Quest Update: Meet with Yusara
- In the morning you can: get the blue lore circle in the King's room as well as panties in Yusara's room (across from Tabi's room), read in Tabi's room for +1 Know.
- Peek in Maddy's room for Quest Get: Toy for Tabi (can't be completed until Chapter 2).
- In the basement you can get the blue lore circle and Keena's panties.
- Talk to Sage in the upper part of the basement. There's a lot of choices here so I'll do my best to track it:
- Bathroom, Out walking, Having sex with Lily. All three will open up further options.
- The first two will lead to the same choices: Like he does (further Love options), Reassure him (+1 Temp, no Love points available), Handle Myself (-1 Temp, no Love points), Remain silent (nothing).
- Choosing Like he does: Don't mind (+1 Sage?), Wish he'd stop (-1 Sage?), Just kidding (possible -1 Sage, scene end).
- Choosing Having sex with Lily will lead to: Yes (scene continues, potential points), No (scene ends, no points). Yes leads to: Tease (+1 Slut, more choices), Get Mad (-1 Love), Let it go (nothing).
- Tease leads to: Point at erection (scene continues), Let him finish (scene ends, no points).

- Pointing leads to: Hug Sage (+1 Sage), Let him finish (no points)
- NOTE about Sage: 4 Love points will be a requirement for a scene on Day 4.
- Speak to Mavaran for Quest Update: Meet Mavarn later in the day.
- Now we can talk to the King and Yusara in the throne room.
- Nice to meet you (+1 Temp), Silently bow (-1 Temp)
- Quest update: Speak with Lady Astal
- Peek in the King's room for story.
- Speak with Lily in her room: Yes, No, Jealous (-1 Temp, Lily will kiss you, unknown if that gives Lily Love I assume no).
- Go to the circle at the library: Look through keyhole (sex scene that you can watch or fantasize. This is just preference, will only increase arousal), wait down hall (nothing)
- Quest Update: Train with Lt. Brookes, Research Humans at Library
- Head to the entrance of the castle: She had need of me, you must be mistaken (either decision does not matter)
- Agree (+1 Temp), Refuse (-1 Temp), Think about it (no change).
- Regardless of your decision about Taler's terms you will be able to choose who you spend the night with later on.
- Side stuff to do: Woman in white: Filthy El'wen (-1 Temp), Stay silent (+1 Temp)
- Blue lore circle at center monument
- Empty house to the lower right of the monument: Read, Step away. It's hot, Eww. If you chose to continue: Dom (+1 Slut, -1 Temp), Sub (+1 Slut, +1 Temp).
- Red circle to the south: choose to look for Quest: Brothel peep. Go down a bit to the red circle to get a bucket: Lift skirt (+1 Slut), Walk away (Quest failed)
- Bend over (More options), Done enough (end scene)
- Wiggle ass (+1 Slut), Finish (end)
- Talk to the pacing man on the left: 9341 (+1 Temp), 12 (-1 Temp) and lore circle to the left.
- Use bucket at brothel for a scene that you can watch, fantasize, or step away.
- Up and right to the orphanage in the lower right. Talk to Keegan and Gena for some story dialogue.
- Upstairs to the bath to meet Xara: Take Sovereign (scene end), Join her (+1 Slut, more options), nothing (end)
- Kiss her (begins Xara romance, sex scene), Let her continue (sex scene continues)
- Kiss her (+1 Xara), Leave
- Leave and head up to market area, blue lore circle at well.
- In right house, blue lore circle and choose which model you'd like to see.
- Left house for fourth wall break.
- Exit to the right to the lake to a blue lore circle.
- Talk to the man: Yes, no (doesn't matter)
- Offer flash (+1 Slut), walk away (nothing)
- Go to library above woman in white from before.
- Polite response (+1 Temp), Rude (-1 Temp)
- Two blue lore circles, one gives +1 Know when read.
- Check yellow circle.

- Talk to librarian for +3 Know.
- Now go left to the guard house.
- Talk to the guard behind the desk.
- At the yellow circle below: Change discreetly (-1 Slut), put on a show (+1 Slut)
- Stay calm (+1 Temp), Get angry (-1 Temp)
- Don't mind (+1 Slut, +1 Temp), prefer to do straddling (+1 Slut, -1 Temp), will try harder (no change)
- Completing scene: +5 Fit
- Afterwards, get Brooke's panties and talk to guard: Thanks (+1 Temp), Wasn't for you (-1 Temp), Glad you enjoyed it (+1 Slut), Silent (nothing)
- Quest Update: Return to Castle.
- There is another pair of panties in the room that cannot be obtained until Day 3.
- Return to castle for Quest Update: Take a nap
- Talk to Mavarn to complete quest.
- Talk to Fiora: Bitch (-1 Temp), Remain silent (+1 Temp), walk away (nothing)
- Enter the bathing room for a scene with Maddy and Keena. The walkthrough included with the game says you can get Temp points here but during my playthroughs nothing happened regardless of what I chose.
- Speak to Lily: Greet with kiss (+1 Lily), talk
- She's attractive (more options, potential Love points), Nothing special (scene ends)
- Nothing on Lily (+1 Lily), the other 3 will net no points.
- Speak to Lady Astal for some dialogue.
- Return to room and workout for +1 Fit and read if you haven't this day yet. When you rest your arousal will reset so masturbate or take a bath if you'd like.
- When finished with everything, Rest. Naked or with nightie changes nothing. Quest Update: Visit the Prince OR Visit Lily instead.
- When it's night: Examine the bed and read (+1 Know) and work out (+1 Fit)
- Peek Yusara (Futa), Ponder tasting (+1 Slut)
- Peek events: Maddy, Astal, King, Keena.
- Talk to Keegan for a few choices: Scold (-1 Temp), Laugh (+1 Temp), Mention keyhole (more options), walk away (end)
- If mentioned keyhole: Peep on me? (more options), leave (end).
- Scold (-1 Temp), Like it (+1 Slut), Fiora or me (this will lead to more options that don't affect stats)
- At this point you'll have to choose between spending the night with Lily and Taler. Choosing Taler over Lily will not lower Lily's love for you and will begin the Taler Romance. Choosing Lily will also not give her any additional Love points, and will prevent the Taler Romance. There are no stat bonuses in the Lily scene, just a short sex scene, however the Taler scene can give a total of +5 Temp and +4 Slut if you are submissive, let him take your virginity, and have Tabi enjoy it, and slightly less points if you have Tabi take control.
- Regardless of what you choose both will be in the gallery.
- Quite frankly there are quite a few choices in this scene and it's impossible to tell which specific decisions lead to what stat boosts so play this sequence how you like.

- If you want the most amount of Slut and Temp points and scene variety then do the following: Ask forgiveness, you have?, Good, Answer, Do as told, turning me on, eagerly jerk, use mouth, what would please you, offer sex, say please, turned on, incredible, lay there.
- If you want to begin the Taler romance you must let him take your virginity and then stay the night.

Day 3, ch1d3

- In the morning leave the room for Quest Update: Speak to Lady Astal.
- Head over to Tabi's room and Read (+1 Know) and Work out (+1 Fit)
- Talk to Maddy. None of these options increase any stats, just lead to different dialogue.
- Enter the bathroom and talk to Sage: Look closer (more options), continue
- If you looked closer: Nice body, Needs to work out, Eh (none of these options seem to affect anything).
- Touch bicep, continue (both lead to the same dialogue)
- Yell at sage (-1 Sage), Cover Up (will lead to the same options, but won't give you a +1 or let you touch his erection later), Show more (+1 Sage, +1 Slut, will give him an erection leading to more options), Do nothing (same as if you chose Cover up).
- If you chose to Cover or Do nothing you can still Hug for +1 Sage, but won't be able to touch his erection.
- If you chose to Cover up you can touch cock or leave.
- In the cellar, talk to Keena: Eat apple (-1 Temp), Put back (+1 Temp)
- Head over to Lady Astal's room for Quest Update: Visit Master Padrone.
- Leave the castle for Lily to join.
- People to talk to while with Lily: Librarian, male prostitute outside Tavern, female prostitute outside brothel.
- With Lily you can check the blue lore spot in the center monument and the well again (kiss Lily).
- At the orphanage go upstairs to the bath to get Xara's panties.
- Find Xara above the well: Push away (-1 Xara), Bend slightly (+1 Xara)
- Head to the yellow circle for Quest update: Take Lily to Lake Julva
- Head to lake and north to the circle.
- Complement (+1 Lily), Agree, Disagree
- A lot happens in this scene very fast so it's difficult to tell what decisions actually lead to stat changes, so play this how you want. If you want Tabi to be slutty and submissive don't resist and like it and you will gain Slut and Temp points. If you resist and hate it you will lose Temp and Slut points.
- To maximize Temp and Slut: Don't resist, Moan, Moan again, Blow Boar, Swallow, Like it, Savor the taste.
- Quest update: Return to Master Padrone
- Head back to the clothes shop: Blush (+1 Temp), Tell him to quit (-1 Temp), Jiggle breast (+1 Slut, animation)
- Finish in the shop for Quest update: Speak to lady Astal

- Head over to the guard house to get Ava's Panties.
- Talk to Ava in her office: Flirt (more), Leave (end)
- Offer reward (+1 Slut, scene), leave
- The two men from the Lake will also be in cells.
- Return to the castle.
- Talk to Lily: Blame her (-1 Lily), Not her fault, Silent
- All those choices will lead to the same options: Sucked them (More options for potential Slut points), Lie, Silent (both lead to nothing)
- If Sucked them: Liked it (+1 Slut), Hated it (-1 Slut), Silent.
- Kiss her (+1 Lily), leave (-1 Lily)
- Talk the king, then to Astal: I have (this appears to require a certain amount of Know), Lie (can't seem to choose it if either Know is too high or Temp is too high), or Silent.
- Quest update: Find Sage
- Search Fiora's room for a scene: continue watching (more options), leave.
- Fantasize (+1 Sage), watch
- Quest update: Speak with Lily
- Here you can decide if you want to talk to Lily or to the Twins. The Twins will give you a scene where you flash your breasts, leading to +1 for each of them, though that quest doesn't begin until Chapter 3 and a point or two and with Lily you get two Love points.
- If Lily, find Lily in the kitchen: Lick cream (+1 Lily), wipe Lily's mouth
- Quest update: Go to cellar
- Check all the spots to find the secret.
- Check the two lore spots, then the hole in the wall.
- Kiss Lily (+1 Lily), Let her leave
- If Twins: Agree to show breasts, go to the cellar, examine painting, Flash breasts (+1 Keena and Keegan)
- Check all the spots to find pry bar.
- Quest update: Rest till midnight
- Rest in the room.
- At night peek: Yusara, Maddy, Astal, King, Twins, Fiora
- Head to the hole in the old dungeons.
- Talk to the Oracle at the Tavern for some story, then leave.

Day 4, ch1d4

- In the morning: Cover Up, Leave it (doesn't seem to affect anything stat wise, though leaving it will give Sage an erection)
- Apologize (+1 Temp), Shrug it off (- Temp)
- Hug Sage (More options), let him leave (end)
- Kiss (+1 Sage, if Love is over 4), Continue
- Quest Update: Speak with Lady Astal
- Work out (+1 Fit), Read (+1 Know)
- Peek in Taler's room
- Speak to Keena near the dining room and kiss her goodbye for +1 Keena.

- Talk to Astal, Quest update: Bathe and Change
- Enter the bathing room (Futa content)
- Look closely or Continue, then you can look at breast and cock, then continue
- Wash her back (additional options), decline (continues scene)
- If washed back, look over shoulder or continue
- Wash sensually (+1 Slut, more options), Wash normally (ends scene)
- Ask Yusara to wash back (starts sex scene), continue bathing (ends scene)
- Quest update: Return to Lady Astal
- Talk to Lady Astal, Quest Update: Meet Captain Pritlyn
- Leave the castle, Quest Update: Head to the Veil Grove
- Head towards the Lake, talk to Astal, and enter the Tear.

Chapter 2: A Veiled Threat

Day 1, ch2d1

- Quest Get: Homeward Bound, Speak with Marissa
- Get dressed then enter the room above for a Lore circle and Aurora's panties, then upstairs for Marissa's panties, then talk to Marissa.
- Pretend (-1 Fit), Eat (+1 Fit)
- You can get more information from her and she'll offer a place to stay. Accept for more events on later days.
- Quest Update: Search the woods
- In the living room you can Read (+1 Know) and talk to Marissa upstairs for more information.
- Outside the house, check the red circle to the left: Steal (more options), Leave (end).
- If you stole: Show breast (+Money, more options), Leave (end)
- Let him touch (+1 Slut, +Money), Leave (end)
- Slap him (-1 Temp, more options to accept or refuse apology, no stats there), Hold him (+1 Temp, options to say if you liked it or not, no stats there)
- Quest Get: Sex deprived, keep an eye out for the man
- The woman walking above gives the option to toss a dollar on the ground to see her bend over, no stat gain but -1 Money.
- Two Lore circles in the upper left houses of town, as well as one on the upper right side of town.
- Head to the north woods.
- Search the woods then go to the building.
- You first (-1 Temp), silent, Answer (+1 Temp)
- Favor, Threaten, Seduce (more options)
- Choosing Favor will give you two options: A quest to make a delivery or an alternative option. Choosing delivery will have you go to the south end of town and down to the third town house, which will lead to peeking on a sex scene if you choose to look around. Choosing the alternative will lead to a scene with Tabi giving oral to both Shelly and Steve, and some Slut and Temp points if you're choosing purple options.

- Choosing Threaten will lead to: Stand ground (If your Temp is too high you fail, leading to two different forced sex scenes if you choose to lay on couch or refuse), Assault (this will do a Fitness check, if you've been doing daily Fitness it will pass and you'll get the information you need, my playthrough had high Fit, so I can only assume if the Fit test fails it will lead to the same outcome as the first choice), or Back down (This will lead to the same choices as if the Temp check failed in the first option)
- Seduce will simply lead to a Tabi and Shelly double blowjob, with potential +1 to Slut and Temp if you suck dry.
- This is really personal preference. The alternative option in the Favor path leads to one more point gains than the Seduce path and Threaten is the only path that leads to having sex and has the potential for more Temp gains if you back down and submit. Choose whichever you'd like and if you'd like to see the other choices you can replay this sequence in the gallery.
- When it's finished: Quest Update: Find Courtney at Titty City, Optional: Return to Anders Home.
- Head to the red circle on the right side of town for a peek event, Quest Get: Voyeurism, Keep an eye out for the neighbor lady.
- Return to the Anders house and check the circle upstairs for a peek event.
- Talk to Aurora in her room: Apologize (-1 Temp), Silent (nothing), Deny spying (+1 Temp), Flirt (This option will begin a Quest: Bi Curious, Flirt with Aurora, completing this quest will begin Love with Aurora)
- Exit the house and head to the next section of town to the right.
- Head north to the shop and talk to the man: My kind of drink (+1 Slut) or Doesn't sound good (no change)
- Head to Titty City now and choose any option. Quest Update: Learn about an ID.
- Head behind the building and talk to Shelly and she will offer a place to stay. Quest Update: Get money
- Check the gym then head south to the Thrift. Check the circles but you can't buy anything right now.
- Talk to Aurora. When asking about herself choose Find her attractive to get Quest Update: Kiss Aurora
- Head to the building to the right and talk to the man about work, but he wants Tabi to wear a bikini.
- Walk south to the Glamour Shots building and accept to take pictures (+Money, Quest Get: Risque Modeling, Return later for more photos)
- Eric will also be there and offer to give you money.
- Check Pandora's to the lower right. Check one of the circles and try the outfit on, knocking back will lead to a gloryhole scene. If you make it cum you gain +1 Slut, but the further you go the more money you will get. Hand is +5 Money, Suck is +10, Sex is +20. Recommended to get as much money as possible.
- Exit Pandora's and buy the Bikini and Gym Clothes at Thrift, then go hand out flyers.
- From what I can tell this is random, so get as much as you can and flash if you need to.
- Go work out at the gym for +1 Fit, and you can get a random scene. If you get it and let him have sex with you and enjoy you will gain Slut and Temp points. It is random so reset until you get it.

- Head down to Shelly's apartment to meet Troy and get some information, also get Shelly's panties.
- Head back to the other part of town and talk to Ditch just below the man's house that you stole from.
- Casual (no change), Firm (-1 Temp), Timid (+1 Temp)
- Mention either Shelly or Aurora doesn't matter.
- You won't have enough money unless you decided not to buy clothes, or used a cheat engine. You can Seduce (+1 Slut), Beg (+1 Temp), or pay half if you have enough.
- Seducing will lead to a blowjob and the choice to have sex. Begging will lead to just a blowjob.
- Regardless of decision you can view other options in the gallery.
- Quest Update: Rest for the night
- Head to Aurora's and go upstairs to peek on Marissa.
- At this point you have a decision: Stay at Marissa's or stay at Shelly's. Both will lead to different events:
- If you stay at Marissa's, you will have a nightmare, leading to Aurora coming into your room. This will give you the option to ask her to stay with you for the night, and in the morning you can kiss her, advancing the quest.
- If you stay at Shelly's you can follow Shelly in the middle of the night and spy on her. You can then choose to follow her inside for a lesbian sex scene, or choose to watch outside for either a blowjob or sex scene with Troy. Having sex will result in more Slut and Temp points.
- You can make whichever decision you'd like, however choosing Shelly will presumably lock you out of the Aurora quest.

Day 2, ch2d2

- In the morning Read for +1 Know and head upstairs and peek in the bathroom.
- Speak to the man from Day 1 to continue quest Sex deprived.
- Show him your breasts, Ask what, and telling him to fuck your breasts will give you +1 Slut, however leaving at any point during this sequence will cause the quest to fail.
- When the wife comes out, warn him. Failing to do so will result in quest failed.
- During the next sequence you can either suck him or wait it out and the quest will continue. Sucking him will allow you to swallow or spit.
- Get your daily +1 Fit at the gym.
- Check the red circle by the gym to continue neighbor peeking quest. The third stage of this has not been implemented yet.
- Head to the photo shoot, choose whichever outfit, and show skin for +1 Slut. + Money. Money earned doesn't change if you show skin or not and the outfit doesn't matter either.
- Finish daily jobs by handing out flyers and going to Pandora, then talk to Ditch.
- Quest update: Find Courtney at Titty City
- At Marissa's you can have Tabi use the sex toy upstairs.
- Head to Titty City, wait on the bench, then go back in.
- Find Courtney in the back then wait at the bar.
- When you get drugged: Calling Haley will end the sequence, stepping outside will lead to a scene of a drugged Tabi having sex.

- If you went outside there will be a sex scene: Good (+1 Slut), Awful (-1 Slut). Ask to stop (-1 Temp), Beg (+1 Temp).
- Get Courtney's panties then walk outside.
- Quest Update: Follow Becca
- Follow Becca into the Cave: Love Lily (+1 Lily?), Means nothing (-1 Lily?), Confused.
- Quest Update: Return to Courtney's
- Head over to Titty City and find Haley's panties.
- Talk to Troy at the bar: Here depending on your choices you can have sex with either Troy or Shelly and get points.
- For Shelly: Tell her Yes please then meet her behind the building (the red circle is slightly hidden).
- For Troy: Talk dirty at the bar then meet in the bathroom. Be submissive and dirty for most points.
- Go to Marissa's house and peek in Aurora's room.
- Return to Courtney's and talk to her then check the dresser for Quest Update: Ask about dildo.
- Be sure to ask her about the dildo for Quest Update: Buy dildo at Pandora's.
- Share bed (potential futa and Courtney romance content in the morning), Leave (when I played on v.13 choosing this option froze the game)
- Normally I warn when there's futa content since I know that isn't everyone's thing, but from this point forward know that when you see Courtney, it will always be futa content.

Day 3, ch2d3

- In the morning Touch cock (more options), get out of bed (end)
- Go further (will lead to sex), get out of bed (end)
- Kiss Courtney (+1 Courtney), Leave
- Quest Update: Meet Becca and Gavin
- Read for +1 Know
- Continue the photo shoot quest and say you're ok with nudity to continue it.
- Buy a dildo from Pandora's, you can do vaginal or anal. Pay for the toy to Complete Quest. This will now allow Tabi to use the toy when she masturbates at Shelly's or Courtney's.
- Earn money at the gloryhole and giving out flyers, and get +1 Fit at the gym.
- Head to the left of the park to Gavin's place: any option chosen here will just change dialogue slightly.
- Quest Get: Awakening, Find Courtney
- Find Courtney at the ATM near the gym.
- Greet with a kiss (+1 Courtney), Just talk. If you didn't ask about the dildo the night before, you can do so now.
- Select go to thrift.
- Inside the thrift, talk to Aurora for Quest update: Meet Aurora at her house
- When Courtney goes to changing booth: Wait (nothing), step inside (more options)
- Kiss (+1 Courtney, say I like you for another +1 Courtney, then initiate sex by watching), Just curious (this will lead to the same sex options if you kissed her, but you'll miss out on +2 Courtney points)

- The spoiling related options don't seem to affect any points.
- Quest update: Return to Bruske
- Talk to Bruske near the park: Choice only affects dialogue.

- To avoid futa/male content in threesome: When he asks who first choose Tabitha. Calen will only fuck one of the girls so if you choose Tabi Courtney will not have sex with him.
- After scene: Kiss (+1 Courtney), Leave
- Talk to Bruske for some information then talk to Courtney.
- Kiss (+1 Courtney), Agree, Refuse

Day 4, ch2d4

- Quest Update: Waste some time
- Read for +1 Know
- Head to the pond to the south and skinny dip. Quest Update: Return to the Fae house
- Go straight up to boy watching the window.
- Leave, Offer help (+1 Slut). Play this scene how you like, having sex with the man will lead to an extra Slut point.
- Go to Calen's cave for 2 lore circles and some information from him then return to the house.
- The next few choices only affect dialogue, but if you offer Becca help you can have sex with her.
- Get Becca's panties then talk to Becca then Courtney
- Get a towel, Lick it off (+1 Slut)
- Kiss Courtney, Leave
- Talk to Becca and tell her you're ready. Quest Update: Awaken
- At this point you'll have a decision: Choose which of Tabi's bloodline will become dominant. Choosing Alcurian will make Tabi into a futa. Choosing El'Wen will keep her the way she is. For the purposes of this walkthrough I'll split the guide here. Below this section will assume you've kept Tabi her normal self. Below that will be the Futa Tabi section.
- Quest complete: Awakening

- At this point you have a choice: Stay at Courtney's or stay at Aurora's (this will lead to two more choices). Tabi says she can at Shelly's but it doesn't seem to work for me. Staying at Aurora's will continue her quest line. All three of the potential scenes will be in the gallery.
- If you choose Courtney: In the morning she'll show you a new outfit and you'll have sex.
- If you choose Aurora: Walk in and you will meet Marissa's husband Alexander. Head upstairs to the bedroom door to listen. Here you have another choice: Rest with or without talking to Aurora
- If you choose to rest without talking to Aurora: Alexander will enter during the night and force a blowjob. You can resist or enjoy it for Temp and Slut points.
- If you choose talk to Aurora: talk to her then leave: Like you, Just because, Not sure (all three lead to the same choices)
- Kiss her (more options), Continue (Quest fail)

- A new outfit is available for the gloryhole scene at Pandora's.

- Speak to Calen again for more dialogue.
- Find Courtney in the woods and talk to Haley after. Quest Update: Wait and see
- During this time there are three things you can do: Head to Marissa's to learn more about Aurora, Photo shop to continue the quest, and Shelly's for a scene with Troy.
- There are no decisions at Marissa's so do that first.
- At the photo shoot, refusing at any point will result in the quest failing. After the photo shoot and before changing walk into James's room for a sex scene. Quest complete.
- At Shelly's join him and offer to help. You will need 40+ Arousal to take skirt off and have sex.
- Now head to Larina's Cave. If you did Mending Courtney talking to her will continue the day. Kiss her to continue relationship and complete quest for +6 Courtney. Advancing the day will make all active quests in the human world end. The only two we have left are: Voyeurism and Harrowing Afflictions, both of which aren't finished yet in this version. I will update when future versions come out and this content is finished.
- Speak to Becca at the mirror.

- Kiss cheek (+1 Keegan)
- If you're wandering the castle and get caught by a guard, he will send you back to your room.
- Check circle in Maddy's room.
- Go to the room to left of kitchen to get Maid clothes back. Now if you get caught you'll have to give a guard a blowjob but you won't get sent to your room.
- Talk to Mavarn.
- Things to check in castle: mirror in the tower, missing portrait in the dining room, guard room, bathing room, peek in study, Lily's room, Taler's room, Peek in King's room, conversation with Astal in her room.
- Downstairs: Check Fiora's room and the twins room. Then head to the dungeon.
- Talk to Courtney and Brooke. Quest Update: Find the key.
- Find the key in Maddy's room then return to the dungeon and open both cells.

- Wear Courtney's ring (-1 Lily), Wear Lily's ring (-1 Courtney)
- Kiss (+1 Courtney)
- Quest Update: Meet with Keena
- NPCs have interesting things to say in this town
- Things to check before going to bathhouse: Center monument, Master Padrone's store, Erotic story in house near orphanage, orphanage, brothel, destroyed house to the north, locked door in the left house, magazine in the right house.
- Talk to the bartender in the Tavern. Here you can choose either the man or woman and have a scene.
- Speak to the winged woman for information, then Keena above.
- You can flirt with her and get information.
- Grope her (+1 Keena, leads to sex scene)
- Quest update: Leave Almare
- With Keena in the party you can check places for more information: Master Padrone's store, orphanage, destroyed house above.
- Attempt to leave the town: You can copy Keena and like it or watch her and tell her you didn't like it. Then a scene will play out. Quest Complete: Welcome Home

Chapter 4: I Think This Is Chapter 4 But The Game Doesn't Acknowledge Or Name It

Day 1, ch4d1

- Wake up in bed for a scene with Yusara.
- At this point you'll have the choice to choose which gender servant you would like. Doesn't particularly matter, choose your preference. I personally choose male for this playthrough and female for futa playthroughs.
- When in control, talk to Courtney and kiss her.
- Talk to Nyx and ask him questions. This will unlock flash and sex scenes. If you chose male the oral animation is currently bugged. If Nyx is female you can find her panties in the room above.
- Read for +1 Know ad head upstairs. Speak to Keegan and offer to help Keena. In the bathroom you have options that don't affect anything stat wise and you can kiss Keena.
- Head to Keegan's room and talk to him. You can thank him with words, a kiss, or a blowjob.
- Step outside for a scene with Yusara and Bruske. Quest Get: Training Heir, Find Sage.
- There are four blue lore circles in this section of the map: plaque outside manor, crane next to shopkeeper, banner in the house near where the Tainted woman is wandering in the north section of town, and in the main market area.
- Talk to the peeping Tom just below the manor.
- Feel free to explore the area and talk to the NPCs.
- Head to the house to the right of the market to meet Tatia. If you ask her to bounce and then show, both girls will flash their tits, and Tabi has the option to suck on them.
- Can also get Tatia's panties in her room. In this update Panties don't seem to be registering in the inventory.
- Head south and meet Jalin. Don't accept his offer to ride, however in the future he will be at the soldier camp and will allow you fast travel back to the town.

- There isn't much to explore in this area and most of the houses are empty and the NPCs don't say anything, there is a blue circle off to the right, a green circle in the center, and a blue circle at the bottom.
- Head to the right to the east forest. There's a blue circle above you at the cave and one to the right.
- Head back left and to the pond for a scene with Kara. Choose whichever options you like. Kara says you can join her tomorrow, but that scene doesn't seem to be in this update. Kara will now be the fast travel option to go from the town to the soldier camp.
- Continue left. Talk to the soldiers and check the blue lore circle. Talk to the scholar as well.
- Go north to the soldier camp and go straight up to the cabin for a scene.
- When prompted, choose to kiss him if you are on the Sage romance quest, otherwise you can't have sex with him during this sequence.
- Talk to him for some information, then when prompted flash your breasts and touch his bulge. This will lead to a sex scene if you don't ask him to stop.
- After exiting the cabin the game will introduce the sundial, allowing you to change to night. There will be one outside Sage's cabin, and one outside the manor.
- Head right to Ava's tent and talk to her, and get Brooke's workout clothes.
- Speak to the female guard to the right to unlock a once a day gloryhole scene, where you can choose penis (and a second choice to include a second penis) or vagina.
- Backtrack to where you talked to Kara to find Keena.
- At the top right near the dock talk to the artist and allow him to paint you. Choose whichever pose you like, and allow him to paint you a second time (the second painting is not in this update.)
- Return to the main town and check the house where you found the banner for a conversation with Taler. Quest Get: Love and Hate, Wait for Taler to Calm Down (Can't be continued in v.14 as far as I can tell.)
- Workout in your room. There is a chance Tabi will workout naked.
- Change to night.
- See the Peeping Tom above Tatia's house then talk to the waitress at the Tavern.
- Contrary to what the posted scene guide says, Tatia picking flowers is NOT available Night 1.
- Talk to Kara in the market and fast travel to the camp.
- Enter the camp to the left for a scene with Xara.
- Fast travel back to town and enter the manor for a scene.
- Peek in Darius room.
- At this point you have rest and have a few options: Sleep with Courtney, Sleep with Keena and Courtney, Sleep with Sage.
- Talking to Keena will result in you choosing either Offer Keena your room or Offering to speak with Keegan. If you offer your room and Courtney is with you this will lead to a threesome with Tabi, Courtney, and Keena. If you speak to Keegan you can kiss him or flash him, and promise him to do more tomorrow if he leaves his sister alone, which will result in you spending the night with Courtney and beginning the Twinsome quest, this will also lead to content with Keegan during Day 2. If you ignore both of them, and sneak out to Sage's cabin, you will sleep there and have anal sex in the morning.

- Not sure how your decisions here will affect the plot going forward in future updates, but choose whichever you want here. Personally I do Twinsome route on normal and threesome route on futa. Not sure how ignoring Sage will affect him going forward, I'll revise this section in the future.
- Regardless of what you choose, talk to Courtney and kiss her, then either support or decision or want her to stay. It's possible wanting her to stay will lower her affection but I can't say for sure.
- Then go to sleep.

Day 2, ch4d2

- In the morning workout (+1 Fit) and Read (+1 Know)
- Find the Peeping Tom to the right side of town and tell him where you're staying if you want (this leads to nothing as of v.14).
- Find Lady Yusara in the market (she tends to wander so if you can't find her just check around the town).
- If you have the Twinsome quest active, Keena will be outside Tatia's house. Offer to introduce her for a scene.
- Talk to Maddy in her room upstairs in the Tavern. When she tries to change the subject keep pushing for Quest Get: Toy for Maddy, Talk to Craftsmen.
- Talk to the Craftsmen for Quest Update, Find an Ent Penis.
- Head south and talk to the feyling children. Here you can scold or flash them.
- Near the pond you can get Kara's panties then head to the left.
- IMPORTANT: Speak to Keegan before you leave this screen. Doing otherwise will result in a bug where you can't talk to him (as of v.14). Quest update: Visit Twins room at night.
- Head to the soldier camp. Do the gloryhole scene if you'd like, then check Ava's tent.
- When prompted you can hide, which will lead to a continued peek scene or you can show yourself, which will result in a threesome.
- Now backtrack to the east forest and head right and up to find an Ent.
- Touch the branch to begin the scene (+1 Slut), walking away will fail the quest.
- Eventually you'll be given a choice to give up or keep sucking. Keep sucking will continue the blowjob until the Ent cums. Giving up will result in the Ent grabbing you and having sex with you. Depending on how you react (telling it to stop, or letting it happen) will result in +/- to Temp.
- Return to the Craftsmen for Quest Update, Wait for Craftsmen to finish.
- Head to the Manor and train with Yusara. During training you have to release by having sex. You can choose Yusara, Keena, Keegan, or masturbate. Yusara will lead to a sex scene, however one of the animations is bugged for normal Tabi in v.14 so I don't recommend picking it right now. Choosing Keena or Keegan will result in Keena coming downstairs and a scene with her. (Bug in V.14 during this scene will show Keena giving a blowjob to Futa Tabi for one animation.) Masturbating will be a solo scene.
- With Keena telling her Get over here will give -1 Temp, Please Keena is +1 Temp.
- Continue training then change to night.
- Talk to the Peeping Tom and Yusara in the Tavern.
- Head south and find Tatia. Head to the east forest and pick flowers then bring them back for her.

- If you're doing the Twinsome quest, go to the Manor and go to Twins room for a threesome. Sitting on Keena's face requires more love points that I don't seem to have on this playthrough. Might have something to do with using the twins to escape way back in Chapter 1.
- This will end the content of v.14. If you sleep in your bed it will take you to the title. If you sleep in Sage's bed you'll stuck in a loop of the game telling you sleeping will end the update. And if you're doing the Twinsome scene you will also get into a loop.

End of current version

Chapter 4: I Think This Is Chapter 4 But The Game Doesn't Acknowledge Or Name It

Day 1, ch4d1f

- Wake up in bed for a scene with Yusara.

- IMPORTANT: Speak to Keegan before you leave this screen. Doing otherwise will result in a bug where you can't talk to him (as of v.14). Quest update: Visit Twins room at night.
- Head to the soldier camp. Do the gloryhole scene if you'd like, then check Ava's tent.
- When prompted you can hide, which will lead to a continued peek scene or you can show yourself, which will result in a threesome.
- Now backtrack to the east forest and head right and up to find an Ent.
- Touch the branch to begin the scene (+1 Slut), walking away will fail the quest.
- Eventually you'll be given a choice to give up or keep sucking. Keep sucking will continue the blowjob until the Ent cums. Giving up will result in the Ent grabbing you and having sex with you (futa/male). Depending on how you react (telling it to stop, or letting it happen) will result in +/- to Temp.
- Return to the Craftsmen for Quest Update, Wait for Craftsmen to finish.
- Head to the Manor and train with Yusara. During training you have to release by having sex. You can choose Yusara, Keena, Keegan, or masturbate. Yusara will lead to a sex scene (futa/futa). Choosing Keena or Keegan will result in Keena coming downstairs and a scene with her. Masturbating will be a solo scene.
- With Keena telling her Get over here will give -1 Temp, Please Keena is +1 Temp.
- Continue training then change to night.
- Talk to the Peeping Tom and Yusara in the Tavern.
- Head south and find Tatia. Head to the east forest and pick flowers then bring them back for her.
- If you're doing the Twinsome quest, go to the Manor and go to Twins room for a threesome (futa/male). Sitting on Keena's face requires more love points that I don't seem to have on this playthrough. Might have something to do with using the twins to escape way back in Chapter 1.
- This will end the content of v.14. If you sleep in your bed it will take you to the title. If you sleep in Sage's bed you'll stuck in a loop of the game telling you sleeping will end the update. And if you're doing the Twinsome scene you will also get into a loop.
