## Game Plan

The guide will try to maximize efficiency to view as many unique scenes as possible in the least amount of playthroughs.

---

**Viewer discretion is advised!**

---

The game contains adult content and such you have to be the legal age according to your country.

---

**Viewer discretion is advised!**

---

**Note:** The game is a short coffee break game; it serves as a proof of concept.

---

**Game objective:** Leave 1 petal remaining on the flower for your opponent. You need to win 3 times in a row to complete the game.

The highest starting number of petals is 21 and the lowest is 5.

**If you started your turn with 7 petals**, then you have **no chance of winning**.

Check the table below for instructions:

No. of Petals	What to do
21	Remove 2 Petals
20	Remove 1 Petal
19	Remove 2 Petals
18	Remove 2 Petals
17	Remove 1 Petal
16	Remove 2 Petals
15	Remove 2 Petals
14	Remove 1 Petal
13	Remove 1 Petal
12	Remove 2 Petals
11	Remove 1 Petal
10	<a href="#">Check instructions below</a> **
9	Remove 2 Petals
8	Remove 1 Petal
7	<b>No chance of winning</b>
6	Remove 2 Petals
5	Remove 1 Petal
4	<b>No chance of winning</b>
3	Remove 2 Petals
2	Remove 1 Petal

\*\* If you get 10 petals at your turn, you want to avoid having 7 petals remaining next round. Here is what to do, **remove 1 petal** and depending on what your opponent does:

**Result 1:** Opponent Removes 1 petal, then check the above table.

**Result 2:** Opponent Removes 2 petals, then scroll back using [Mouse wheel up] to change your previous choice (Remove 2 petals instead).
