A different kind of adult visual novel game.

Ever since I started this project in May 2017 I thought this game would be something more than the average “Adult visual novel”. I wanted to add a layer of simulation, I wanted the player’s choices to be really important, I wanted some drama and overall a whole different experience for the player.

I was well aware that this would’ve put the game on a niche market, as many products that primarily focus on the “Adult” experience get a wider audience and perhaps even more recognition, especially on Patreon.

Still, I began to write this videogame not because I wanted to become rich with pledges but because I surfed the net long and wide to find a videogame that suited my taste as a veteran gamer and found almost none (at least in the adult market).

So I began writing General Practitioner, learned to use Ren’Py and Daz3D and in a few days the first release was born. It included many images that were replaced in time, just one examination (Rita, with the very first Daz model I bought: Tamara). In this first six months the game has seen many changes and it grew very much.

If you’re reading this it means that you helped me to achieve this result and I hope you will keep having fun as update go live. General Practitioner is the videogame I always wanted to play, I hope it will become yours too!

Be safe and healthy,

Chapter 2: Family Time

*The call*
When: May 8th
How: Automatic when starting the day
Unlockable achievements: none

You start this story arc with a telephone call by your sister/cousin (“relative” from now on). There’s nothing to do right here since it’s just a conversation informing you she’s about to arrive to visit with her daughter in three days.

*The arrival*
When: May 10th
How: Automatic when starting the day
Unlockable achievements: - Voyeur

Your relative and her daughter (your niece) arrive. You can either:
- Kiss your relative
  - Make a compliment
    - She will remember that
  - Mock her

  - She will remember that

After the initial greetings they ask to have a shower to freshen up after the trip. You can either:
- Ask your relative to wash her back
  - Increases trust +5
- Dismiss them
o She asks not to spy her
  ▪ Promise not to
  ▪ Do not promise not to
    • Increases relative trust +2

Either you promise not to spy or not you’ll be given the chance to actually do it. The choices will present as follows:

- Look through the keyhole
  o Get Achievement “Voyeur”
  o Lose Integrity -5
  o Stand up fast
    ▪ Nothing happens
  o Keep Looking
    ▪ She will remember that
- Hold on

  o Go Back to the sofa
- Go Back to the sofa

Spending time with your family
From now on you have the chance to spend some time with your family by choosing “Stay at Home” and “Family Time” from the daily chooser.
Each time you spend time with your family you gain +2 trust with your relative.
Other related-events are as follows and trigger only when you choose the activity on a specific day.

**Homework**

**When:** The first Afternoon after they arrive  
**How:** Choose “Family Time” in Afternoon after you completed previous event  
**Unlockable achievements:**  
- Cruel  
- Uncle

Your niece tells you she wants to become a singer.  
You can reply to her:  
- "A singer, uh? Are you good?"
  
  *She starts singing. After which you can either:*
  
  - Encourage her
    - Get Achievement “Uncle”
    - Increases relative trust +5  
  - Be cruel with her
    - Get Achievement “Cruel”  
    - Lose Integrity -5  
    - Lose relative trust -10
  
  - "Better keep studying [niece], you've got no possibilities to succeed!"
  
  *You have another chance of telling her you were joking. If you insist:*
  
  - Get Achievement “Cruel”
  - Lose Integrity -5  
  - Lose relative trust -10

*Else you have the same result of the other “good” choice*

**At the Gym**

**When:** The Afternoon after “Homework”  
**How:** Choose “Family Time” in Afternoon  
**Unlockable achievements:** none

After you arrive to the gym with your relative and talk about the old times when she played volleyball.  
If you compliment her “Yeah, pretty and good” you increase her trust +2.
When the challenge is in progress you can either:
- Go for the win
  - Lose relative trust -5
- Let her win
  - Increase relative trust +5
  After you make her win she could ask you (if you proposed and accepted a bet with her) to kiss the unknown guy. You can either:
  - Do it
    - He will remember that
    - Lose unknown guy trust -5
  - Not do it
    - Lose relative trust -10 (voiding the previous +5 increase for letting her win)

**At the Pool**
When: The first Morning after “At the Gym”
How: Choose “Family Time” in Morning after you completed previous event
Unlockable achievements: none

After some time after the event starts you’ll be talking with your relative about the past and your behavior with her. You can either tell her:
- "I'm very sorry about those times. Can I apologize now or it's too late?":
  - Increase your relative trust +5
  - She will remember that
- "I don't regret anything about those times!":

  - Increase your relative trust -5
- "She's not very smart, isn't she?"
  - Lose your relative trust -5

After that conversation, depending on your previous choices, the conversation could go as follows:

"Time goes by and it's soon sunset. [She] is lying near you and she looks like a bit sleepy."
You: "Is everything all right?"
- "I don't know. Sometimes it looks like you don't want us here..."
  - "That's not true! I'm happy to have you two around":
    - Lose your relative trust -3
  - "Yeah. I'm a bear, you know!":
    - Increases your relative trust +3

OR
- "Yeah, why do you ask?"
  - You look worried
    - Increases your relative trust +3
  - Nothing, just a thought
    - Lose your relative trust -3

The event finishes here if you played the “bad guy”. If you have high-enough trust you unlock a special choice though.

Chapter 3: Trip to Seattle

The inspection
When: June 10th
How: Automatic when starting the day
Unlockable achievements: none

This event is made of conversations only, you won’t have actual choices over the game here, although conversations will be different depending on how good you’re doing with the examination part of the game. Please note that if you can’t choose if to accept Dr. Kirkman’s blackmail you’ll be given that change later in the game.

The Seattle Conference
When: June 12th
How: Automatic when starting the day
Unlockable achievements: none

The only choice of this part is to follow your relative path or Elisa’s. **The one you’ll choose will Increase her trust +5, the other will have you lose her trust -5.** This walkthrough then splits depending on whom you choose.
Elisa Path: dinner
When: Automatic during Trip to Seattle
How: Choose to dine with her at the conference
Unlockable achievements: none

Elisa is so lost in you that each conversation choice you have with her won’t influence her standing with you. Still, after the dinner you’ll be given the option to pay the bill or split it.

If you pay the bill, or at least half of it you’ll progress this story arc.
If you have her pay the bill the date will end abruptly, giving you no other choice than to return to the hotel (see Elisa Path: returning to the hotel for the follow up).

Elisa Path: taking her home
When: Automatic during Trip to Seattle
How: Choose to pay the bill after dining with Elisa
Unlockable achievements: - Rocco

After the conversation you are prompted to a choice:
If you decline her invitation to follow her to her room you’re given no other choice than to return to the hotel (see Elisa Path: returning to the hotel for the follow up) and you lose Elisa trust -50 (yep, she doesn’t take it well!)

If you Follow her to her room you’ll unlock a sex scene with Elisa.
After the sex scene you can choose if you want to let her become your girlfriend:
- "You’re right, maybe it's for the best...":
  o Elisa won’t become your girlfriend
  o Lose Elisa trust -20

  - **Lose her trust -2**

If you **pay the bill** you’ll **increase her trust +2**  
If you **split up the bill** you’ll **increase her trust +1**  
If you **have her pay the bill** you will **lose her trust -3**

These options will have you go back to the hotel regardless.

**Relative Path: Back to the Hotel**

**When:** Automatic during Trip to Seattle  
**How:** Automatic after dining with your relative  
**Unlockable achievements:** none

When you go back to the hotel you’ll start some conversations with your relative. The first choice you’re going to make is about the **air conditioner**, even if you don’t get real clues about its importance. If you want to unlock some extra sexy scenes with her you’ll have to **raise temperature by much**. The other two choices won’t unlock anything more than the “basic” scenes.
After she comes into the room, when your half asleep, you can cut out short the conversation by saying “This was a very long day”.

Choosing “You took ages to come, what happened?” opens up new lines as it follows:
- “But you got niece!”:
  -  "He should treat you better, you're too much for him!”:  
    - Engages in more conversation  
  -  “Shall we watch some tv?”:  
    - Skips the rest of the conversation

    - Increase her trust +5
  - Try to kiss her lips:  
    - She will remember that  
    - Unlocks a kissing scene  
    - Lose her trust -10 (it's too early for that)

If you choose “He should treat you better, you're too much for him!”:
- "I will tickle you too!":
  - Increase her trust +2
  - "*tickle her feet*":  
    - Unlocks new tickle image

_Icedream: Ice Cream Shop_

**When:** The first day after you examine Rita AND you visited the icecream shop

**How:** Automatic when starting the day, cannot happen before May 6th

**Unlockable achievements:** none

This chapter revolves around your romance opportunities with Rita. Her trust level is very important here since it will give you an easy/hard time to actually convince her to leave her boyfriend and stay with you.

When you first meet her at the icecream shops she works in you’ll get your first conversation choices soon enough:

- "No problem with that, I know my way around Italian."
  - She will remember that
  - "Whipped cream and cherry are free."
    - That’s the only right one and **gives you +2 trust** with her. Other choices will have you **lose -2 trust**.
- "That will help, I don’t speak Italian."
  - **Increase Rita trust +1**
- "I thought you had a boyfriend." (available only if you already know she has one from previous conversations):
  - **Increase Rita trust +2**

"You won’t believe how many people try to impress me with their language skills and then fail."

- "I can understand them. A girl like you surely catches some attention."
  - **Increase Rita trust +1**
- "People are idiots sometimes."
  - If you told her you can speak Italian and failed her test: **Increase Rita trust -1**
  - Otherwise: **Lose Rita trust +1**
"Are you waiting for someone?"

  o Lose Rita trust -2
- "I have a girlfriend too, that still allows me to have friends..." (only if you have a girlfriend)
  o Lose Rita Trust -4

Then the conversation continues with different statements depending on your choices at her medical exam.

Icedream: getting Rita’s phone number
When: At the icecream shop
How: Each time you go there and haven’t dated Rita already
Unlockable achievements: none

Next the game will have you choose between leaving Miranda’s and asking Rita out. The game also tells you how she feels having you around. You can only ask her out successfully when the game says:

"Rita seems to really like you and is happy to have you around."

You can raise her trust level by tipping her money as shown in the above section.

Asking her out successfully means you get her phone number which will unlock new choices.

Icedream: asking Rita out
When: Whenever you’re in the “Daily Chooser” interface
How: Get Rita’s phone number by flirting with her at Miranda’s after achieving an high trust level
Unlockable achievements: none

After you have Rita’s phone number you can call or text her to ask her out. **You need at least 25 charm points for her to be interested in you at all.**

After you successfully contact her there’s always a 33% chance of her being already busy with her boyfriend Luke, regardless of your previous actions. If she says she’s busy you need to wait until the next day to try again to date her.

You can bring her to:
- Pool

Always grants -1 trust with Rita and she always chooses the cinema.
In each date:

  o Increase Rita Trust +1
- You have her pay:
  o Lose Rita Trust -2

In each date you’ll get to know one random Rita’s trait (see below). After the 10th date a dialogue will prompt and the game will ask you if you want to pursue or abandon the romance with Rita. After the 20th date you’ll also unlock a scene where she invites you to dinner at her place with her boyfriend.

**Icedream: Ray’s Bar Date**
In this date you need to have at least 16$ on your account or else you will Lose Rita Trust -2 each time.

Icedream: Rita’s visit

Unlockable achievements: none

"You open up the door and you find Rita waiting at the door. She’s crying."

- "Rita? What happened?"
  - Increase Rita Trust +1
- "What do you want?"
  - Lose Rita Trust -1

If you have high enough trust with her (>16) you’ll get access to the final test to win her heart. If you don’t, she will leave forever and you won’t see her again in the game, not even at the icecream shop.

The “test” is made to see if you know her well enough and show her you care about her, thus convincing her to leave Luke for good.

The game will ask you 10 random questions about things she told you when dating her.

Give 5 wrong answers: you’ll cut off from Rita for good
Give 5 right answers: - unlock sex scenes with Rita (Story mode only)
  - unlock Rita’s romance chapters

While I can’t write down all the questions here’s a recap of Rita’s traits (remember you can only discover 20 of these in each playthrough since they’re randomly generated).

Rita:
1 = "likes dogs very much."
2 = "is shy around people she doesn't know well."
3 = "has an older sister named Jenny."
4 = "would want her daughter's name to be Connie."
5 = "s boyfriend's name is Luke."
6 = "s boyfriend's is a dog breeder."

She will then ask you about the poster:

“What do you think about it?”

- “The woman will get a cold without clothes on.”
  - Lose Erika Trust -3
- “It’s really impressive. I’m not into art very much but this is really nice.”
  - Increase Erika Trust +2

The arrival

When: August, after “Stay Fit”
How: Phone your relative any time after ending the “Stay Fit” Chapter

You’re returning home after six years, since your father died and you left the house to your relative and her husband, much to your mother’s disdain. Now, on the eve of your relative’s 38th birthday you’re taking some steps to help her and her family.

In the living room, shortly after your arrival, you begin a conversation with the family, until Bob asks you:

“You will work at the hospital like you always did for all those years.”

"It’s as if you’re edging towards the point of no return with a devil on one shoulder 'Go! She’s a bitch! You don’t want her contaminating your life!' and an angel on the other 'What about empathy? Compassion? Where’s yours now?'."
- "Then I’ll listen to the devil."

Note: this chapter will only play if you chose Rita to be your girlfriend, otherwise other “Chapter 11” stories will play.

When:       After August 8th
How:        Phone Rita and ask her for a date after completing her “romance” arc

Rita is so beautiful when she's at work. You can't really understand why, but looking at her serving icecreams and other desserts at Miranda's has become your favourite evening activity.

She's about to end her shift - you came to bring her home in fact - but you can't keep your eyes off her. You just hope no one arounds thinks you are a creepy lurker preying on a young girl... Oh well you don't care either. She looks in your direction and smiles. You notice a little blush over her cheeks. This is just another thing you love of her, her innocent shyness, so different from other girls you met in your life.

What happened with your marriage?

Rita will ask you about your marriage/relationship (depending on what you chose when starting the game). You can answer her by saying...

- "...she cheated on me.":
  - She will remember that
  - Increase Rita Trust +5
- "...we got unsolvable differences.":

An old friend

When: August 13th, after completing Chapter 10
How: Automatic when starting a new day

"You arrive at the clinic earlier than usual. A familiar face is waiting for you in front of the main door." You’re surprised to see Elisa waiting for you in front of the main door.
You can either have her as your girlfriend or not, some conversation will change as will her mood towards you.
The chapter also considers if you had sex with her during Chapter 3, and if you risked getting her pregnant. That’s because she’s expecting and she could be either sure that the child is her husband’s or not.

"Elisa is standing beside you. She takes a deep breath before speaking.":
- "What’s the matter, Elisa?"
  - Increase her trust +1
- "Ok, we’re here. What’s going on?":

Conversations will change depending on your previously made choices involving Elisa in the various chapters of the game.

You’ll then have the chance to tell Erika about Elisa’s pregnancy, the following conversation takes place at the clinic:

"Yes of course. I feel sorry for them. But I sense there's something more..."

- "No, that's all. I just need to stay close to her, she has nowhere to go."

For you: the players

This was the latest update of General Practitioner as of April 2018. Developing a game like this one is a real challenge and it also takes a long time to develop properly.

In future updates you will see not only new medical exams, stories, features... but also an increase in image number and quality, new gameplay options, even translations if I get enough money.

As for the money part, I’m switching my job with this, even though for now fundings are not very high, but I want to pursue this dream of mine and try to become a full-time developer. For this I need your help, because game development also needs money to be invested in and, if you like my game, even a single dollar is a show of appreciation.

But I don’t ask money for nothing, so feel free to check my patreon page (www.patreon.com/generalpractitioner) to look for rewards. And, if you like my work, here’s a list of places on where to find updates, downloads and videos.
