The Promise 0.20b by Xagrim's Gameforge

Content (over 190 new images, 5 new animations):

- Added the last waste event
- Adde more idle images and small events for the waste event
- Added the next step for the farm event
- Added the first shopping tour
- Replaced the complete images for the fourth waste event
- Reworked the farm event after the second event. If you have played the third event it will be reseted.
- Updated the intro with new informations

Gameplay:

- Added an information after the massage event, because it isn't finish. It can be confusing that you can only have sex with your wife at 00:00 without massage
- Added an option after load your save to reset the event for your wife in the office if you didn't trigger it and get finally a HJ
- Added options after reseting the farm event to hold your choices for the first two events
- Added that you can now see in the shop which things you have in your inventory
- Removed the maximum relationship limit for the visiting in your wifes office, in the last version, if you are above the limit you couldn't trigger the first event

Bugfixing:

- Fixed the clock bug again and for the last time i hope
- Fixed looking through the keyhole of Lisa's room
- Fixed different smaller bugs

Known issues and plans:

- Rework some images because of bad light or image issues
- Rework some animations because they are not so good
