

Walkthrough (Babysitter 0.1.6)

On Routes and Choices:

Babysitter's plot progression is based in a large part on your choices. Some of these changes are minor, some of them are quite significant. If you aren't following the walkthrough, know that you can always rollback the game to your last choice (or even farther) using the mouse wheel, The Page Up key, or the back button on Android.

The biggest choice in the game will happen on Day 5. Here you will choose whether to take Christine with you to see Mr. Silver, this choice will decide what route you will be on for the rest of the game. (with one exception noted in the Corporate walkthrough below.)

The two routes are:

- The Corporate route sees Christine working for Mr. Silver a rather predatory CEO and finding out about the possible shady dealings inside his company. This route will focus more heavily on Sonya as a secondary character as time goes on.
- The Patreon route, which you get if Christine does NOT work for Silver involves Christine working with her best friend Jessica. She will also have to deal with an aggressive ladies' man named Robert. This route of course has the most content with Jessica.

A Note on Saving and Rollback

We recommend saving the game early and often. For one, it lets players go back and fix mistakes, and two the game is under development, we are constantly fixing bugs as we find them and it might mean that it would be best to go back to a previous scene when the next version comes out.

Route Walkthroughs:

The following walkthroughs are just two possible routes through the game. We have set them up to give players the most possible naughty scenes as well as more than enough points to pass necessary checks. Because of the number of choices and branches that are in the game we also wanted to make sure that you could see nearly everything by following both. There are other ways to play and we encourage you to seek them out, so consider this a general guide and not the definitive run. You can for example, on your own, do a Horny focused Corporate route, or a Friendship focused Patreon route. Once you've done these, try going back and making other choices, there is a lot to see.

Corporate route (In this route we will focus on increasing Christine's Friendship stat. This makes her closer to you and is an indicator of how romantically she views you, and the world. Sonya will be the focus in the later game.)

(To be Continued)

Relationship with Christine: In the game you are given the option to choose the kind of relationship you want with Christine. This will change how she views the main character sleeping with other women, and how she reacts to certain scenarios. If you choose to have an exclusive relationship, Christine will generally not be happy with the MC if he cheats on her with other women, but she will also be more romantically inclined. If the relationship is a physical or open relationship, Christine will be more understanding of the main character sleeping with other women, so this will make a harem route easier. However, these relationships are also modified by whether Christine has a higher Friendship or Horny score. This means that a high Friendship open relationship can lead to jealousy and bad feelings all around, and a high horny physical relationship may be more forgiving of dalliances or flirting by the main character.

NTR Guide: Some of you may want to find the alternate NTR routes that are hidden in the game. In these routes, instead of dating the Main Character, Christine will date either Robert or Mr. Silver. They provide an interesting look at what might happen if Christine were to fall for someone less scrupulous than the Main Character.

Now to access these routes your best bet will be of course taking the alternate choices during an NTR warning in the main walkthrough (For example, do NOT warn Christine about Mr. Silver, or dance with Jessica instead of Christine at the club) Each of these events will increase Christine's affinity with Mr. Silver or Robert, often at the expense of her affinity with her babysitter.

If Silver or Robert has a higher affinity than the main character, on the night of Day 11 Christine will date them instead. For a detailed description of all the times you can increase Christine's affinity with her other suitors, look below.

Warning! If the idea of seeing Christine in sexual situations with people other than the main character bothers you, tread carefully!

Times you can increase Affinity

Mr. Silver (Working with Silver route only.)

Day 8: If you finger Christine correctly and she has NOT peeped on the main character earlier in the day then she will think of Silver and gain affinity.

Day 9: After the Hotel Stay with Silver, she will gain affinity

Day 10: While Christine bathes, if as on Day 8 she has not peeped on the main character and she was also not warned about Silver she will gain affinity

Robert (working with Jess route only):

Day 8: If you finger Christine correctly and she has NOT peeped on the main character earlier in the day then she will think of Robert and gain affinity.

Day 9: If Christine chooses to fantasize about Robert while masturbating she will gain Affinity

Day 10: While Christine bathes, if as on Day 8 she has not peeped on the main character then she will gain affinity

Day 10: If Christine dances with Robert she will gain affinity.

Day 10: If you stay with Jessica at the end of Truth or dare, Robert will go after Christine and gain affinity. If her Horny is over 20, she will gain additional affinity.

Day 11: If you, after Robert messed with Christine above, forbid her from seeing him, she will lose all affinity with MC and Gain one more affinity with Robert.

Cuckold Route:

Choices that you make before and during the yacht can open a route in which Christine may find herself drawn to your rivals after starting a relationship with you. In order to access this route the following must occur:

- 1) You must be in an open relationship with Christine
- 2) You must have slept with Sonya on Day 11 or Fingered Jessica to orgasm on Day 13
- 3) Christine must have a higher friendship score than her horny score when you first have sex with her
- 4) When Christine asks if it's ok for her to sleep with other men, respond with: "I... guess I can't say no..."

Special V.0.1.5 Guide:

Intro:

Once you have a conversation with Jessica on the balcony (after she has had her one on one talk with Christine) you must talk to Alyssa and Julia at the pool. They will mention that Sonya is on the balcony right now. This triggers a conversation with Sonya and Eugenio on the balcony which itself further triggers the ability to talk to Christine on the deck.

There are two optional conversations, the first is Paul at the pool and the second is with Silver + Robert inside the Yacht. There you have a fun situation should you choose to let out your frustrations on them.

Your conversation with Christine will automatically end with you and her fooling around in her room so long as:

- 1.) You are the one who is dating her
- 2.) You didn't go for open relationship on friendship route (i.e. Christine is jealous of other girls and wants you to feel jealous too)
- 3.) You didn't fuck her roughly for her first time

If Christine IS jealous (ie you didn't follow point #2) you can convince her to go down to the hotel room with you. The same applies for point 3 however, with simple difference that you have no option to have sex with her in her room and if her Friendship level is higher than her Horny level she will refuse entirely..

If Christine is jealous of your relationship with other women, she will ask you if it's ok for her to date other men. If you say yes... this can open up new scenes in the future with Christine and other men.

If you are not dating her and she is with Robert or Silver instead (i.e. point 1) this is the time where you can reveal your identity to Christine. If you try to lie about who you are or if you don't promise to trust Christine she will get mad at you. This will lead to different dialog during some scenes and different actions on Christine's part, including experimenting with Robert's drugs.

Chicken Fight:

After some talk in the pool there is a chicken fight. You either can choose Christine or Jessica. Fight combinations are same for both just different renders.

Fights between Robert and Paul's team always ends up with Julia falling and being exposed.

Fight between Paul and you can either ends up with loss (Julia squeezing Christine/Jessica nipple) or winning (increasing friendship points with Jessica/Christine)

Fight between Robert and you can either ends up:

- 1.) Your girl falling (When in doubt cheat, Aim for her shoulders/stomach)
- 2.) Robert's girl falling (Aim for her top + Focus on tits + When in doubt cheat)
- 3.) Both girls falling (Aim for her shoulders/stomach+ Aim for her top + Focus on tits + When in doubt cheat)
- 4.) Robert's girl falling and taking down swimsuit of your girl in revenge (Aim for her top + Focus on fight)

If you flesh girls before Silver, you will manage to distract him and let Alyssa take his phone for a while which opens possibility to have sex with her later in the evening.

Before big final decision what to do next you are in the pool where Paul and Julia start to make out. In case Christine is dating Robert, they are making out in the pool too.

Final decision:

Path 1: Choosing to go after Alyssa

If you distract Silver and help Alyssa and needless to say it is followed by a very hot sex scene with her. After this, you can go check on your girls and listen in on their conversation with Silver in hot tub. Following this you get to watch Robert

go after Julia in front of Paul. This will be recorded by Sonya but you won't get to interact with her.

Result : Alyssa Sex + Conversation + (Robert, Julia, Paul) Threesome

Path 2: Staying in the pool

This choice results in a short scene of Julia and Paul making out. After this the MC makes his move on Julia. Sonya catches all this on tape and asks you to fuck her in front of Paul, while Julia eats her out. As time progression is set in the pool you cannot see Eugenio having sex with Alyssa and you CAN'T listen to the conversation with Silver mentioned in Path 1, unless Christine is dating Silver.

Result: (MC, Julia, Sonya) Threesome + (Eugenio, Alyssa) Sex ; NO CONVERSATION unless Christine is dating Silver.

Path 3: Follow the girls

This route is basically Path 1 without the Alyssa sex scene. However you can check on her having sex with Eugenio by visiting inside of the ship before entering the pool. You also get to listen to the conversation with Silver in the hot tub and watch the (Julia, Robert, Paul) scene.

Result: Conversation + (Robert, Julia, Paul) Threesome

Special V.0.1.6 Guide:

The player has 11 chances to arouse Jessica before the sex act begins. Jessica reacts differently to you depending on the:

- A.) body part you play with,
- B.) her arousal level and
- C.) number of times you play with certain area.

You will see her growing arousal on screen, and from her reactions.

Sex act always goes to doggy style position and now it's up to you how it goes further. You can simply cum in her or if she is aroused enough, after doggy-style sex you can attempt anal sex, or pin her for a hard core fuck session if you choose to change position with her face up.

There are two Easter eggs while preparing Jessica for sex. If her arousal point is in maximum available limit i.e. 10 arousal points, you can make her cum by playing with her pussy at last attempt before sex act begins.

Sex With Jessica:

Path One – Doggy Sex or Face up sex:

For the first creampie in doggy style you don't have to do anything but have sex as normal and end it early with cumming in Jessica. For belly spraying during face up sex option you need to have low arousal of Jessica to not trigger submissive sex when choosing to change position to "face up".

Path Two – Submissive Sex:

For submissive sex ending you need to have high arousal level of Jessica to trigger submissive sex when choosing to change position to "face up".

Path Three – Anal:

You can try for anal position only from doggie style. She will agree to anal if you have prepared her for it during the previous foreplay.

Make sure to massage her ass twice, once during low arousal, and once during very high arousal.

For the Anal ending you need to make sure that Jessica is aroused enough first. Then flip her over. You have to play with her ass at least twice. You will know you are good to go when she isn't averse to you putting your finger in.

Special NTR Only Scene:

The yacht (and indeed the game) can end with a special NTR scene at the end of Day 14. All you need to do to access this scene is to lie to Christine about who you are when given the opportunity. She won't trust you after that, and her choices for the rest of the game will change. If you do tell her who you are, the NTR path will continue as normal.
