1. CHARACTER CREATION

GENDER

Gender plays a small role in the story and inexistent in the gameplay, but is very important in the sex scenes. Most of the scenes will either be available for one gender or will play differently according to it.

At the moment, the player is able to select between Male and Female Player Characters, each with their unique looks.

ORIGINS

There are five possible origins for the player, each with its own perks and scenes.

NOBLE

The dawn rises on another day. Yours is a life of opulence and excess, the child of a noble lord and his wife. Your days are filled with a leisure the likes of the common folk will never understand, with an education that’s the envy of many scholars across Adorevia. It is, of course, the preparation for the day when your father passes on his titles and his lands, and you step into the ranks of the continent’s elite. For now, however, you are carefree and wistful, knowing nothing of the struggles of life.

Starting Equipment: Rapier

Starting Perk: Empathy

Sex Scenes: Male Player x Mother (incest)
Male Player x Mother and Tish
Female Player x Nobles
THIEF

The dawn rises on another day. From the grates of the sewer system of Summeredge the light manages to peek down at the slums you call home. Born in a ditch from a mother who left you there to die, your family became the urchins and downtrodden of the capital city – raising you to be the quick talking and fast acting person you are today. It’s a hard life, but the people who you’ve come to call your family have made it tolerable as you all struggle to survive.

**Starting Equipment:** Thief’s Dagger

**Starting Perk:** Explorer

**Sex Scenes:** Male Player x Maid  
Female Player x Milf (BDSM)

FARMER

The dawn rises on another day. Streams of sunlight streak in through your window, getting in your eyes and rousing you from your sleep. You are the child of a poor farmer and his wife, first of several siblings, some of who did not survive past the adolescence. Life growing up was not easy, but time among the elements, bringing the harvest, living out in the wilds, and bargaining and haggling with numerous tradesman as left you with a keen understand of the world that few city folk possess. Life is not easy, or kind, but you could not imagine one away from you family.

**Starting Equipment:** Family Sword

**Starting Perk:** Toughness

**Sex Scenes:** Male Player x Mother  
Female Player x Mother  
Female Player x Patrons (prostitution)
The dawn rises on another day. The sun shines in all its glory on the monastery grounds that you call home. Left there by your mother when you were just an infant, you have spent years growing up as a ward of the church. It's likely that you've received a better education than many of the poorest children of Adorevia, but your time with the cenobites has of course left you with a strong religious purpose. Throes who are the only family you know – the brother and sister of the monastery... have raised you in a stern, disciplined environment, but you cannot say it hasn't done you quite a bit of good.

**Starting Equipment:** Greatsword

**Starting Class:** Templar (much stronger than other starting classes)

**Sex Scenes:** Male Player x Vestra (demon)  
Female Player x Shadow (demon)

## 2. Companions
Carys a furry fighter, she and her sister Seren can be recruited in the middle of Act I after liberating Summeredge and after her two quests if the player has high morality. She can be later found in the Castle Quarters, at the bottom left room.

She hates corruption and evil and will leave if the player has -12 or less morality with a warning at -6. Carys’ affection is gained with good acts and for being supportive of her and her sister.

In battle, she can dual wield swords and axes, making her a good damage dealer, even if she’s low on the defensive side.

And elven shadowdancer from Ly’ras, can be recruited early in Act I after traveling to the Deep Forest and can become a permanent member of the party after storming the orc stronghold. She can later be found in the Castle courtyard in front of the tent.

Because of her past, she disapproves of rape and orcs, but has little approval gain with general decisions, getting most of her affection from direct interactions or during her questlines. Her corruption is gained by ruthless actions, but there’s only a few triggers for that and not many interactions will change.

Clawyn excels at dealing large amounts of damage to the enemies, especially when combined with high powered bows like Firestarter and Repeating Crossbow.

Gajah is a prelek shaman that can join the player at the ending of Act I, he will later be found at the conference room, even though he has no dialogues.

He has little opportunities for gain of affection or corruption, and they don’t impact the story. Regardless of the player’s actions, he will leave in Act III.

Like all male preleks, he has two penises.

His specialization allows him to buff, heal and resurrect players, but has little offensive capability.

He will leave in Act III regardless of the player’s actions.

In battle, he focusses on defense, being a good alternative for Rulwe as tank, and since he can equip weapons and armor he can be more versatile and use better equipment.

She’s a cleric that can be recruited in Act III in Cinkahn. She will later move to the Castle Chapel in the left wing.

She’s a very practical woman and will favor such actions, while her corruption is gained by pushing her away from her faith and to more depraved actions.

In combat, she’s a good tank and her specialization has various buffs for allies and some offensive capability.

Spoilers! She is also the player’s lost sister and can engage in incestuous sex or change to a more family friendly relationship.
The human healer is an obligatory companion until late in Act II and will join the party immediately after completing the origin story. She can be found in the house in the Castle Garden.

The player can win her affection with good and helpful actions, while the opposite will result in disapproval. She is very dependent of her corruption stat, while Meredith starts pure and innocent, she can be pushed to be more selfish and sexually open with the right options.

She’s a versatile character, combining good dependable damage output and various healing skills, while her high mana regeneration will ensure she almost always can cast spells. Save for a few occasions, she is a very good choice for party member.

Rulwe is a tentacle monster that can join the player early in Act I while searching for Linea’s bow. He can be talked to in the Castle Courtyard after being recruited.

His affection plays a very small role in the game and can only be gained through interactions and sex scenes involving him.

His high health and regenerative capabilities make him an extremely useful tank early in the game while still being able to deal moderate amounts of damage with his skills.

He is unique in that his weapon Dicktackles of Growth gives him extra stats and abilities as he participates in battles.

The Succubus is a mage and can join the party soon in the Act I, right after reclaiming the Castle. If recruited she will be in the cave in Castle Dungeon.

While not outright evil, she enjoys corruption and sex, getting most of her affection from such acts. She doesn’t have a corruption meter.

Her spells focus on damaging and debuffing the enemies, but has some healing capacity. Her group damaging spells and resurrect can be useful for regular battles.
She’s a nexilin janissary, and can be recruited early in Act I if the player heads right to Ornesse. She’s an obligatory companion during the main quest and can join the party after that.

Like most Nexilins, Tishtyra is technically a male and thus, in addition to her feminine form, has a penis and a high sex drive. Her affection can be gained mainly by enforcing justice and through her sex scenes. While there’s a corruption stat for her, it doesn’t have much use.

Combat wise, her skill set is somewhat lackluster, she has a combination of both magic and combat skills, but does not excel in any area. Her anti-spellcasting abilities and the free poison are the noteworthy skills she has.

Zent is a half elf spellblade, he can be recruited in the middle of Act I during the Crisis in Summeredge questline and will appear in the Castle Wall after that.

His affection has few uses, but can be increased in some interactions and during his quest or sex scenes.

His class specializes in dealing moderate amounts of magical damage while providing several buffs for allies and debuffs for enemies. While not spectacularly powerful in any area, he’s a good all-around character and may play any role in the party.

She a Chaos Mage and a demon of domination trapped in the body of a mortal to help fight against Murkhal. She can only be recruited by evil (<15 morality) players after completing the Honor Call quest in Act II.

She’s unique in her stats because instead of Corruption she has a Submission stat to track how under the player’s control she is. Additionally, she has two routes: either as a slave or mistress to the player, each with distinct interactions. In the second case she will be in the second floor in the Guest Room and as a slave she will be moved to the Quarters in the Right Wing later.

In combat, she has mostly debuff spells and self-buffs, that gives her a good survivability. Her stun ability is also quite useful if combined with TP related items like Helm of Confidence.

7. ITEMS
To access the pregnant scenes, you must have turned it ON during character creation. For older save files or people who didn’t turn it, you can use a save editor like RpgMakerSaveEdit, look for the switch 3503, PregnancyON, and change it to true then save.

There are three different characters that can get pregnant at the moment: Meredith, Ruksana and Female PCs, each with unique scenes.

### Female PC

after unlocking the Club Summerheat in Summeredge, have sex with one of the eligible fathers without drinking an Anti-Pregnancy potion first. Eligible fathers are:

- **Human**: Paladins from Oakshire, Brothel Clients, Lankin, Ameliandra in Cinkahn, Adel the Witch in Summeredge farmlands. Each has a 1/5 chance of pregnancy.

- **Orc**: the orcs in Ruksana’s Camp, Ruksana’s Oncle. Both have a 1/3 chance of pregnancy.

- **Elf**: the elven boys in Xas, with a 1/6 chance.

### Meredith

Can get pregnant from the beginning of act 2 when the player reaches 7 AP, she will unavailable for party while pregnant, will have a sex scene after a few time skips. She will have twins, that can be seen in the nursery if they stay in castle. Can be forced by turning on the switch 3554.

### Ruksana

Can get pregnant in the act 2 interrogation scene if you choose to do have vaginal sex, will also be unavailable while pregnant and her scene will play after time skips (PC will comment while entering the castle). Can be forced by turning on the switch 3542.

### Minotaur

- **Minotaur**: the Minotaur brothers in Summeredge, the Minotaur mercenaries in Emek’s Rest. Krathon can also impregnate the player but will use its own mechanic and the baby will stay there.

- **Wolf**: Spirit Wolf in Slinsk.
9. CHEATS

Cheat Demon

Upon completing the Warlock quest in Oakshire, the demon will offer the player the option to use cheats. Accepting the offer will give the player a new skill in the Special tab that can kill all enemies in one shot. Additionally, the player will receive extra gold for battles, enough that money will never be a problem.

Codes

Some codes can be entered via the Cheat tab in the game menu:

- 1700 = Speed Up
- 2931 = Unlocks the Skip Combat skill (same as the one from the Demon)
- 1819 = Gives 2500gp

(Thanks to Whitewolf7987 for the tip)

Save Editing

Applications like RPG Maker MV Cheat Menu Plugin and RPG MV Save Editor can be used to edit the save games to the players desires. In particular, values of Morality and affection, as well as items, weapons and armor can be edited. Also, more advanced user can edit switches and teleport to work around bugs and even activate flags for all origins, allowing the player to experience all exclusive scenes in one playthrough.

Save Editor requires no installation, just point to the save location and edit. The saves are located in the ~/www/save/ folder with the names depending on the save slot. For example, if the save you want to edit is in the first slot it will be file1.rpgsave.

The Cheat Menu requires a simple installation (extract and patch), but can be used directly in the game to cheat in real time. It has also more functions, like teleport, no-clip and god mod from the start.

- **Gender Change:** to change one’s gender, if male-to-female, turn on switch 4983 and off 4982 and use the debug stone. To change from female to male do the opposite.
  
  Bear in mind that any unlocked scene will remains as it is, so scene may go missing of change to go with the new gender.

- **Change Origin:** this one is a bit trickier, to change, you’ll have to turn on one of the origins and turn off the other. Having for than one origin will cause multiple dialogues to spawn at certain points.
  
  - Noble: 400
  - Farmer: 10 and 361
  - Thief: 12 and 362
  - Templar: 379
  - Soldier: 378
Speed Up

This one just speeds up the game, no just the walking speed but the text, animations and transitions are sped up. It’s particularly useful for veteran players who want to get in the late acts faster. To activate it, back up the file, open `\www\js\plugins\SRD_Debug_SpeedUp.js` with a text editor and change the lines 102 and 104 to ‘false’ then save it. In the game, pushing ‘L’ will speed up the game and ‘U’ will slow it down. The lines from 102 and 104 should read respectively:

```javascript
var playtestOnly = String(PluginManager.parameters('SRD_Debug_SpeedUp')['Playtesting Only?']).trim().toLowerCase() === 'false';
var fadeIndicator = String(PluginManager.parameters('SRD_Debug_SpeedUp')['Fade Indicator?']).trim().toLowerCase() === 'false';
```
