Walkthrough Zombie's retreat V 0.3 Beta

Made a walkthrough since it was asked a couple of times.

It's a bit of a mess but it should get the job done. ;)

This is a survival and scavenging game. To scavenge you need to go out of the house, over the bridge and go to the left.

This area is full with Zombies and you have only a limited amount of ammo (especially in the beginning).

You need to scavenge ammo. You can craft ammo in return for scrap metal. 1 scrap metal 3 ammo.

1 shot kills zombies. Areas where you can scavenge are marked with a circle like the one you have in your bedroom.

Be careful when you scavenge one of these places as zombies can still move towards you when you're scavenging.

You can go alone or go with a girl. If you want to go with a girl go to her and select "party up".

Each girl has a certain benefit.

Leslie gives you a higher chance of finding food and water, Rachel gives you more chance at finding scrap metal and bullets (she's also a lockpick).

Caroline gives you higher chance of finding medical herbs, scrap wood and will add 1 life if you lose it during scavenging.

Time doesn't pass when you go over the bridge barricade but it does once you return, 5 time periods, morning, midday, evening, night, mid night.

Scavenge spots replenish after 2 nights, zombies respawn after 3 nights. Zombies inside houses don't respawn.

Do the tutorial.

Press esc or right the mouse to bring up a menu.

So get scavenging. Party up with Rachel and go to the recreation center. Over the bridge to the left.

Zombies in space : kissing scene, naughty secret: BJ, Horny moms: missionary sex.

Midnight cowgirl sex.

Rachel : Whenever she's in her room you can use the glory hole. You can use the glory hole in the recreation room aswell, just party up with her. BJ gloryhole, SEx gloryhole.

### 0.4 Beta zombie's retreat

2 new scenes were added. 1 for Rachel and 1 for Leslie. You can also recruit

## Walkthrough Zombie's retreat.txt

Ashley (the lifeguard) now.

Leslie's scene: go to the kitchen in the evening. Leslie will be there. Flirt with her and she'll ask you if you wanna fuck her.

Rachel's scene : Have dinner in the evening. Talk to Rachel and give her wine (to get her drunk).

Then after go to her room and choose to sleep with her. H Scene.

Once you do this scene, next time, you can just choose the sleep option again (in the evening) and

you'll then be able to choose the scene again or just sleep with her( no animation just a CG of the MC spooning Rachel with clothes on.

There's also a variation available of the new scene with Rachel. Same pose but vaginal instead of anal.(this opens up once you do the anal scene once)

Both scenes are available once you've done everything you can do with Rachel and Leslie in V0.3.

The intermediate crafting guide you can find in the cabin where you got the boombox from.(lakeview area)

Inside there will be a second door to the right. There will be a sparkly thing showing you the location of the guide.

This guide will allow you to make an upgraded version of the garden and water bassin.

I would suggest crafting both the garden and the water bassin as you'll have to take care of the 5 female characters.(once crafted you need to build them outside right side of the house)

If you run out of food or water for 2 consecutive days it's game over for you.

Note, you first have to build the basic ones before you can build the intermediate ones.

The garden you have to check every morning with Leslie. You can ask her the status of the garden. If she says the garden is "fine" or "okay" then you need to water the garden(this will use up 1 water bottle)

The status needs to be good otherwise you'll get less food. Every 3-4 days you'll get food from it.

The water bassin will automatically give you water once built.

Make sure you've built the Garden and water bassin before you recruit Ashley (or have a lot of food and water reserves)

Recruiting Ashley: You'll need a fishing rod (craft it). Go to the pool (lakeview area). Sparkly thing in the pool. Fish for it.

Once the exclamation point shows up press spacebar quickly. (This can be extremely frustrating) I did it like 15 times before i finally got the key.

Once you get the key unlock the door inside the pool building. Ashley will be there.

== Cheat Rock ==
