Story

Two years after your father death, your step mother moves the whole family in a new town. Your daily life turns upside down when your supposed dead father gives you some strange glasses...

Features

Being a simulation game, Glassix lets you roam a big city where dozens of different women live and with whom you can interact and develop a relationship. The first day plays as a tutorial and once done, you'll be able to navigate through the city doing various tasks :

- Going to school and increasing your skills there

- Interact with girls and increase your control over them
- Choose the girls' daily outfits and get them to wear sexier outfits the more you control them
- Have a lot of sex to collect sex energy and buy powerful spells to make your life easier
- Work to earn money and buy stuff for you or your girls
- Choose an official girlfriend and unlock new events and commands specific to her (not yet implemented)
- Tons of unique events to discover

The game uses a system of obedience and affection to determine whether the girl will follow your orders. You're be able to increase the girl's relation and obedience by giving simple commands and you will have to train them daily to make them more obedient. There are 4 levels of obedience and each time you reach a certain amount of obedience, you'll have to trigger a special event with the girl to unlock the next obedience level. The game also features an artificial intelligence for the girls. They each have different hobbies and patterns in the daily life and move dynamically around town. They dynamically go to eat, toilets or bathrooms depending on variables which you can control with gifts or food.

Affection & Obedience

All interactions between the [protagonist](#) and girls depend on two scores specific to each girl: Affection and Obedience. Combined together, they give a third score called Mood (10 x Ob, then add Affection). Most of the daily commands will be accepted if the girl's mood is high enough.

Affection: Affection is a score rated from 0 to 200. Affections changes easily, day after day. Talking with girls will give her 1 Affection point a day, and most of sexual command as well. But making bad choices during discussion or imposing her some commands they don't like can also reduce their Affection score. Humiliating her could also cause a huge lose. You cannot raise Affection higher than 160 without dating the girl.

At Affection 120, a girl trust the protagonist enough to give him her home's key.

Obedience: Obedience is rated by two values interconnected together: Obedience score (rated from 0 to 200) and Obedience level (rated from 0 to 4). A girl gain 1 Obedience point each time she obeys to an order thanks to the glasses' influence; Obedience points can never be lost. The Obedience score is capped by the level: you will have to change the girl's level to be able to rise the Obedience score higher than this cap.

- Level 0 caps Obedience score to 10.
- Level 1 caps Obedience score to 25.
- Level 2 caps Obedience score to 50.
- Level 3 caps Obedience score to 100.
- At level 4, you can reach 200, which is the scorer required to access to an ending with this girl.

Changing Obedience level: When the Obedience score reach its limit, the concerned girl cannot gain any Obedience point until she changes level. To change level, a special Obedience event must occur: the protagonist will have to meet the girl at a certain moment at a certain placed to trigger this event, and sometime some additional conditions or choices

must be met or done to successfully finish this event. You can have a hint about the event condition by talking with the girl when her Obedience score is capped by her Obedience level.

Girls who are presently at the perfect place for her incoming Obedience event are marked with a yellow star on the map.

Skills

The protagonist general aptitudes are scaled by three skills, rated from 0 to 100: Academic, Fitness and Swimming. Each one of these skills loses 1 point each day, so the protagonist must continuously train to keep them at level or even raise them higher.

Academic is his aptitude to read and understand complex texts, to use a computer, to speak foreign languages and to have successful results at school.

How to raise Academic: the easiest way is to attend to Saiko's lessons at school (+3 for each half-day session without any stamina cost). The protagonist can also study by himself in his room (2 hours, Academic +1, Stamina -15) or in a library (2 hours, Academic +2, Stamina -15). Finally, he can also pay to have some private lesson with [Saiko](#) (40 \$ for 2 hours: Academic +3, Stamina -0... if he doesn't spend this time by doing something else with her).

Academic's usefulness: to access certain jobs, the protagonist will need to reach a certain level of Academic ([Utako](#) will offer him a job only if his score reaches 60; [Shiho](#) will require nothing less than 75). On top of that, some Obedience events require a certain score of Academic to succeed or to benefit better options.

Fitness represents the general physical aptitudes of the protagonist: running, climbing, fighting. It also has some secondary benefits on his physical appearance, his body being well shaped if his score becomes quite high. But its main effect is to determine the protagonist's daily **Stamina**, which is very important for his sexual activity (-5 for each ejaculation). The higher his fitness is, the more often he can ejaculate in a single day! But all tiring activities actually cost stamina (training, working, running, etc.).

How to raise Fitness: the easiest way is to attend to Sarah's gym lesson at school Tuesday afternoon (+10 for each session without any stamina cost). The protagonist can also train alone in school's yards or on gym's fields (2 hours, Fitness +5, Stamina -45). Finally, he can also pay to have some private gym lesson with [Sarah](#) (100 \$ for 2 hours: Fitness +8, Stamina -15... if he doesn't spend this time by doing something else with her) or combat lesson with [Shizuru](#) (150 \$ for 2 hours: Fitness +10, Stamina -45... if they actually really train).

Fitness's usefulness: to access certain jobs, the protagonist will need to reach a certain level of Fitness ([Chan-Mei](#) will offer him a job only if his score reaches 60; [Sarah](#) will require nothing less than 75). On top of that, some Obedience events require a certain score of Fitness to succeed or to benefit better options, especially when the protagonist has to fight...

Swimming is the protagonist's aptitude to move in water and to hold his breath. It also has some secondary benefits on his physical appearance, his body being well shaped if his score becomes quite high.

How to raise Swimming: the easiest way is to attend to Sarah's swimming lesson at school Thursday afternoon (+10 for each session without any stamina cost). The protagonist can also

train alone in school's pool, at any Southside beach or in Aquatic Park (2 hours, Swimming +5, Stamina -45). Finally, he can also pay to have some private gym lesson with [Sarah](#) (100 \$ for 2 hours: Swimming +8, Stamina -15... if he doesn't spend this time by doing something else with her) or with [Eimi](#) or [Yae](#) (80 \$ for 2 hours: Swimming +8, Stamina -15... if they actually really train).

Swimming's usefulness: to access certain jobs, the protagonist will need to reach a certain level of Fitness ([Eimi](#) and [Yae](#) will offer him a job only if his score reaches 60; [Wakana](#) will require nothing less than 75). On top of that, some Obedience events require a certain score of Swimming to succeed or to benefit better options.

Money, Jobs & Items

Except keys, all items require money to get bought in an appropriate shop. Items you can buy are:

- **Food & drink:** the [protagonist](#) can offer these items to a girl if she likes the taste, or he can consummate them himself to regain some Stamina.
- **Gifts:** the protagonist can offer these items to a girl to gain Affection if the gift corresponds to her interests.
- **Clothes:** the protagonist can offer sexiest suits to a girl and, when her Obedience will be high enough, ask her to wear it in certain circumstances.

In all cases, giving an item to a girl requires first to buy this item at the appropriate place (the item then appears in the protagonist's items list) and then to meet the girl and use the "give" option in the menu to offer her the selected item. Money can also be used to take bus (2 \$), taxi (1,5 \$ per minute) or to enter into Entertainment Park or Aquatic Park (5\$ each).

Items are detailed on this [page](#).

Gaining money requires finding a job. Seven jobs are presently possible for the protagonist: a basic job, two Academic specialised jobs, two Fitness specialised jobs and two Swimming specialised jobs.

- **Basic job** has no requirement: paid 40 \$ for a 2h shift, -10 Stamina.
 - *To work as barman*, meet [Emiri](#) (mood 60 required) at the [Northside](#) Origami Club, usually from 19:00 to midnight, any day.
- **Academic jobs** require a certain score in Academic but cost no Stamina at all, for a 3h shift.
 - *To work as librarian assistant* for 60 \$, meet [Utako](#) (mood 60 and Academic 60 required) at [Westside](#) Library, usually from 08:00 to 19:00, Tuesday to Saturday.

 - *To work as beach lifeguard assistant* for 40 \$, meet [Eimi](#) or [Yae](#) (mood 60 and Swimming 60 required) on any [Southside](#) beach, usually from 08:00 to 18:00, Monday to Friday (this could change when they will become playable).
 - *To work as Aquatic Park lifeguard* for 150 \$, meet [Wakana](#) (mood 60 and Swimming 75 required) in [Southside](#) Aquatic Park, usually from 08:00 to 18:00, Monday to Friday (this could change when she will become playable).

Pact events

- When reaching day 6, a demon will ask you to bring her Aiko at the abandoned shrine in Eastside park on Sunday 7 from 12PM to 12AM.
- Once done, you'll have to keep bringing her new girls each Sunday afternoon.
- Once the pact is done, you can use the doll mode on the girl to unlock new commands.
- For players having troubles bringing low level girls to the shrine, here is a small trick : you can simply ask the girl to stop following you just before she tells you she has to go, then ask her to follow you again right away. It'll reset the follow timer.

Locked doors

There are currently two way to get past locked doors :

- Get the door key
- Have the owner of the building follow you

Getting door keys

There are currently two ways to get door keys :

- Talk to the girl when she has enough affection
- Search locations

Door key locations

Each **bedroom key** is located in the **same bedroom** which is accessible during the day and becomes locked at night.

Each **home and apartment key** is located in the entrance of the **same home and apartment entrance** which is accessible during the day and becomes locked at night.

Dating girls

To access to good endings, the [protagonist](#) have to date the considered girl. It will allows you to raise her Affection higher than 160. Some girls cannot be dated ([Lily](#), [Anael](#)). Obedience or Affection scores are not required for dating.

During a date, the protagonist accumulates *dating points* that will give him a final dating score (on 100) at the end of the date. This dating score allow gaining Affection points: % x 10 for difficult girls, % x 20 for easy girls and % x 30 for very easy girls.

You gain dating points during a date when:

- you pay for the girl (ticket, meals)
- you choose a date or any activity corresponding to her hobbies; depending of these hobbies, some dating places are better than others for each girl
- you choose a meal corresponding to her tastes
- you offer her a gift corresponding to her tastes (but only if she likes shopping)

Depending of the final dating score, a date has four possible results: disaster (25-), unsatisfactory (26-50), satisfactory (51-75) or excellent (76+).

Dates are detailed [here](#).

Some girls already have a boyfriend or a husband. They will have to be emancipated by a special event to be able to date with the protagonist. This emancipation requires Affection 160 and Obedience 160, and some other conditions specific for each girl.

- [Yatsumi](#) emancipation is playable.
- [Utako](#) emancipation is not playable yet (it will be in v0.27).

Suspicion

The protagonist must take care to be discreet and to avoid any public sexual strange behavioral. The **suspicion counter** keeps track of this aspect, from 0 to 100.

- Each day, things are progressively forgotten: -1 point per day
- Sexual activities (events or daily command) that are *or could* be noticed by people: the gain depends of the situation.
 - Sexual activity happening in public place: 6-8 points

- Sexual activity happening in semi-public place (like in an empty classroom: there is nobody, but you're not sure that nobody has accidentally opened the door and see something without the protagonist noticed it): 3-5 points
- Sexual activity which doesn't seem supernatural (making love in a discreet place on the beach): no point
- Succubus' presence obvious clue : +2-4 points

The suspicion counter tends to rise very quickly with these sequences of events:

- Teaser events (especially Lily's ones)
- Mitsuko's story arc
- Emiri level 4 public orgies
- Secret girl quest

When suspicion score becomes too high, the protagonist's actions get the attention of very dangerous people: a couple of hunters has heard about a boy who seems to have sex in public place with a lot of girl. They come to check if it could be under a demonic influence. If these hunter come in play, it's time to lower your suspicion score or the [protagonist](#) will be eliminated.

Game strategies

If you are looking for a usual walkthrough, helping you to do everything that is possible in the game, you will find it [here](#)... but it won't be very useful because Glassix is constructed especially to not been completely explored by playing only one game. To find everything, you should play several games, experimenting different strategies, seeing different girls in different places.

However, different strategies are possible, each one reposing on one or more game mechanism, giving the protagonist a kind of profile.

2. [The “athlet” profile](#)
3. [The “swimmer” profile](#)
4. [The “magician” profile](#)
5. [The “worker” profile](#)

The “academic student” profile

A high Academic score is useful to get a lot of money by working at [Shiho](#)'s law firm without losing any Stamina, and also to access to some girls: [Kumiko](#), [Fujiko](#)... If you have some day-stuffs to do (meet Hanae in the Hospital, etc.), do them Thursday afternoon instead of going to swimming lesson. Never skip sport lesson Tuesday afternoon: you will need your stamina for sexual relationship with girls!

During the two first weeks, raise your Academic the faster you can:

- Don't miss any school lesson with [Saiko](#) (each week day AM, Monday Wednesday and Friday PM when there isn't any exam). Academic loses 1 each day and each lesson adds 3 (first week: $-7 + (8 \text{ sessions} \times 3 \text{ points}) = +17 \text{ points}$; second week: $-7 + (6 \text{ sessions} \times 3$

points) = +11 points) - You can try to do some extra work in Westside library if you have some time, but that won't give you that much (just 2 points for a Stamina cost of 15!).

After the two first weeks, your score should reach 75. You don't need to raise it higher but you must keep it at this level: three half-days of school each week are sufficient for that.

The “athlet” profile

A high Fitness score is useful to get a lot of money by working with [Sarah](#) as Cheerleader's trainer without wasting too much time, and also to access to some girls: [Atsuko](#), [Utako](#) ... It's also useful to fight, as it could be required in some girls' path ([Okimi](#), [Shizuru](#)). If you have some day-stuffs to do (meet Hanae in the Hospital, etc.), do them during the morning instead of going at school.

During the two first weeks, raise your Fitness the faster you can:

- Of course, don't miss any school lesson with [Sarah](#) (Tuesday PM). Fitness loses 1 each day and each school lesson adds 10.

- You will need 4 extra training at the gym or in the school yard to reach 75: careful, each training session will require 45 Stamina but will give you 5 extra-points! Just once a day, but you should be able to do these extra-trainings before first Sunday, when you don't have access yet to any sexual command with girls...

During the second week, your score should reach 75. You don't need to raise it higher but you must keep it at this level: Sarah's gym lesson once a week at school is sufficient for that.

The “swimmer” profile

A high Swimming score will be useful to get a lot of money by working with [Wakana](#) as Aquatic park lifeguard without wasting too much time (not yet implemented), and also to access to some girls: [Utako](#), [Kinu](#) ... If you have some day-stuffs to do (meet [Hanae](#) in the Hospital, etc.), do them during the morning instead of going at school. Never skip sport lesson Tuesday afternoon: you will need your stamina for sexual relationship with girls!

During the two first weeks, raise your Swimming the faster you can:

- Of course, don't miss any school lesson with [Sarah](#) (Thursday PM). Swimming loses 1 each day and each school lesson adds 10.

- You will need 4 extra training at the gym or in the school swimming pool or at beach to reach 75: careful, each training session will require 45 Stamina but will give you 5 extra-points! Just once a day, but you should be able to do these extra-trainings before first Sunday, when you don't have access yet to any sexual command with girls...

During the second week, your score should reach 75. You don't need to raise it higher but you must keep it at this level: Sarah's pool lesson once a week at school is sufficient for that.

The “magician” profile

[Lily's](#) shop offers a lot of very useful spells that can help you to do almost anything (but not all at the same time). The “magician” profile is useful to quickly raise a specific girl. This profile need to raise Lily the faster you can, which is a bit long to do (at least 2 weeks!). So you really should develop another profile during your waste time. As you will need a high Stamina to collect a lot of Sexen, it could be a good idea to combine it with the “athlete” profile: never skip [Sarah](#)'s gym lesson at school (Tuesday PM) and try to do some extra-training in the first days of the game (cf. athlete profile)

You will have to raise Lily the faster you can:

- During the 8th day, go to Downtown street K to find the church and meet [Anael](#). Then, go immediately to Eastside park's shrine to warn Lily about the angel: Lily is now unlocked and quickly enough you should have a flash meeting with Lily to introduce you her spells shop.

- From this moment, you will need a lot of sexen to buy your spells. Do not hesitate to watch girls's underwear with the glasses to collect a few sexen, but you will also need to “farm” some girls to collect sexen without spending too much stamina, by massage ([Aiko](#), [Saiko](#)), fingering ([Okimi](#)) and masturbation ([Kana](#), [Sarah](#), [Yatsumi](#), [Kumiko](#), [Shizuru](#)). Kana is the best girl for early farming: masturbating her in her room in then three stances will give you (30 sexen a day, +10 if you can help her in the bathroom).

- Spells that you must have: Improved X-Ray (50 sexen, level 0 – more sexen obtained with x-ray), Devil's map (200 sexen, level 1 – locate all the girls, anytime) and probably Devil's gift Touch (500 sexen, level 2 – improve sexen gains). Stamina spells seems interesting but by the time you will reach the level required, your stamina should be good enough without using any spell for that.

- You will have to hurry to raise Lily to at least level 2 to have access to useful spells mentioned before. First level is the more difficult to gain: you just have “follow me” obedience gain and the six teaser events. Depending of your luck on Lily's location to trigger these events, you will need 4-5 days to raise her level 1, which bring you to day 12-13. Be sure to find her before the week-end to trigger her first obedience event (which is triggered only Monday to Friday), and then lead her to a place with a bed and a chair to enjoy handjobs in the three stances. Repeat this all days until you reach level 2, probably Tuesday 16th or Wednesday 17th at 19:00.

The “worker” profile

Having a lot of money could be helpful for dating a lot of girl or to quickly raise affection buy offering gifts. Money is also useful to buy sexy suits for girls. There is only seven jobs allowing you to gain money, but just three of them are good enough to gain a good salary: in each case, you need to have a skill at 75. That's why will have to begin by another profile to reach a skill above 75, the best being “academic student” because working at [Shiho](#)'s law office doesn't cost any stamina. Follow the academic path until you reach Academic 75, without forgetting to speak to Shiho every day to raise her Affection at 60. Then, go to work at her law office instead of going at school (except for [Sarah](#)'s gym lesson, Tuesday PM), except the two or three weekly sessions needed to keep Academic at 75 (you can also take some \$ 80 private lessons with [Saiko](#), during the week-end for example).

Quick walkthrough Glassix

Here is described the optimal path... but you shouldn't try it because you will need a lot of time for that! It's probably better to takes more opportunities with girls, even if you will miss some events...

Contents

1. [The first step](#)
2. [The second step](#)
3. [The third step](#)
4. [The last step](#)
5. [Reaching endings](#)

The first step

Raise all girls from level 0 to level 1, except [Shizuru](#) (Street I in Northside), [Utako](#) (Library) and [Emiri](#) (strip club) that you should avoid to meet. You won't be able to raise [Anael](#) neither.

8th day: go to downtown and find the church. There, trigger the *Angelvoice* event: you can now raise [Lily](#) from level 0 to level 1.

When [Yatsumi](#) is level 1, go to the library to get the [Utako](#) introduction (better with Yatsumi at level 1+). Now, you can raise Utako to level 1 as well. Keep in mind that the suit you have chosen in this event is important: it will have some consequence in her 4th Obedience event.

The second step

Raise all girls at level 1 to level 2, but take care to follow these instructions:

- [Kumiko](#) before [Utako](#) (her second obedience event needs Kumiko level 2+)
- [Aiko](#) before [Hanae](#) (her second obedience event needs Aiko level 2+)
- Still avoid to meet [Shizuru](#) (Street I) and [Emiri](#) (strip club)
- [Kristina](#)'s second obedience event is better if you are already friends with [Kanto](#) (Note: that's not possible yet in v0.23)

When [Lily](#) reaches level 2, it triggers *Lilyplan* event. Now, you can raise [Anael](#) as well.

When [Kristina](#) reaches level 2 and *Lilyplan* event has been triggered, you can have the first event of the *secret book quest* by meeting Kristina when she's in her shop. Then, if [Utako](#) is level 2, lead Kristina to the library to have the second event of the *secret book quest*.

The third step

You should now have almost 60 in Academic and Fitness.

Raise all girls at level 2 to level 3, but take care to follow these instructions:

- Academic 60+ required for [Kumiko](#) (her third obedience level needs this grade)
- Fitness 70+ for [Okimi](#) (her third obedience event will be better with this grade: you will be able to kick her ex-husband's ass!)
- [Mitsuko](#) before [Ryoko](#) (her third obedience event will be better with Mitsuko at level 3+)
- [Aiko](#) or [Sarah](#) before [Hanae](#) (you will need one of those girls at level 3+... or you can wait for [Shizuru](#) to be level 2+)
- [Ayumi](#) before [Yatsumi](#) (her third obedience event will be better with Ayumi at level 3+)
- [Yatsumi](#) before [Utako](#), with Fitness or Swimming at 60 (this grade is necessary and her third obedience event will be better with Yatsumi at level 3+)
- Be sure that [Nabila](#) is level 2+ before raising [Kristina](#) at level 3 (her third obedience event will be better with Nabila at level 2+, but that's not possible yet in v 0.24)

When [Okimi](#) is level 3, go to Street I to get the [Shizuru](#) introduction (far better with Okimi at level 3+). Now, you can raise Shizuru to level 3 as well: for her third level event, you will need [Hanae](#) to be level 2+, or [Rin](#) or [Naomi](#) to be level 3+.

When [Utako](#) is level 3, go to the stripclub to get the [Emiri](#) introduction (better with Utako at level 3+). Now, you can raise Emiri to level 3 as well.

When [Naomi](#) is level 3 and *Lilyplan* has been triggered (it should have happened during the second step), you can enjoy *Naomi confession*, which will be necessary for last step.

When [Kumiko](#) is level 3 and the second event of the *secret book quest* has been triggered, lead [Kristina](#) to [Utako](#)'s house one evening to have the last event of this quest, unlocking the harem ending option. For that you will need Academic 80+ or Stamina 16+ to avoid a game over. For more H-pictures, let Kristina read the book alone... but be sure to have more than 15 in Stamina to not be fucked to death!

When [Emiri](#) is level 3 and *Lilyplan* has been triggered (it should have happen during the second step), you can have the first event of the *secret girl quest* by meeting Emiri at the stripper club.

The last step

Raise all girls at level 3 to level 4, but take care to follow these instructions:

- Be sure that [Hikari](#) is level 2+ before raising [Ryoko](#) at level 4 (if not, you will have no other choice than humiliating Hikari and choosing Ryoko)
- [Aiko](#) before [Hanae](#) (her last obedience event needs [Shizuru](#) to be level 3+, and is better with Aiko at level 4)
- [Aiko](#), [Sarah](#) and [Hanae](#) before [Shizuru](#) (Aiko must be level 4, but the event is even better if Sarah and Hanae are level 4 too)
- [Rin](#) & [Ayumi](#) before [Naomi](#) (her last obedience event will be better with Rin at level 4)
- [Utako](#) before [Kumiko](#) (her last obedience event will be better with Utako at level 4)
- For [Utako](#), be sure that the suit's owner (event level 1, remember?) is level 4 before raising her to level 4 too: her last obedience event will be better like this.
- *Naomi confession* must have been triggered to allow you to raise [Emiri](#) at level 4.

When both [Emiri](#) and [Naomi](#) are level 4 and the first event of the *secret girl quest* has been triggered, you can have the second event of this quest by leading Naomi to Emiri at the stripper club. Finally, when [Rin](#), [Ayumi](#), [Hikari](#) and [Ryoko](#) are all level 4, lead the four of them at the same time to Emiri at the stripper club : you will reach the last event of this quest, unlocking the harem ending option.

Reaching endings

When [Anael](#) reaches level 4, you can access the ending by going to the church. You will then have two options: good ending (by helping Anael) or bad ending (by helping [Lily](#)). You will have a third option only if you have unlocked the harem ending option, by finishing either the *secret book* or the *secret girl* quests.

Good ending allows you to choose a level 4 girl and to make her your beloved, when Anael will take the glasses back;

Bad ending allows you to choose a level 4 girl and to make her your obedient and devoted slave, when Lily will take the glasses back;

Harem ending allows you to keep the glasses and to finish all the girls at the same time (not implemented yet).

Quests

Quests are events following each other's, building together the same story until it finish by reaching a goal, as unlocking a new suit for a girl.

12. [Home porn experience](#)
13. [Lesbian relooking for Hanae](#)
14. [Lesbian relooking for Shizuru](#)

The new school uniform

Finishing this quest allows the player to unlock the sexy work suit for all schoolgirls at once: [Kana](#), [Rin](#), [Ayumi](#), [Hikari](#) and [Kumiko](#). During this quest, the [protagonist](#) persuades [Mitsuko](#) to change the school uniform but he must also convince at least 3 of the 5 girls to approve this decision.

This quest doesn't have any H-scene.

Steps:

- **step 1** : *Mitsuko's proposal* (Mitsuko level 4, PC is called at 17:00 in Saiko's classroom a Monday, Wednesday or Friday).
- **step 2** : *Drawing the model* (event 1 triggered, PC being in his bedroom).
- **step 3** : *Showing the model to Mitsuko* (event 2 triggered, PC talking to Mitsuko in her office during a weekday). This event opens the vote procedure.
- **steps 4 to 8** : *Trying to convince each girl* (vote procedure opened, PC talking to each girl). Kana accepts if she's level 4. Rin accepts if she's level 3+. Ayumi accepts only if PC leads Rin to her and if Rin has already approved the idea. Hikari asks PC a diamond necklace for her vote (not yet implemented). Kumiko needs to be level 1+ to be able to agree, but she will ask PC to help her to solve an argument she has with Utako. Talking to Utako being followed by Kumiko is enough to end their argument and to get Kumiko's vote.

- **step 9** : *Validate the vote with Mitsuko* (at least three girls must have accepted).

The secret book

Finishing this quest allows the player to unlock the harem ending option, exactly like the secret girl quest. During this quest, the [protagonist](#) finds an old book containing the secret allowing getting control as well on angel and demons. But for that, he will have to speak to an old goddess of luxury, quite starving.

Steps:

- **step 1** : *Kristina's studies* (Lily plan event triggered, [Kristina](#) level 2+, meet her at the clothes shop, anytime).

- **step 2** : *Utako's helpful hand* (event 1 triggered, [Utako](#) level 2+, meet both Utako and Kristina at the library, anytime). The [protagonist](#) will have to ask Kristina to follow him to the library, as she doesn't go here very often. Or to get a lucky spot on a Saturday, if Kristina go here during her hobbies time (Utako does work on Saturday, but not on Sunday).

- **step 3** : *Utako's father's secret book* (event 2 triggered, [Kumiko](#) level 3+, meet both Utako and Kristina in Utako's house, between 19:00 and 23:00). The [protagonist](#) will have to ask Kristina to follow him to Utako's house. Choosing Kumiko or Kristina in the car doesn't have any consequence (no Stamina cost). If the protagonist doesn't help Kristina to translate the book (helping her requires Academic 80+), they won't have any control and the goddess and girls will be possessed one after the other. The protagonist will need at least 15 Stamina to succeed to fuck the three of them or it will be a game over.

The secret girl

Finishing this quest allows the player to unlock the harem ending option, exactly like the secret book quest. The [protagonist](#) discovers that [Emiri](#) knows how to control angels as well as demons. To persuade her to speak, he must win a challenge: to surprise her in a way she has never been surprised.

Steps:

- **step 1** : *Emiri's confession* (Lily plan event triggered, [Emiri](#) level 3+, meet her at the Origami Club, anytime).
- **step 2** : *Naomi's dance* (event 1 triggered, Emiri and [Naomi](#) both level 4, meet them both at the Origami Club, anytime, Naomi wearing sexy casual). The protagonist will have to ask Naomi to follow him to the Origami club.
- **step 3** : *Schoolgirls' orgy* (event 2 triggered, [Rin](#), [Ayumi](#), [Hikari](#) and [Ryoko](#) all level 4, bring them all at Origami club when Emiri is here, between 21:00 and 23:00). The [protagonist](#) will have to ask the four girls to follow him to Origami club. His sexual choices during the event don't have any consequences on the end: he can freely choose one of the girl for the foreplays and any other girl (or the same one) for the main act. Stamina costs as usual, but no game over here.

Ending the game

Finishing this quest allows the player to finish the game, allowing him to stay with a girl of his choice the moment the protagonist needs to give the glasses back. For each girl, there is a "good" and a "bad" ending, depending of criteria different in each case.

- step 1: [Lily's](#) introduction
- step 2: [Anael's](#) introduction
- step 3: Pact scene for [Rin](#)
- step 4: *Lily plan* (Lily level 2+)
- step 5: *Angel corruption* (cf. [Anael](#))
- step 6: *Spell ready* (Anael level 4, meet her in her church at any time). The [protagonist](#) must then choose between Lily and Anael. If he warns Anael, he will have access to good endings. If he helps Lily to trap Anael, he will have access to bad endings. In both case, the protagonist will have to talk to the girl he chose and, if all other conditions are also fulfilled, to activate the appropriate ending.

In step 6, a third way is also possible: the harem ending path. If the protagonist have finished the *secret book* or the *secret girl* quest, a third option will appear. Choosing this third option will allow him to take control of both Lily and Anael and to keep the glasses forever, finishing with all the girls of the game. For that, he has to have sex with a virgin when Anael is casting her spell. *For now, Ayumi, Hikari and Kana are the only ones available; more girls will be available in v0.30 and later.*

The new teachers uniform

Finishing this quest allows the player to unlock the sexy work suit for all school's employees at once: [Saiko](#), [Mitsuko](#), [Okimi](#), [Sarah](#) and [Fujiko](#). During this quest, the [protagonist](#) has to persuade Mitsuko but mainly Fujiko to change the school staff uniform, as it has already been changed for student : the *new school uniform quest* must already have been completed.

Steps:

- **step 1** : *The incident* (PC being in school with Hikari and Sarah). Falling on the ground, [Hikari](#) suffers an upskirt in her new school uniform and Sarah laught at her.
- **step 2** : *The plot* (event 1 triggered, Hikari level 2+, PC talking to Hikari). Hikari decides to make her mother change the staff uniform as well to have her revenge on Sarah. She promises the protagonist a reward if he help her.
- **step 3** : *The meeting* (event 2 triggered, PC talking to Mitsuko while Fujiko is present). The protagonist almost persuades Mitsuko, but Fujiko interferences as she's against this idea.
- **steps 4** : *Persuading Fujiko* (event 3 triggered, Fujiko level 3+, talking to Fujiko during the week-end from 8:00 to 19:00). The protagonist leads Fujiko to the clothes shop to persuade her that short and sexy suits fit her. Seeing Ayumi in a sexy skirt, Fujiko agrees to try a very short dress and high heels shoes. Flattered while seeing the protagonist hard-on, she's about to make him a blowjob when they are accidentally interrupted by the merchant. The protagonist stil cum on her foot. Excited and flattered, Fujiko reconsiders her opinion the staff uniform.
- **step 5** : *Validate the decision with Mitsuko* (event 4 fully triggered, being in school during a week day, talking to Mitsuko).

Hikari's reward

- **bonus H-scene** : *Hikari's reward* (event 5 triggered, being in home's dining room a friday between 19:00 and 21:00). Pretending having been invited by the protagonist, Hikari join him during his family diner while wearing a classy sexy dress. After the dinner, she leads him in his room to reward him with a blowjob, eventually vaginal sex (if level 3+) et maybe even an anal intercourse (if level 4). She finally collect the protagonist's cum in her panties and wear them to go home. Before she leaves, the protagonist has the choice to tenderly kiss her (usefull if you want Hikari's good ending) or to be rude and force her to clean his cock with her mouth.

And also a whole bunch of fellows

The [protagonist](#) can also use the glasses on men, but he doesn't do it very often because he has a lot much interest in women. However, he would have the opportunity to influence some guys in some special occasions to reach a girl or to obtain a specific advantage.

As he doesn't do any "daily training" on these guys as he does with girls, he can just influence them to obtain very simple things: actually just "don't pay attention about what I'm about to do in front of you with this girl that you don't even know" and "please, fuck this sexy girl right now". But some of these fellows could have a bigger importance in the [protagonist](#)'s daily life...

Contents

1. [A couple of classmates](#)
2. [Some regular husbands \(of course!\)](#)
3. [A street thugs gang quite aggressive](#)
4. [Some town \(almost\) ordinary people](#)

A couple of classmates

Kanto: this guy is in the same class than the [protagonist](#). He's not very serious at school, as he actually would prefer to join his friends of the street gang... but for now he's too much related with his girlfriend to do that... His girlfriend is Kristina and his mother is Atsuko. Ryusei is his best pal. He will eventually become Daisuki's lover if the [protagonist](#) fails her 4th obedience event.

He is implicated in the story of these girls: [Atsuko](#) (3rd obedience event), [Daisuki](#) (optional unsatisfied special event), [Kristina](#) (2nd, 3rd and 4th obedience events) and [Yurika](#) (4th obedience event – optional).

The game keeps track of his relationship with the [protagonist : neutral of friend.

- Where can you gain his friendship: Atsuko 3rd obedience event, Kristina 2nd and 4th obedience events;
- Where can you lose his friendship: Atsuko 3rd obedience event, Kristina 3rd (mandatory) and 4th obedience events.
- Where is it useful to be friend with him: Atsuko 3rd and 4th obedience events, Kristina 2nd obedience event, Yurika 4th obedience event.

Ryusei: this is the sports guy in the [protagonist](#) 's class. Nice and polite, well-educated by his parents, he sometimes does some stupid things under the influence of his best friend, Kanto. Kanto's mother, Atsuko, has some sexual fantasies about Ryusei and his well-shaped body but he tries to not pay much attention to her because he would like to become [Rin's](#) boyfriend, without any success until now. His parents are [Yatsumi](#) and her unnamed husband.

He is implicated only in [Atsuko's](#) story for now.

Some regular husbands (of course!)

Marylin's husband, Zenji: he is paralyzed since a medical accident. He cannot walk, work or have an erection anymore. His wife Marylin works to pay all the bills and hope to find a way to heal at least his sexual abilities.

He is implicated only in [Marylin's](#) story (1st, 2nd and 4th obedience event, home private therapy special event).

Fujiko's husband, Dr Hiro: [Ayumi's](#) father works as a doctor in the town hospital, like [Aiko. His wife being stark and prudish, he misses to have an active sexual life. When the [protagonist](#) will help him to realize that Yatsumi is in love with him, he will start to have an affair with the tiny secretary. Anal sex doesn't attract him because he is afraid to hurt his partner.

He is implicated only in [Yatsumi's](#) story (3rd and 4th obedience events, daily threesome command) but can be seen in [Fujiko's](#) 4th obedience event and a lot of events occurring in the hospital.

Yatsumi's unnamed husband: he works in the Japanese restaurant in the mall (with [Yurika](#)) and is Ryusei's father. His relationship with his wife has progressively become platonic and he sometime fantasizes to have sex with her again. He doesn't realize at all that she's now in love with another man.

He is implicated only in [Yatsumi's](#) story (night event, daydream special event).

Daisuki's unnamed husband: he works as a baker with his wife, Daisuki. Both have settled in this town a couple of weeks ago. We don't know much about him, except that his wife is progressively becoming bored in their sexual relationship. She would like to find again the spicy feelings of the beginning of their love...

He is implicated only in [Daisuki's](#) story (3rd obedience event).

Emika's unamed husband: he cheats on her when she's away for her job. When she will discover this, her whole world will collapse.

He is implicated only in [Emika's](#) story.

Miwa's unnamed husband: he is a rich and powerful judge and whant to divorce from his wife to live with his mistress. He would like to push Miwa to do any mistake to disposes her of any righ on their shared bellonging.

He is implicated only in [Miwa's](#) tory.

A street thugs gang quite aggressive

These guys wander mainly in Northside, but can also be seen in some other places. Friends with Kanto, they walk in large groups, intimidating people and bullying those they don't like. They work for bigger criminals, who are more discreet and who use them as henchmen.

They are implicated in the story of these girls: [Shizuru](#) (introduction scene) and [Emiri](#) (4th obedience event). Their bosses are implicated in [Yurika's](#) story (1st and 4th obedience events).

Benito, Okimi's ex-husband, is one of the senior of the group: he doesn't wander in streets anymore, even if he still enjoys punching some faces. Well respected by the gang, he prefers spending his time to harass his ex-wife to sexually abuse her, until he will finally get arrested for that thanks to the [protagonist](#). He is heavily implicated only in [Okimi's](#) story (1st, 2nd and 3rd obedience events). He's imprisonment is eventually mentioned in [Shizuru's](#) introduction scene and in [Yurika's](#) 1st obedience event.

Shinky is one of the gang, who is specialized in pickpocket at the airport. However, he aspires to bigger crimes and would like to find his place in the prostitution network: he tries to persuade Azeem to give him a chance. He is heavily implicated only in [Iyo's](#) story (1st, 3rd and 4th obedience events).

Some town (almost) ordinary people

The arcade manager: he's the owner of the downtown arcade. He's not implicated in any story yet. He can be seen in [Kumiko](#) introduction scene.

Azeem: this classy Arabic-type guy is the owner of the Origami's stripper club and could be considered as [Emiri's](#) "official" boyfriend, even if neither of them is even close to be faithful at all and aren't in love each other. Azeem like to have sex with a lot of women and likes to share Emiri with his friend, like Willy the club bouncer. Azeem also seems to be related to the street gang and to play a kind of role in prostitution network, Shinky being his partner for that.

He is implicated in the story of these girls: [Chan-Mei](#) (3rd obedience event), [Emiri](#) (2nd and 3rd obedience events) and [Iyo](#) (1st and 3rd obedience events). He can also be seen at the beginning of [Sarah's](#) 4th obedience scene.

Willy: this tall and muscular black guy is the bouncer of the Origami stripper club and a good friend of the boss, Azeem. He has occasional sex with Emiri, with Azeem's approbation.

He is implicated only in [Emiri's](#) story (2nd obedience event) for now. He can also be seen at the beginning of [Sarah's](#) 4th obedience scene.

The mayor: obese and kinky, the mayor takes advantage of his secretary, Marilyn, to have sex with her in his office. He perfectly knows that she needs the job and cannot quit.

He is implicated in [Marilyn's](#) story (introduction scene, 3rd obedience event, *office duties* special event) and in the three Official uniforms quests.

Secrets

Almost all the girls have their own secret. However, it's most of the time something that the [protagonist](#) discovers quite easily with the help of the glasses.

But some secrets can be discovered only late during the game... Here they are.

Spoilers alert, of course...

Contents

1. [Anael knows but say nothing](#)
2. [Rin's unsuspected nature](#)
3. [Naomi's daughter](#)
4. [Emiri's dark fate](#)

Anael knows but say nothing

Revealed in: *spell ready* event (occurs after Anael reaches level 4), if the protagonist chose to warn [Anael](#) about the corruption of the spell.

Anael knows perfectly that the [protagonist](#) has corrupted her spell on [Lily's](#) request, but she pretends not knowing that. She is just giving him some times to let him chose by himself between Good and Evil.

Rin's unsuspected nature

Revealed in: *Lily plan* event, after [Lily](#) reaches level 2.

[Rin](#) is only partially human: she's a half-succubus. That's why [Lily](#) watches her so closely at the beginning of Rin's pact scene. Neither Rin or [Naomi](#) are aware of that.

Naomi's daughter

Revealed in: *Naomi confession* event, resulting from *Lily plan* event.

[Rin](#) is not [Naomi's](#) natural daughter. When she was 18, Naomi met an unknown woman in [Eastside](#) park who was about to throw her newborn girl in the lake. Naomi has intervened and promised to the stranger to take care of the baby as her own. She doesn't know who this woman was, and Rin doesn't even suspect that Naomi is not her real mother.

Emiri's dark fate

Revealed in: [Emiri's](#) 4th obedience event.

Emiri isn't born as a human. During centuries, she was a succubus, playing with men on earth like [Lily](#) does. When she has fallen in love with a human and became pregnant, she became a simple mortal. When her lover died, she was enraged and bitter: when she was about to drown her, she abandoned her baby to a stranger who was actually [Naomi](#). Nobody knows that [Rin](#) is Emiri's daughter.

Job

Jobs are balanced like this: the [protagonist](#) can have the money OR the girl, but it's quite difficult to have both. However, it's sometimes possible. ;-)

Losing affection can be an issue, because being hired depends on the affection of your employer. By being caught too much by your employer while having sex with clients, she will finish to refuse to hire the protagonist.

H-scene with: Emiri only (level 2+). Following her in the toilet, the protagonist has the choose between:

- - lick her pussy. After that, he can choose between a blowjob or a pussy fuck (level 3+). In both case, they are surprised by [Azeem](#) and the protagonist gains no salary for the work shift + affection lost.
- - fuck her ass (level 3+). When he is surprised by Azeem, he can tell him to wait (no salary + affection lost) or to join (level 4). In this last case, the protagonist is still paid.

Effects: +150\$, 3 hours shift

He can make her swim underwater to enjoy the view (and an underwater titjob with a final cum in mouth) or to make her swim on the back (level 4), discreetly shoving some fingers in her asshole while she's looking at girls. When Hanae goes to toilets to masturbate, he can go with her (if he has fingered her asshole, he has no other choice) to have sex with her: masturbation or anal, depending of his previous choice – never chose vaginal, she will refuse and lose a lot of affection – and finish with a cumshot. If the protagonist goes to the toilet with Hanae, he will be surprised by Wakana: he won't be paid + Wakana affection lost.

- [Okimi](#) (level 2+): the protagonist goes in the pool while Okimi is blowing him underwater. Unfortunately, Wakana comes to talk to him while Okimi is suffocating. Aiko is the protagonist's step mother. She's one generation older than the [protagonist](#) and is a widow since the protagonist's father died.

[Kana](#) is her daughter. No particular friends known. She works at [Eastside](#) Hospital as a doctor, with [Hanae](#), [Yatsumi](#) and [Dr Hiro](#).

Personal information

After marrying the [protagonist](#)'s father, she raised the protagonist as her own son and after her husband died, she decided to move the family to a new city. Between her work and her family, she doesn't pay much attention to her own loneliness and her lack of romantic and sexual relationships. As the protagonist pays more and more interest to her, she will progressively change her perception of him: from being a son, he will become a lover.

- **Mainly:** [Northside](#) museum
- **Sometime:** [Eastside](#) park, [Southside](#) beach, [Westside](#) library, School library

Usual bath hour: 22:00 to 23:00, after [Kana](#)

How to please her:

- Mall food court (mexican meal at 80 \$ only) and Origami's bloody maria (100 \$). As she doesn't like anything special, it's difficult to please here. Anything would be okay, so pick up the less expensive: toys!

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Massage	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Sexual preferences: (2) in vaginal and anal sex, (1) in handjob, blowjob, footjob, titjob, masturbation and submission.

Sexen farming: She's not very good to farm sexen at low level: massage doesn't bring anything at level 1 and level 2 commands cost Stamina for a not so good sexen ratio. At high level it becomes better: fucking her both vaginally and anally will bring 60 sexen a day (more if you catch her in toilets or bathroom) for just a -30 Stamina cost... and she's very available.

Secret: She doesn't have any secret.

How to unlock her?

She's automatically unlocked in day 1 sequence, with a bath view with and eventual cumshot. At this occasion she is said to be clumsy, but it doesn't appear anymore after that.

How to raise her obedience?

Aiko is easy to rise, no specific strategy is needed.

- **1st obedience event:** anytime in her bathroom (usually between 22:00 and 23:00). The [protagonist](#) persuades Aiko to accept a massage but, soon enough, he's massaging her boobs. Aiko masturbates and comes.
- **2nd obedience event:** anytime in her Hospital office (usually during week days between 16:00 and 18:00). The protagonist requires a medical assistance for his raging boner. Aiko starts with a handjob, but a nurse interrupt her, forcing the protagonist to hide under the desk. He licks Aiko's pussy until she come, and then she does him a blowjob and a titjob.
- **3rd obedience event:** anytime in her bedroom (usually between 18:00 and 23:00). Aiko asks the protagonist to stop these sexual games between them, because she's too much excited by them. He persuades her to push them further and to become real lover, as he's not her real son. Starving from regular sexual life, Aiko accepts if it's kept a secret.
- **4th obedience event:** during night, after ignoring her during 3 following days. Aiko joins the [protagonist](#) in his bed because she needs sex. He takes advantage of this and shoves his cock in her asshole. He comes a first time before she can have an orgasm. They both go in the bathroom and start again an anal intercourse in a bath. This time, they both come together.

She's one of the easiest girls to rise: a lot of starting point during day 1, obedience event with very few conditions and most of the time at home. Focusing on her, you should be able to raise her to level 4 in only two weeks, plus a couple of day required while ignoring her to pass level 4.

She's useful to raise to high levels for [Hanae](#) and/or [Shizuru](#).

How to raise some other girls at the same time?

Aiko has the particularity to live and work in [Eastside](#). If you focus on her, you will easily be able to raise at the same time as the girls that spend a lot of time in this district too: [Hanae](#), [Naomi](#) and of course [Kana](#) who lives in the same house as her. If you chose to send the [protagonist](#) to the Hospital during day time, you should be able to rise [Yatsumi](#) as well and maybe [Shizuru](#).

Additional scenes

- **Pact scene:** [Lily](#) invites the [protagonist](#) to join her. If he doesn't, she fucks Aiko vaginally. If the protagonist choses to do it himself, she asks Aiko to lick her pussy. The protagonist can cum inside or outside as he wishes: these choices don't have any consequence.
- **Bonus event:**
 - *Private consultation* (level 1+, in her Hospital office, usually during week days between 16:00 and 18:00). The protagonist asks Aiko to handle his hard-on. She blows him until facial, and then he goes under her desk to lick her pussy until orgasm.
 - *Vibrator event:* if the protagonist gives a vibrator to Aiko (level 3+), he will be able to turn it on during family dinner and will obtain a under table blowjob from her.

- **Special events:**
 - *Christmas special event:* this event occurs 24th evening in the hour before midnight, in Aiko's living room if Aiko is level 2+. The protagonist dreams of Aiko preparing her family's Christmas. Confessing to having been naughty this year, she begins to stroke his cock and to rub it with her ass. At level 3+, she can be fucked vaginally and even anally if level 4.
- **Guest star:**
 - [Kana's](#) 2nd obedience event: drunken, Aiko falls asleep during the dinner. The [protagonist](#) takes advantage of this to finger her in front of Kana, and to eventually fuck her when Kana is away.
 - [Sarah's](#) 3rd obedience event: if the protagonist cums in Sarah's pussy, they are surprised by Aiko. If she's level 3+, she accepts to join in and to lick cum from the protagonist's cock with Sarah.
 - [Sarah's](#) 4th obedience event: she surprises the [protagonist fucking Sarah in her pussy or in her asshole. If her level is enough (3 for pussy, 4 for ass), she accepts to join in and to receive the same treatment as the redhead.
 - [Hanae](#) and [Yatsumi's](#) introduction scene: no H-scene. Eventually [Shizuru's](#) introduction scene too, where she kisses the blonde cop.
 - [Hanae's](#) 2nd obedience event, if level 2+: the [protagonist](#) has persuaded Hanae that Aiko is going to lick her pussy if she keeps her eyes closed. The protagonist can lie (and then just enjoy a blowjob from Aiko) or keep his promise, making Aiko lick the nurse's pussy while he's playing with some other part of Hanae's body...
 - [Hanae's](#) 3rd obedience event: at level 3+, Aiko can be led by the protagonist at Hanae's home for a lesbian session.
 - [Hanae's](#) 4th obedience event: Aiko surprises the [protagonist](#) in a threesome with Hanae and [Shizuru](#). If she's level 4, she will join and enjoy an anal orgasm.
 - [Shizuru's](#) 4th obedience event, if level 4: the [protagonist organises a small orgy at the Hospital with Shizuru and Aiko, with eventually [Hanae](#) and/or [Sarah](#).
 - [Utako's](#) 4th obedience event: if the protagonist has chosen her clothes in 1st Obedience event and if she's level 4, Aiko can join Utako and him during the anal sex initiation of the librarian. The protagonist assfucks her to show Utako how good anal sex can be.
 - [Lily's](#) 2nd Obedience event: Aiko and [Kana](#) participates to the orgy organized by Lily at the dinner. They lick each other's pussy while Lily is blowing the protagonist
 - [Lily's](#) 4th Obedience event: Aiko participates to the orgy organized by Lily. She licks the protagonist's cock with the help of [Kana](#), before being fisted by her daughter and sodomized by the protagonist.
- **Teaser events:**
 - *Kitchen:* when she's in her kitchen in her casual suit. If made level 1, the cock option gives an extra Obedience point for a handjob and Affection +5;
 - *Dinner:* when she's in Dining room in her casual suit and Kana is also present. Choosing Aiko gives an Obedience extra point and, if level 1, allows you to finger her for Affection +5 and another extra point;
 - *Museum:* when she's anywhere in the Museum in her casual suit. If made level 0, there is a slight loose of Affection. If made level 1, the touch option gives an extra Obedience point for a discreet crotch stroking and Affection +5.

- **Special doll command:** if doll command is allowed for both Aiko and [Kana](#), the [protagonist](#) can doll them at the same time and enjoy a threesome.
- **Endings:**
 - Lover ending: Aiko and the protagonist tells Kana about their relationship and after that, they have a passionate intercourse in the shower. Five years later, the protagonist is about to finish university to become a doctor. He's happy with Aiko, who still is anxious about her age. As she tries sexy clothes to look younger, they have sex in the changing room of the shop. No pregnancy ending for Aiko.
 - Slave ending: the [protagonist](#) leaves school to live with Aiko, enjoying her as much as possible at home or at the hospital.

Implementation status

Anael is an angel who is tracking [Lily](#) to destroy her.

No family or particular friends known.

Personal information

Anael has been tracking [Lily](#) for centuries. Destroying the succubus doesn't seem to be a problem for her, the only difficult is finding her. She's preparing a spell to locate the succubus, but this spell will need years to be finished. When she meets the protagonist, she asks for his help to find the succubus before she can escape again. The [protagonist](#) progressively discovers that sexual activity with Anael does accelerate her spell and he takes advantage of it... but he realizes soon enough that he will have to choose between the succubus and the angel before being crushed in the middle.

	(2+) She's fond of...	(1) She likes well...	(0) She doesn't like...
Hobbies	Spiritual (3), Knowledge (2)	Culture, Musical	All other hobbies
Tastes	Nothing in special	Everything	Nothing in special
Gifts	Nothing in special	Everything	Nothing in special

Where to find her: She always stays in her [Downtown](#) church. **How to please her:** As she doesn't like anything special, it's difficult to please here. On top of that, she doesn't pee or bath: there is no real need to feed her.

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Fingering	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: no command at all			
Night options: no options at all			

Sexual preferences: (2) in Anal, (1) in Handjob, Blowjob, Footjob, Titjob, Masturbation and Vaginal.

Sexen farming: farming sexen on an angel isn't a great idea...

Secret: You will discover her [secret](#) when you will reach the end of the game.

How to unlock her?

From the 8th day, going to [Downtown](#) street K allows the [protagonist](#) to find the church and to meet Anael, but she's not playable yet.

After that, the protagonist must go warn [Lily](#) at her shrine: that will unlock Lily, which then must be raised to level 2+. During this time, take care that [Rin](#) gets her pact scene with Lily. All this will trigger the Lily plan event. After that, the protagonist must lead Rin in the church and have sex with her to corrupt the spell: that's the *Angel corruption* event, which unlocks Anael.

How to raise her obedience?

As raising Anael needs raising Lily before, she's indirectly associated to the "magician profile" as Lily is. Raising Anael to level 4 is needed to access to the end of the game. All obedience events occur in the church, at any time.

- **1st Obedience event:** Anael explains to the [protagonist](#) that sexual energy will accelerate her spell and asks for his help. As he accepts, she starts by giving him a handjob while showing her breasts.
- **2nd Obedience event:** the protagonist asks Anael to do something else than a simple handjob, secretly expecting to enjoy a blowjob. Anael eludes his unformulated request by offering him a titjob, a footjob and finally a thighjob, making him cum between her thighs.
- **3rd Obedience event:** the protagonist persuades Anael to fuck with him to accelerate her spell even more.
- **4th Obedience event:** the protagonist persuades Anael to try anal sex. Surprisingly enough, she seems to enjoy it a lot.

Like [Lily](#), Anael is difficult to rise because she never goes to pee or bath: the "follow me" order is the only way to gain Obedience during weeks, so she progress very slowly. But unlike Lily she's always at the same place, so she less difficult than the succubus.

How to raise some other girls at the same time?

Anael becomes playable very late in the game. Most of the girls should logically already be raised at this moment. When comes time to raise Anael, most of the girls are already at high level.

Additional scenes

- Teaser events: none for the moment.
- Endings: no ending with Anael except the *Harem ending*.

Single mother of the protagonist's classmate Kanto, Atsuko has some problem to educate her son. On top of that, she doesn't want to see that she's ageing and keep trying flirting with men quite younger than her. At the beginning, she has an eye on the athletic Ryusei but, if the [protagonist](#) gains good scores in fitness, he will gain the attention of this voracious milf. As he will become more intimate with her, he will have the opportunity to become friend with Kanto or, on the contrary, to help her to manage him.

Ayumi is a senior student and the [protagonist's](#) classmate. She's the same age as him and she's single.

[Fujiko](#) is her mother, [Dr Hiro](#) is her father; she also has a younger sister (not implemented yet). [Rin](#) is her best friend. [Saiko](#) is her teacher.

Personal information

Ayumi is shy and introvert. Despite being interested by sexuality, she doesn't dare to talk about it. Thankfully for Ayumi, her friend [Rin](#) is more daring and drags her along in all her sexual experimentation, even in occasional lesbian sexual intercourses. Despite this, she progressively enjoys the [protagonist's](#) sexual attention.

Where to find her during her spare time (weekend, from 9:00 to 12:00 and 16:00 at 18:00)

- **Mostly:** [Downtown](#) Karaoke, [Southside](#) scene, [Northside](#) Museum's Theater;
- **Sometimes:** [Downtown](#) arcade, [Northside](#) entertainment park, [Southside](#) aquatic park, any restaurant;

Each weekend between 14:00 and 16:00, she spends two hours with [Rin](#) in her bedroom.

Usual bath hour: 21:00 to 22:00

How to please her:

- As she doesn't like anything special, it's difficult to please her. Anything would be okay, so pick up the less expensive: toys! Salty meals can be found everywhere.

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Handjo	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Ayumi has a special blowjob action: masturbating blowjob (giving more sexen as she comes too, but only if the [protagonist](#) ejaculates on her face instead of in her mouth).

Sexual preferences: (2) Masturbation, (1) everything else except Exhibitionism and Domination (0)

Sexen farming: when she reaches level 2, the daily duo special command is good to gain sexen with no Stamina cost (tribadism and then cum: 15 sexen from Rin and 15 from Ayumi). Unfortunately, only one stance available: not really farming, but it's could be useful... and [Rin](#) and Ayumi are often together. But her masturbating blowjob special command allows gaining a lot more sexen than usual with this command: 15 sexen for each stance, but only if the protagonist comes on her face. She hates the taste of cum and swallowing it prevent her to have her orgasm. If you take care to cum outside each time, you can easily farm 45 daily sexen with Ayumi.

Secret: She doesn't have any secret.

How to unlock her?

She's automatically unlocked in day 1 sequence, with an upskirt.

How to raise her obedience?

Ayumi is difficult to raise because after level 1 she must gain each new level with [Rin](#) and to raise both girls, you need to get enough Obedience points for each of them... and all this cost a lot of Stamina. The Athlete's profile could be useful... and conveniently enough, Ayumi and Rin are often at school.

- **1st Obedience event:** during week-days in School pool storage room (usually between 17:30 and 18:00). The [protagonist](#) surprises Ayumi with a vibrator. Ashamed, she explains that she's interested by penis shape and how to handle it. He persuades her to play with his own cock and gets a handjob with facial cumshot.
- **All following Obedience events:** during weekend in her bedroom with [Rin](#) being present (usually between 14:00 and 16:00). Each time, Rin and the protagonist persuade Ayumi to explore further her sexuality. It starts with blowjob, boob strokes and fingering (level 2), vaginal sex one after the other and with a quick threesome (level 3) and finally anal sex (level 4), while Ayumi endures a quick and unexpected double penetration thanks to Rin's strap-on.

The best you can do is to reach 2nd Obedience event during the second weekend: it gives you 13-14 days to collect the 25 Obediences points needed for Ayumi and Rin. As level 2 gives a lot of daily commands to both girls, you can easily raise them in one week (you need to gain 3 Obedience points by day for each of them: 20 Stamina needed) but you won't have much time to take care to other girls. Passing from level 2 to level 3 in only one week is almost the same (it requires around 4 Obedience points by day for each of them: 30 Stamina needed). Level 4 is more difficult as you need 2x50 Obedience points: you must gain 8 Obedience points per day for each girl (70 Stamina needed) if you want to do it in one week.

How to raise some other girls at the same time?

Ayumi can and must be raised at the same time than [Rin](#). Beside this, it's difficult to raise some other girls when you focus on those ones. First of all because it requires a lot of effort to get enough Obedience points for both Rin and Ayumi, especially in only one week if you want to have a new level each week. However, as Ayumi shares her time between [Downtown](#) and [Westside](#), you can have some occasion to raise some other girls with the same geographical pattern: [Kumiko](#), [Utako](#) and [Saiko](#). You can always try to get one of them...

Motivated by Rin, Ayumi can be bold sometime

Additional scenes

- **Pact scene:** [Lily](#) enjoys an anilingus from Ayumi.
- **Bonus daily events:**
 - *Duo karaoke* (anytime in Karaoke room with [Rin](#) being present, usually weekend between 16:00 and 18:00). The [protagonist](#) meets the girls singing at karaoke. If they are Obedient enough (level 2+), he can persuade them to study female or male anatomy, allowing either a pussy fingering or a handjob followed by a blowjob.
 - *Afternoon class peek* (Tuesday or Thursday afternoon in the gym girls' changing room, between 13:00 and 15:00). The protagonist spies [Rin](#), Ayumi and [Hikari](#) while they are changing. If they notice his presence and if the doll mode is available for the three girls, he can doll all of them and ask Ayumi to blow him until she finally swallows the load. If he calls Rin before being noticed (level 2+ required for both girls), Rin and Ayumi will join him at the 1st floor and offer him a handjob with a blowjob until he comes on her faces.
 - *Vibrator events:* cf. [Rin](#) vibrator events.
- **Special events:**
 - *St-Patrick special event:* this event occurs when the [protagonist](#) meets [Sarah](#) (level 2+) anywhere in the museum during week-end. Sarah asks him to lead her kinky Irish friend, [Deirdre](#), to the entertainment park. In the park, the protagonist and Deirdre have several opportunities to have fun with other girls. Ayumi is one of them and can be met in venue B, with [Rin](#) (of course!) At level 2+, he can chose to stay with Ayumi instead following Rin, and watches her winning a dildo at a grabbing game. After having persuaded her to try the dildo, he can either roughly fuck her mouth or either fuck Deirdre's pussy while she makes Ayumi come with the dildo.

- *Secret girl* quest, 3rd step: Ayumi participates at the Origami's orgy organized by the [protagonist](#). Some customers lift her in the air to lick her pussy and to get a blowjob. The protagonist can participate to this rough foreplay and can also spit-roast her with another guy.
- **Guest star:**
 - [Yatsumi's](#) 3rd Obedience event: at level 3+, Ayumi surprises the threesome and she can accept to join them, fucking with the [protagonist](#) as her father fucks with Yatsumi.
 - [Lily's](#) 3rd Obedience event: Ayumi participates at the body exam in the classroom and fucks with the protagonist.
 - [Fujiko's](#) 4th Obedience event: at level 4+, Ayumi surprises the protagonist asfucking her mother in the laundry room. The protagonist can then sodomize her as well while she's licking her mother's pussy.
- **Teaser events:**
 - *Ayumi's panties*: when she's in the subway in her work suit. If made at level 1, the rub option gives an extra Obedience point for a discreet handjob and Affection +5;
 - *Waxing discussion*: when she's in school Cafeteria in her work suit and [Rin](#) is also present. Choosing Ayumi gives Affection +3. If made at level 1, the touch option gives an extra Obedience point and Affection +1 (if you can already collect sexen, touching Ayumi's pussy will also give you 10 sexen);
 - *The sausage meal*: when she's in school Cafeteria in her work suit. If made at level 1, the rub option gives an extra Obedience point for a discreet handjob and Affection +5;
 - *The flute*: when she's in museum's theater in her casual suit. Telling the truth to [Rin](#) allows the [protagonist](#) to gain Ayumi Affection +5. If he doesn't (Affection -5) and lead Ayumi in toilets (level 1), it gives an extra Obedience point and Affection +5, with a bonus cumshot.
- **Special daily command**, dailyduo: at level 2+, the [protagonist](#) can have a threesome with [Rin](#) and Ayumi. He can let the girls have fun together with tribadism or (Rin level 3+) fuck Rin as she licks Ayumi's pussy.
- **Endings:**
 - Lover ending: while visiting Naomi, Ayumi realises that she wants to become author like her. As Rin is late, they wait for her in her room and have a kinky fuck while using Rin's sextoys, before being surprised by a hilarious Rin. Five years later:
 - normal lover ending : Ayumi has published two books and is at the Book Fair as an author. As she's quite nervous, she goes at the toilets with the protagonist to find a way to relax. After some oral pleasures, they makes love together before going back at the authors table.
 - pregnancy lover ending (requires 25 cum in Ayumi's pussy during the game): identical story, with a huger belly.
 - Slave ending: the protagonist uses Ayumi being his sex slave to try to get back [Rin](#), but it will take time without the glasses.

Going at the central place of [Southside](#) Aquatic park allows the protagonist to meet [Wakana](#), [Eimi](#) and [Yae](#) at the same time (and also to fondle one breast of Wakana).

How to raise her obedience?

All strategies are good for raising these twin sisters.

- **1st Obedience event:** anytime in Westside library (usually between 18:00 and 19:30 during the week and between 9:00 and 12:00 the Saturday morning). The protagonist surprises Eimi in the library reading a sexy book that arouse her a lot. He fingers her under the table while she's giving him a handjob at the same time.
- **2nd Obedience event:** not available yet (v0.34)
- **3rd Obedience event:** not available yet (v0.35)
- **4th Obedience event:** not available yet (v0.36)

The main difficulty for the twin sisters is to raise both of her at the same time and to be able to recognize them in these events. Luckily, both of them have a lot of commands from the first level, which help you to quickly gain a lot of Obedience points. Obediences events are not difficult to reach, most of them are during the week... event if the protagonist will have to fox school sometime.

How to raise some other girls at the same time?

Eimi and Yae must be raised at the same time. Aside this, it's difficult to raise some other girls when you focus on those ones. First of all because it requires a lot of effort to get enough Obedience points for both Eimi and Yae. On top of that, they live and work in city parts where the [protagonist](#) is not used to go in his daily life : Northside and Southside. Despite this, you can raise some other Southside girls at the same time, like [Marylin](#).

Additional scenes

- Pact scenes:
 - Normal scene : Lily makes Eimi lick her pussy, before enjoying tribadism with her.
 - Special pact scene : if Yae already has her own pact scene, leading the twin sisters to Lily allows to reach a special pact scene with both of them, where Lily allows the protagonist to participate too. Blowjob, vaginal sex and even anal sex. At this occasion, Lily discovers the special link between the twins and shares this information with the protagonist.

Sexual preferences: (3) in Anal, (2) in almost everything, (1) in Handjob, Titjob, Masturbation, Lesbian, (0) in Submission.

Sexen farming: since level 3, Emiri becomes the real queen to quickly farm sexen. Her level 3 anal sex in the three stances can give the [protagonist](#) 45 sexen a day for just 15 Stamina (60 with the pee, 75 with the bath). Each public orgy gives 55 sexen for 5 Stamina only, so you can farm 110 sexen a day for just 10 Stamina. The queen, nothing less!

Secret: You will discover [her secret](#) during her 4th obedience event.

How to unlock her?

Any days, in the Origami main room, between 20:00 and midnight. This event occurs differently depending if Emiri and the [protagonist](#) have already met at [Utako's](#) bachelorette party: if they already know each other, the introduction scene is kinkier: she masturbates with a bottle and offers the protagonist to drink her juices, collected in a glass.

How to raise her obedience?

Emiri is very easy to rise, but as she has a lot of commands, you need to have a high Stamina score to be able to do all the commands in a single day. The athlete's or the magician's profile are the best for that.

- **1st Obedience event:** any day in Origami main room, between 20:00 and 23:00. While everybody pays only attention to the sexy dancer on the stage, Emiri notices that the [protagonist](#) actually pays attention to her. She rewards him with a footjob with her high heels and then with her bare feet, making him come on her nylons.
- **2nd Obedience event:** any day, anywhere in the Origami's club between 19:00 and 20:00. The protagonist surprises Emiri occupied to blow at the same time [Azeem](#) and [Willy](#) the club bouncer. When Azeem has ejaculated and leaves, the protagonist takes his place, enjoying a titjob and then a blowjob from the sexy barmaid. Emiri makes a strange remark about how people tend to obey the protagonist's orders.
- **3rd Obedience event:** Saturday, in Origami's changing room between 19:00 and 20:00. Emiri is frustrated because Azeem has forgotten their date. Bitter, she decides to do it with the [protagonist](#): she strips for him and fucks with him, vaginally and anally. During all these, she tells the protagonist that she knows that his glasses are magical and that a succubus gave them to the protagonist.
- **4th Obedience event:** during night from Saturday to Sunday, in [Eastside](#) park forest, between midnight and 2:00. Emiri meets the [streetgang](#) and starts an orgy with all of them at the same time. The [protagonist](#) uses the glasses to join the group and fuck Emiri too, while all the other guys ejaculate one after the other. When he's alone with Emiri, he tells her that he knows her secret. Emiri tells the protagonist her [tragic story](#).

The first level is difficult because [Northside](#) is far away from the protagonist's daily activities: catching her in her bath or in toilets could be difficult and collecting the 10 Obedience point could require around a week. Three days are enough to pass from 1st to 2nd level, by doing heel job and footjob in the tree stances, and just two days to reach the 3rd level (for a daily cost of 80 Stamina!). Fourth level is more difficult because it can't be triggered until [Naomi](#) reaches at least level 3.

How to raise some other girls at the same time?

Emiri is not that easy to catch because she's in town only when the [protagonist](#) is at school: early morning and in the evening, she tends to stay in [Northside](#). If the protagonist chooses to not attend his school lesson, it's possible to raise Emiri with other girls who have Obedience event in daytime, like [Yatsumi](#). Or if the protagonist chooses to spend more time in Northside, other girls living or working in this district can be raised with Emiri: [Shizuru](#), [Sarah](#), [Tokie](#)...

For Emiri, the more is the better

Additional scenes

- **Pact scene:** [Lily](#) grows a cock to Emiri and asks her to fuck her roughly, vaginally and anally. If the [protagonist](#) confirms that he knows Emiri's secret, Emiri rewards him by asking Emiri to blow him at the same time.
- **Special events:**
 - *Secret girl* quest, all steps: the [protagonist](#) discovers that Emiri actually knows a lot of thing about angels and demon and tries to convince her to give him some information, being challenged to surprise Emiri like she never has. In the first step, the protagonist surprises Emiri by his baldness by publicly fucking her right on her own bar, in front of all patrons. In second step, he invites [Naomi](#) to make a sexy dance in Origami and, when Emiri makes love with her, he reveals how Naomi is linked to her. In third step, he organizes an orgy in Origami club to dare Emiri to be able to find a very special girl between all the participating girls.
- **Guest star:**
 - [Shizuru's](#) 2rd Obedience event: Shizuru and the protagonist watch Emiri give a blowjob in a dark street;
 - [Utako's](#) 3rd Obedience event: Emiri participates at Utako's bachelorette party. Having drunk a lot of champagne, [Shiho](#) and her both have sex with the protagonist.
- **Teaser events:** none for the moment.
- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: the [protagonist](#) leaves school to live with Emiri, working with her all night and fucking her as often as possible. One morning that he's sodomizing her while she's on phone, they both discover that they have just become the new owner of the strip club. They decide to change the habits of the club and to now present male-female shows on stage with complete sexual

intercourses. They do themselves their first show, the protagonist roughly fucking Emiri's asshole and mouth while she's dancing on a pool. But the protagonist is very surprised while seeing in the audience his old classmates being horrified by the violence of his performance.

She doesn't approve sexuality except for the necessity to breed. Despite all this, she likes nice clothes and especially nylons which enhance her leg's shape. Night options: the basic set of options + accidentally awake her husband + fuck her asleep in front of her husband (vaginal, anal)			

Sexual preferences: (2) in footjob, submission and anal sex, (1) in handjob, blowjob, titjob, masturbation and vaginal sex.

Sexen farming: Fujiko is not very productive at low level for sexen. From level 3, she becomes as productive as any other normal girl, but nothing exceptional. Not the best girl to farm sexen.

Secret: She doesn't have any secret.

How to unlock her?

In the school hall during any week day, between 08:00 and 12:00.

How to raise her obedience?

Raising Fujiko requires having a good Academic score. The student strategy will be necessary.

- **1st obedience event:** during week days in school's office during afternoon's classes (between 14:00 and 17:00). The protagonist surprises her while she's inflicting corporal punishment to a student. Threatening to denounce her to the principal, he takes advantage of the situation to obtain an upskirt.
- **2nd obedience event:** during week days in school's office (between 17:00 and 18:30). During his detention, the protagonist plays with Fujiko's to incite her to exhibit herself. If his Academic score reaches 60, the event succeeds and the protagonist can enjoy a handjob from the secretary; if not the event has to be done again.
- **3rd obedience event:** during week days in school's office during morning's classes (between 11:00 and 12:00). Fujiko spies [Mitsuko](#) having sex with the protagonist, who has noticed the presence of the secretary. Once the principal has left, the protagonist makes Fujiko confess that she's actually excited by what she has seen and incites her to try all that her boss just did: titjob, blowjob and vaginal sex.
- **4th obedience event:** during the week end in her house (between 18:00 and 20:00). Fujiko invites the protagonist to have a dinner with her family, trying to make him date her older daughter [Ayumi](#). The protagonist plays her a trick to force her to crawl under the table and to discreetly blow him while her whole family is dining, as he's rubbing Ayumi's pussy at the same time. Once the dinner is finished, Fujiko has changed her mind about the protagonist being with her daughter. She leads him in the laundry room to try anal sex with him on the washing machine. Bonus scene: anal with Ayumi too if she's level 4.

Fujiko is difficult at low level because she's always one level late on the other girls: handjob at level 2 instead of 1, blowjob and titjob at level 3... All become normal at level 3 only, so it will take time to bring her to this point: 4 days to pass her from level 1 to level 2 and then 4 more days to bring her to level 3 (a bit less if you can stalk her in toilets and in her bath). After that, she's not more difficult than any other girl. Two of her events occurs when the [protagonist is supposed to be in class: he will have to fox his courses for that...

How to raise some other girls at the same time?

Most of the time, she's in the same district than [Saiko](#), [Kumiko](#), [Utako](#) and of course her daughter [Ayumi](#). She can be raised at the same time than these girls.

Additional scenes

- **Pact scene:** Lily punishes her with a riding whip and makes her act as a dam, before enjoying a cunnilingus from her
- **Bonus event:** none for the moment
- **Special events:** none for the moment
- **Teaser events:** none for the moment.
- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: the [protagonist](#) stays at school for the next year, having rough sex with Fujiko in her office as often as possible. With the help of his slave, he rules the household now that her husband is gone: the daughters have to take their dinner in sexy lingerie and to progressively learn how to please a man, the demonstration ending with a deep anal sex intercourse on the table for their mother.

No family or particular friends known. She works with [Aiko](#), [Yatsumi](#) and [Dr Hiro](#).

Personal information

As she recently arrived in town, Hanae doesn't know anybody here except people from her job. Difficult for a lesbian like her to find love in these conditions: afraid by any vaginal penetration, she had no other choice than finding love with other women! Amused by the [protagonist's](#) sexual interest for her body, she maliciously plays with him, accepting more and more sexual games: even if she's lesbian, she had some occasion to have sex with men, even if she always refuses any cock in her pussy. Thanks to the glasses, the protagonist will push her further and further without being able to pop her cherry. Despite all her sexual games with him, she's still devoted to women. For now...

Hanae refuses any vaginal sexual intercourse, even in doll mode. Some special events could eventually allow this in exceptional circumstances (not yet implemented) but it's a good thing to keep her being virgin if you want to reach the harem ending. This ending requires a virgin being deflowered in [Arael's church and, when you will reach this point of the story, that's highly probable that Hanae will be the very last virgin available in the game...

Sexual preferences: (3) in Lesbian, (2) in Handjob, (1) in Blowjob, Titjob, Exhibitionism, Masturbation, Footjob, Threesome and Anal sex.

Sexen farming: despite her kinkiness, Hanae is not a good source for sexen. All her daily commands cost stamina and bring very few sexen. The level 2 cunninlingus is her best command: 30 sexen a day for no Stamina cost.

Secret: She doesn't have any secret.

How to unlock her?

[Eastside](#) Hospital 2nd floor corridor, any week-day from 08:00 to 18:00. Asking her what she thinks about the [protagonist](#) adds Affection +5.

How to raise her obedience?

All strategies are good to raise Hanae: if you want to keep the [protagonist in school, you can catch her during the evening as she lives near his house.

- **1st obedience event:** during week days in [Eastside](#) Hospital 1st floor corridor (usually between 17:00 and 18:00). As Hanae needs very quickly some seminal liquid, the [protagonist persuades her to milk him while masturbating herself.
- **2nd obedience event:** during week days in the Hospital's lobby (usually between 12:00 and 13:00), Aiko being level 2+. As Hanae is fantasizing on [Aiko](#), the [protagonist persuades Hanae that he could arrange a date between them and tells the nurse to settle in a room, spreading her legs and keeping her eyes closed. He then has the choice between persuading Aiko to lick Hanae's pussy (and tittying her at the same time) and to do it himself, pretending being Aiko: when Hanae realises that she has been tricked, she laughs and blow him.
- **3rd obedience event:** Saturday in her entrance between 18:00 and 19:00. The [protagonist](#) proposes Hanae to arrange a romantic date between one of his friends and her. Depending of their level, he can ask [Aiko](#) (level 3+), [Sarah](#) (level 3+) or [Shizuru](#) (level 2+) to come and have sex with Hanae. After a while, he joins them too and succeeds to have a double blowjob. Then the girl has left, Hanae rewards him with a thighjob.
- **4th obedience event:** during week days in Hospital lobby in presence of Shizuru being level 3+ (usually between 12:00 and 13:00). As [Shizuru](#) comes at the Hospital to have a physical examination, the [protagonist](#) pushes Hanae and her to have sex together. He joins them and begins to sodomize the nurse. When they are all surprised by [Aiko](#), the protagonist makes her leave or persuade her to join if she's level 4 and to be assfucked too.

If the [protagonist](#) spends a lot of time in [Eastside](#), Hanae isn't that difficult to rise until level 2: he can easily visit her at her home every morning or in the evening, which even gives him to opportunity to catch her in her toilets or in her bathroom. However, a bit less than a week is generally needed to raise her to level 1; it should happen at the beginning of the second week if you focus on her. The Stamina is the main limit when passing from level 1 to level 2: you can technically gain 11 Obedience points a day, if you can manage the Stamina -50 cost. But the end of the second week, you should be able to raise her level 2. You then have a full week to bring her on the threshold of 3rd level, but you must also raise another girl to level 2 or 3, [Aiko](#) or [Shizuru](#) being the easiest (depending of your strategy and of the opportunities you got): one week could maybe not be enough, eventually pushing the 3rd obedience event to the 4th Saturday. Last obedience event has the same problem, as you need at least Shizuru at high level (and also Aiko if you want to have the full scene). But as this event occurs during week-days, it's a bit easiest.

Hanae: a girl with taste

How to raise some other girls at the same time?

There is a natural dynamic for raising Shizuru and **Hanae** at the same time (and also [Aiko](#), who is also needed in both stories). This will require to send the [protagonist](#) spend his morning in [Eastside](#) instead of being at school, but it allows to raise them day after day. Each one of these girl can be used to unlock the 3rd level obedience event of the other one and is also implicated in the last obedience event.

If you prefer to raise Hanae in her apartment during the evening (instead of Eastside morning), you can then raise some other girls also living in Eastside: Aiko, [Kana](#), [Rin](#) or [Naomi](#)...

Additional scenes

- **Pact scene:** [Lily](#) grows herself a penis and vaginally fucks her, mentioning that this magical penetration doesn't deflowers the nurse.
- **Bonus event:**
 - *Beach fun* (level 1+, at any [Southside beach during week end, usually between 09:00 and 12:00 or 14:00 and 18:00]). The [protagonist joins Hanae when she's tanning on the beach in her very sexy swimsuit. Depending of her level, her can jerk off to cum on her, enjoy a titjob (level 2+) or an anal (level 4).
 - *Girlfriend vaginal sex* (girlfriend only - in any room) : the protagonist can insist to persuade Hanae to finally have vaginal sex with him. She agrees to try and discovers that she actually loves that. From this time, three different events are available with her in any room, depending of the day : missionnary vaginal sex (monday & wednesday), cowgirl vaginal sex (tuesday, thursday & saturday) and doggystyle vaginal sex (friday & sunday), naked or while

wearing underwear. Unfortunately, the protagonist discovers that this change in sexual habits of the nurse has got side effects on her faithfulness: good endings with her are not possible anymore.

- **Special events:** none for the moment
- **Guest star:**
 - [Shizuru's](#) 3rd Obedience event: at level 2+, Hanae can be led by the protagonist at Shizuru's home for a lesbian session.
 - [Shizuru's](#) 4th Obedience event: the protagonist is have sex in a Hospital room with [Aiko](#) and Shizuru. If Hanae is level 4, she can participate too.
 - [Utako's](#) 4th Obedience event: if the protagonist has chosen her clothes in 1st Obedience event and if she's level 4, Hanae can join Utako and him during the anal sex initiation of the librarian. The protagonist assfucks her to show Utako how good anal sex can be.
- **Teaser events:** none for the moment.
- **Endings:**
 - Good ending: [being still virgin will be needed] coming soon (v0.34)
 - Bad ending: the protagonist has left school and fucks Hanae's pussy as often as possible, like in the hospital. He also uses her in lesbian sessions to try to get back [Shizuru](#) too, but it will take time without the glasses.

Personal information

Hikari is very bossy and very mean with everybody except her mother. She always wants to be the best and to have the best, treating others like her subjects. With this kind of behavior, she can't really have any friends and neither a boyfriend. Noticing that romantic and sexual relationships are becoming more and more important for girls around her, she really wants to be the best yet again... but she needs to find a boy for that: a volunteer ready to obey her and to worship her body. As the [protagonist](#) progressively assumes this role, he discovers how sadistic Hikari can be in sexual matters...

Where to find her during her spare time (week-end, from 09:00 to 12:00 and from 15:00 to 18:00)

- **Mainly:** [Downtown](#) mall or one of the conbini
- **Sometime:** [Westside](#) library, School library, any restaurant

Each week day just after class, Hikari spends 30 minutes in girl's toilets from 17:30 to 18:00 to arrange her make-up and to listen girl's gossips. She takes her dinner very late at home, from 20:00 to 21:00.

Usual bath hour: 20:00 to 23:00

How to please her:

- Town provides a lot of sweet food & drink almost everywhere: Candy and chocolate, Huge cake in cafeteria, Coca cola, Redbull... Don't miss the mall food court (mexican meal at 80 \$ only). There is also Origami's bloody maria (100 \$)
- In mall jewellery: golden necklace (1.000 \$), ruby ring (2.000 \$) and diamond necklace (3.500 \$).

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Footjob	Blowjob, Titjob, 69, Cunnilingus	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Sexual preferences: (2) in domination, (1) in handjob, blowjob, footjob, titjob, masturbation, vaginal and anal sex.

Sexen farming: she's too rough to be an interesting source of sexen. Footjobs should bring 18 sexen a day thanks to her domination score, but for a -15 Stamina cost. The only good command for that is her level 2 cunnilingus command: 15 sexen a day for no stamina cost.

Secret: during Lily 4th obedience event, [Lily](#) gathers mothers and daughters for the protagonist. At this occasion, she mentions that only one of the three present daughters is actually born from her supposed mother. We can maybe suppose that Hikari is not [Mitsuko's](#) real daughter, but nothing is actually confirming or refuting this supposition.

How to unlock her?

At the protagonist's classroom, during any week day after the 1st one, from 09:00 to 09:59. For best Affection gain, choose to present yourself as class rep and make a funny speech (you will lose affection with [Saiko](#), but win for [Rin](#) and [Ayumi](#)).

How to raise her obedience?

Hikari is easy to rise, no specific strategy is needed. But having a lot of cash will be helpful you want to make her some presents: her gifts and her additional suits are quite expensive.

- **1st obedience event:** during week-end in her bedroom (usually between 12:00 and 15:00). Furious to find the [protagonist](#) in her bedroom, Hikari begins to sadistically punish him, rubbing his cock with her shoes before continuing with her bare feet.
- **2nd obedience event:** during week days in School girls' toilets (usually between 17:30 and 18:00). Having realized that girls in school are sexually far more experimented than she is, Hikari angrily tries to rise up to the level with the protagonist: sitting on his face for a rough cunnilingus, blowjob and facial ejaculation.
- **3rd obedience event:** during week-end in her bedroom (usually between 12:00 and 15:00). Hikari is even in bad mood than usual and tries to relax by sex with the protagonist. As the usual stuffs are not enough anymore, she decides to try vaginal sex for the very first time.
- **4th obedience event:** during week-end in her bedroom (usually between 12:00 and 15:00). Hikari has decided to reward the [protagonist](#) by inviting him to Entertainment Park. While they are playing kinky games in the Ferris wheel, the protagonist persuades her to try anal sex.

The main difficulty with Hikari is that she lives far away in [Westside](#): when you focus on her, you cannot spend that much time away from Westside. If you are ready for that, it won't be a problem to raise her if your Stamina can afford such treatment. With the teaser events, you should easily be able to raise her to 1st level during the first week-end and continuing like this, 2nd level obedience event should occur around second Wednesday or Thursday. As 3rd obedience event must occur during a week-end, it will be probably too short to have the 50 Obedience points for the second week-end... but if you really focus on her it's still possible, as she has three more daily commands at level 2! (4 with bed sixty-nine) One more week will be necessary for her level 4 obedience event, also occurring during a week-end.

It's a good idea to raise her to level 2+ if you are focusing on [Ryoko](#). When the maid will reach level 4, it will be time to choose between Hikari and her.

How to raise some other girls at the same time?

Hikari has the particularity to live and work in [Westside](#). If you focus on her, you will easily be able to raise at the same time the girls that spend a lot of time in Westside too: [Mitsuko](#), [Ryoko](#), [Okimi](#). You can also easily get some obedience point for any School's girl ([Rin](#), [Ayumi](#), ...) or even [Utako](#) the librarian, but as you will have to spend a lot of time in the Mansion, moving to another district will cost you a lot of time and won't be very efficient. The Mansion is quite far away in Westside and spending time here prevents you to be very active in any other district.

Additional scenes

- **Pact scene:** [Lily](#) begins to punish Hikari, before asking her to lick her pussy.
- **Bonus event:**
 - *Afternoon class peek* (Tuesday or Thursday afternoon in the gym girls' changing room, between 13:00 and 15:00). The protagonist spies [Rin](#), [Ayumi](#) and Hikari while they are changing. If they notice his presence and if the doll mode is available for the three girls, he can doll all of them and chose to sodomize Hikari. If he calls Hikari before being noticed (level 1+), she will join him at the 1st floor and make him a footjob.
- **Special events:**
 - *St-Patrick special event:* this event occurs when the protagonist meets [Sarah](#) (level 2+) anywhere in the museum during week-end. Sarah asks him to lead her kinky Irish friend, [Deirdre](#), to the entertainment park. In the park, the protagonist and Deirdre have several opportunities to have fun with other girls. Hikari is one of them and can be met in venue D. At level 2+, the protagonist can chose to follow her in the haunted house. Depending on the situation, the protagonist can lick Hikari's pussy or require Deirdre's help to have a blowjob from Hikari.
 - *Secret girl quest, 3rd step:* Hikari participates at the Origami's orgy organized by the [protagonist](#). She's tries to be better than the other girls, especially [Rin](#) and [Ryoko](#). This will lead her to try deepthroat. The protagonist can participate to this foreplay and can also sandwich her anally with another guy.
- **Guest star:**
 - [Ryoko's](#) 3rd obedience event: Hikari wants to punish Ryoko for her cooking. She asks the protagonist to punish her with his cook, but is quite frustrated when she notices that her maid actually enjoys it.
 - [Ryoko's](#) 4th obedience event: Hikari taunts Ryoko about her love for the protagonist, whom she pretends to be her own boyfriend. She doesn't realize that, as she's pretending this to her maid, he is actually assfucking her at the window. If the protagonist choses to reveal himself, he will either break Hikari's heart and humiliate her or if he chose to humiliate the maid and to confirm that he prefers Hikari over her, he will enjoy a blowjow from Hikari.
 - [Lily's](#) 3rd Obedience event: Hikari participates at the body exam in the classroom and fuck with the [protagonist](#).
 - [Lily's](#) 4th Obedience event: Hikari participates to the orgy organized by Lily. She's sodomized by the protagonist.
 - *School staff sexy uniform:* Hikari rewards the protagonist for his help with a passionate sex session in his own room. Depending of her obedience level, he will be able to enjoy her mouth, her pussy and her ass to finally cum in her panties. At this occasion, the protagonist has the opportunity to unlock Hikari's good ending is he passionately kisses her.
 - *Betraying Sarah's secret:* if the protagonist tells Hikari Sarah's secret past, she will take her revenge on the redhead by imposing her a rough and humiliating sex session at the mansion a Saturday morning. Being assfucked by the protagonist, Hikari cums on Sarah's head before imposing her to clean his cock. At this occasion, the protagonist unlocks Hikari's good ending.
- **Teaser events:**
 - *Make-up:* when she's in School girl's toilets in her work suit. If made level 1, the show option gives an extra Obedience point and Affection +5 for rubbing her pussy;

- *Gym uniform*: when she's in gym entrance a Tuesday or a Thursday between 13:00 and 15:00 in her work suit. If made level 1, the cock option gives an extra Obedience point and Affection +5 for a handjob;
- *Invasive pop-ups*: when she's in School computer room in her work suit. If made level 1, the rub option gives an extra Obedience point and Affection +5 for a handjob with cumshot on her breasts;
- *Like a street hooker*: when she's in Mall underwear shop in her casual suit. If made level 1, the rub option gives an extra Obedience point and Affection +5 for a handjob;
- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: Hikari has become a servile sex slave for the [protagonist](#), who begins to be quite dominant.

Sexen farming: at low level, it can be interesting to farm sexen with her masturbation command (30 sexen a day for no Stamina cost, more if you catch her in toilets or in her bath) but after that nothing much special. Not as good as Kana.

How to unlock her?

At arcade in [Downtown](#), during any week day from 13:00 to 17:00. No H scene. If you don't want to skip classes, try to catch her early...

How to raise her obedience?

You will need Academic 60+ to raise her, so the "academic student" profile is advised.

- **1st obedience event:** during the week end at her home between 12:00 and 14:00. When Kumiko refuses to follow her friends at the beach, the [protagonist](#) understand that she feels ashamed about her own body. He uses the glasses to persuade her to get used to show her body a little more and enjoys a first strip-tease from her. Choices of this event have no special consequences.
- **2nd obedience event:** at any time in [Downtown](#) arcade. Kumiko is now more daring to show her body and becomes bolder. The protagonist takes advantage of this to challenge her at an arcade game, the challenge quickly becomes a sexual game where the protagonist enjoys a blowjob and a titjob.
- **3rd obedience event:** in her apartment corridor in the presence of [Utako](#) (usually between 19:00 and 20:00). If he has Academics 60+, the [protagonist](#) persuades Utako to let him give a private lesson to her sister. The lesson turns into sexual games, Kumiko finally losing her virginity in the process.
- **4th obedience event:** in her apartment corridor (usually between 18:00 and 22:00). Kumiko wants to try something more daring, like having sex in her kitchen. The protagonist persuades her to try anal sex at this occasion, but they are surprised by [Utako](#). Depending of the librarian's level, she will leave, watch them while masturbating if level 3 or even participate and being sodomized too if level 4.

Her first obedience event being at her home, you need to quickly obtain the key of her entrance: the school alley relaxation event can help you to quickly gain more affection, or more obedience if you already have her apartment key. Depending of this, you can gain the 10 first obedience points in 4-5 days, if you succeed to catch her in school toilets from time to time. But as her first obedience event occurs during week-end, it probable that you won't be able to reach it before the 2nd Saturday (day 13). After that, all is going fast: two daily commands allowing reaching level 2 in just 3 days, you should be able to enjoy this second obedience event during the next Monday or Tuesday at the beginning of the afternoon. Reaching level 3 will mainly depend of the Academic level of the [protagonist](#), daily commands bringing 12 obedience points a day with the follow me order. Level 4 is easy too.

Kumiko has so much to learn...

How to raise some other girls at the same time?

Raising Kumiko to level 2+ is necessary to fully play [Utako's](#) story: these two can be raised together, but take care to not waste time if you want to raise Utako level 4 before her wedding date. Being at school, it's also easy to raise Kumiko at the same time than any other School's girl: [Kana](#), [Rin](#), [Ayumi](#), [Hikari](#), [Saiko](#), [Mitsuko](#), [Okimi](#), [Sarah](#), [Fujiko](#) or [Miwa](#).

In the evening, you can focus on any other [Downtown](#) girl at the same time than Kumiko Utako of course, but also [Yatsumi](#), [Anael](#), [Saiko](#), [Ayumi](#) and [Fujiko](#). Those last three having the same geographical pattern than Kumiko, they are especially easy to rise at the same time.

Additional scenes

- **Pact scene:** [Lily](#) licks Kumiko's pussy until she come, and then asks her to lick her own juice on her face.
- **Bonus event:**
 - *School alley relaxation* (any level, in school alley during week-days between 11:00 and 15:00). No H-scene. The [protagonist](#) find Kumiko relaxing alone in the alley. He can choose between massaging her shoulder (Affection +5) or stroke her breasts (Obedience +1, Affection -1).
 - *Convoked by the principal* (level 2+, in junior classroom during week-days between 08:00 and 10:00). The [protagonist](#) falsely pretend that Kumiko is convoked by the principal and lead her out of her classroom, to a desert alley where they can have fun with her against the wall depending of her level, choosing between deepthroat, vaginal (level 3+) or even anal sex (level 4).
- **Special events:**
 - *Easter special event:* this event occurs Saturday 34th day, when the protagonist leaves his room and meets [Kana](#). After the easter eggs distribution, you can join Kumiko and have oral (level 2+), vaginal (3+) or anal sex (4) with her. In

case of anal, you can be joined by [Mitsuko](#) (if level 3+). Kumiko can also intervene in [Kana's](#) level 4 option or [Okimi's](#) level 4 option.

- *Secret book quest*, step 3: the [protagonist](#) searches a rare book able to inform him about how to control both [Lily](#) and [Anael](#). In the third step, he finds the book with the help of Kumiko, [Utako](#) and [Kristina](#) and all summon an ancient goddess to discover this secret.
- **Guest star:**
 - [Utako's](#) 2nd obedience event: Kumiko needs to be level 2+ to trigger this event, where she's surprised by her sister when she's blowing the protagonist in their apartment.
- **Teaser events:** none for the moment.
- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: the protagonist has left school and works at the arcade, where he can fuck Kumiko every afternoon. [Utako](#) has enough of her sister and the protagonist behavioral at her home and decide to take her own way, letting the couple to find a way to earn a living by themselves.

The principal blows the protagonist as he's stroking Lily's pussy, and Lily is finally licked by both Mitsuko and the protagonist until she comes.
- **2nd Obedience event:** during week-days, anywhere between 19:00 and 19:59. Lily leads the [protagonist](#) to his own house to enjoy a dinner with [Aiko](#) and [Kana](#). The dinner quickly turns to an orgy: Aiko and Kana satisfies each other as Lily blows the protagonist until enjoying a cum-in-mouth.
- **3rd Obedience event:** during week-days, in senior classroom between 7:00 and 8:59. Lily steps into the classroom and uses her magic to organise a kinky body

examination. Thanks to Lily's magic, the [protagonist](#) fucks [Saiko](#) and each classmate one after the other, finishing with Lily herself.

- **4th Obedience event:** during week-end, at Lily's shrine at any hour. Lily has organised a small orgy gathering mothers and daughters: [Aiko](#) & [Kana](#), [Naomi](#) & [Rin](#), [Mitsuko](#) & [Hikari](#). The protagonist have some sex with all of them one after the other, even assfucking Aiko, Hikari, Naomi and finally Lily herself.

Lily is very difficult to rise, for a lot of reasons. First of all, she can become playable during the 8th day. On top of that, she never goes to pee or bath: the "follow me" order is the only way to gain Obedience during weeks, so she progresses very slowly at the beginning. Finally, she's difficult to find when she wanders in town so, even when the [protagonist](#) has more options to raise her Obedience, it will ask him some efforts to do so... and a high Stamina will be required! When you focus on her, try to get all her teaser events to gain quickly Obedience points: depending of your luck on her location, you could bring her to level 1 in 4-5 days instead of 10, but these events are not discreet at all and will bring a lot of attention on the protagonist (Suspicion is not yet implemented, but it will be soon). If you have missed some teaser event at level 0, do them at level one: each one of them will give you 2 Obedience points now. Lead her to a bedroom every day to have a handjob in the three stances, raising your Obedience daily gain to 4.

How to raise some other girls at the same time?

Lily can be almost everywhere, but during weeks she is in entertainment place as everyone else is working. When you focus on her, you will only have some chance to raise girls who works in such places: tellers, mall merchants or lifeguards (not playable yet). Unfortunately, she doesn't go in place like school or hospital...

Additional scenes

- **Pact scene:** she's implicated in pact scene with each other girl.
- **Special events:**
 - *Demonic shop* (a moment after Aiko's pact, when the [protagonist](#) steps into a public place). Lily informs the protagonist that he can now purchase spells from her. This event doesn't have any H-scene.
 - *Lily's plan* (a Sunday at Lily's shrine, when Lily is level 2+). Lily explains the protagonist how they will be able to trick [Anael](#) and to corrupt her spell. This event takes place in the *Ending game* quest but doesn't have any H-scene.
- **Teaser events:**
 - *In the subway:* when she's in the subway in her casual suit. If made at level 1, the cunni option gives an extra Obedience point for a public pussy licking and Affection +5;
 - *A pressing urge:* when she's in [Eastside](#) Park in her casual suit. If made at level 1, the cleaning option gives an extra Obedience point for an extra blowjob and Affection +5;
 - *Beach time:* when she's at any beach place in her casual suit. If made at level 1, the fingering option gives an extra Obedience point for a public fingering and Affection +5;

- *Aquatic Park*: when she's at Aquatic Park. If made at level 1, the orgy option gives an extra Obedience point for a public orgy and Affection +5;
- *Entertainment Park*: when she's at Entertainment Park in her casual suit. If made at level 1, the "take advantage" option gives an extra Obedience point for an urgent toilet fuck and Affection +5;
- *Restaurant*: when she's in any restaurant (except those in Aquatic Park) in her casual suit. If made at level 1, the dessert option gives an extra Obedience point for a public blowjob and Affection +5.

level 1 only

Marylin is the Town Hall's secretary. She's one generation older than the [protagonist](#) and is married with [Zenji](#).

No particular friends known.

Personal information

The protagonist quickly discovers that Marylin has two serious problems in her daily life. The first one is her husband condition, Zenji: he's paralyzed from the low part of his body, including erection. Marylin hasn't any sexual life with him anymore and she's the only one being able to pay the bills and the cure. So, she desperately needs her job! Her second problem is that her boss, the [Mayor](#), is perfectly aware of all that and takes advantage of the situation: as she cannot quit, he sexually abuses her as soon as he can. The [protagonist](#) will progressively become a friend of the couple, persuading them to find a way to heal Zenji by visual stimulation. When he will finally succeed, he will persuade them to do threesomes.

Where to find her during her spare time (week-end from 14:00 to 18:00)

- Mainly: [Downtown](#) mall or one of the combini
- Sometime: [Eastside](#) park, [Southside](#) beach, [Northside](#) museum

She spends all her week-end morning at home to take care of her husband, after that she goes to the Mall lingerie shop from 13:00 to 14:00.

How to please her:

- Town provides a lot of sweet food & drink almost everywhere: Candy and chocolate, Huge cake in cafeteria, Coca cola, Redbull...
- In mall jewellery: golden necklace (1.000 \$), ruby ring (2.000 \$) and diamond necklace (3.500 \$).

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands

Bath/pee commands: the basic set of commands			
Night options: the basic set of options + accidentally awake her husband + fuck her asleep in front of her husband (vaginal, anal)			

Sexual preferences: (2) in threesome, (1) in handjob, blowjob, masturbation, exhibitionism, vaginal and anal sex.

Secret: She doesn't have any secret.

How to unlock her?

In the town hall, any day between 09:00 and 17:00. The protagonist watch her giving a blowjob and being fucked by the Mayor.

How to raise her obedience?

All strategies are good for raising Marylin, but you will need a reasonable amount of cash during the first obedience event. That's why that's a "late girl" that you cannot raise in the early game.

- **1st Obedience event:** during week-end in the underwear Mall shop of [Downtown](#) (usually between 13:00 and 14:00) with a cost of 300\$. If the [protagonist](#) offers Marylin a 300\$ sexy lingerie corset, she brings him at her home to present him her husband and explain his medical situation. The protagonist persuades them that Zenji could eventually heal if he's stimulated enough by watching his wife doing sexy things with another man. He can enjoy a handjob from Marylin and cum on her face in front of her husband.
- **2nd Obedience event:** not available yet (v0.34)
- **3rd Obedience event:** not available yet (v0.35)
- **4th Obedience event:** not available yet (v0.36)

Except the cash problem of the first event, Marylin is easy to raise: she has an extra command from level 1 and is quite available during the evening in her Westside house.

How to raise some other girls at the same time?

During the day, Marylin is not that easy to reach: in his daily life, the [protagonist](#) don't have any occasion to be in the town hall, which is located in Southside. If he does that effort, it will be possible to raise Marylin at the same time than other Southside's girls : [Eimi](#) and [Yae](#) (and later : [Shiho](#) and [Kinu](#)).

It's easier to raise Marylin when she's at home, in Westside, where a lot of other girls are available: [Mitsuko](#), [Hikari](#), [Ryoko](#) and especially [Okimi](#) who have quite a slow progression and who is a kind of "late girl" too.

Additional scenes

- Pact scene: Lily makes Marylin lick her pussy and suddenly makes appear a cock, deepthroating her by surprise before enjoying vaginal sex with her in the piledriver position.
- Obedience events: previously mentioned.
- Bonus event: none for the moment
- Special events: none for the moment. An emancipation will be required to be able to date her.
- Teaser events: none for the moment.
- Endings:

Personal information

Mitsuko is bored in her life. A serious status, a serious job, not that much fun... As she has a great body, she's progressively playing to discreetly exhibit it during her work: very short skirts, sometime wearing no panties, just for the thrill. When the [protagonist](#) discovers that, he progressively encourages her to go further and further into public exhibition, still paying attention to never been caught, of course.

Usual bathing hours: 21:00 to 23:00

How to please her:

- Northside restaurant's chop suei (100 \$) or Mall Japanese restaurant's yakitori or nagirisushi (both at 100 \$)
- Origami's drinks (beer 30 \$, champagne 300 \$)
- In mall jewellery: golden necklace (1.000 \$), ruby ring (2.000 \$) and diamond necklace (3.500 \$).

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Show tits, Show ass	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Mitsuko has a special blowjob action: depthroating is a submissive blowjob (giving more sexen).

Sexual preferences: (2) in Exhibitionism and Submission, (1) in everything else.

Sexen farming: unfortunately her exhibitions don't bring any sexen. She's easy to rise, but no sexen for that! Her submissive blowjobs bring a bit more sexens than usual blowjobs (6 sexen for each).

Secret: during [Lily](#) 4th obedience event, Lily gathers mothers and daughters for the protagonist. At this occasion, she mentions that only one of the three present daughters is actually born from her supposed mother. We can maybe suppose that Hikari is not Mitsuko's real daughter, but nothing is actually confirming or infirming this supposition.

How to unlock her?

At the [protagonist's](#) classroom, during any week day after the 2nd one, from 17:00 to 17:59. Ask her about her panties and ask her to show you to gain more Obedience, even if you lose 10 Affection.

How to raise her obedience?

Mitsuko is easy to rise, no specific strategy is needed.

- **All Obedience events:** during week-end in her office (usually between 09:00 and 12:00). Each time, the [protagonist](#) leads Mitsuko through an exhibitionism challenge in a public place. The first event leads them to the School roof top, with Mitsuko being nude. The second event occurs in the Subway, where Mitsuko must give him a blowjob in a middle of a crowd. The third event is in [Eastside](#) park, where they are almost caught naked by passing people and they finish to fuck in the bushes. The last event occurs at [Southside](#) beach, where they both finish naked on an isolated beach where the protagonist assfucks her.

As she has an extra command from level 1, Mitsuko is very easy to rise. The tricky part is to not miss her obedience events, always occurring during weekends... and some of them spend actually quite a lot of time. You must probably expect one week between each obedience event, so four weeks to bring her to level 4.

As you meet her very late during the first week, you need to make a real effort to be able to have her first event during the first weekend: 2 point from the intro, 4-5 follow me (Wed-Thu-Fri-Sat, maybe even Sun), two teaser events... You'll have to catch her in her bath or in toilets a couple of time to be able to have your ten points for Sunday morning.

If you rise [Ryoko](#), it's a good idea to have Mitsuko level 3 before the maid's 3rd obedience event.

How to raise some other girls at the same time?

Mitsuko has the particularity to live and work in [Westside](#). If you focus on her, you will easily be able to raise at the same time the girls that spend a lot of time in Westside too: [Hikari](#), [Ryoko](#), [Okimi](#). You can also easily get some obedience point for any School's girl ([Rin](#), [Ayumi](#), ...) or even [Utako](#) the librarian, but as you will have to spend a lot of time in the Mansion, moving to another district will cost you a lot of time and won't be very efficient. The Mansion is quite far away in Westside and spending time here prevents you to be very active in any other district.

Additional scenes

- **Pact scene:** [Lily](#) grows herself a cock to enjoy a blowjob from Mitsuko before fucking her pussy.
- **Bonus event:**
 - *Convoked by the principal* (level 2+, being surprised in the school hall between 08:00 and 12:00 during week days). [Fujiko](#) leads the protagonist to the principal's office, where she shows him how the school uniform suits her own body. She takes advantages of him being aroused by her body to obtain some confession about the students with who he actually has sex. The more names

he gives the more he will be able to do with Mitsuko's. Depending of the principal's level, he can mention [Rin](#) for a blowjob, [Ayumi](#) for a vaginal fuck (level 3+) or even [Hikari](#) for an anal fuck (level 4).

- **Special events:**

- *Christmas special event*: this event occurs 24th evening in the hour before midnight, in the Mansion's entrance if Mitsuko is level 3+. The protagonist dreams of Mitsuko preparing her family's Christmas. He leads her in [Hikari's](#) bedroom and, just in front of the sleeping girl, he fucks her mother or even sodomizes her (if level 4), as she tries to stay silent to not awake Hikari.

- **Guest star:**

- [Okimi's](#) 4th obedience event: Mitsuko can be seen peeing in the stall just near the one where Okimi is sodomized.
- [Sarah's](#) 2nd obedience event: no H-scene. Mitsuko argues with Sarah.
- [Ryoko's](#) 3rd obedience event: Mitsuko surprises the [protagonist](#) just after he has fucked Ryoko in her saloon. Depending of her level, the protagonist can enjoy a masturbation scene in the garden (level 1+) or even to follow her in her bedroom to fuck her (level 3+) while Ryoko is secretly watching. Depending of which girl he wants to frustrate, he can cum in Mitsuko's pussy or not.
- [Lily's](#) 1st Obedience event: Mitsuko is implicated in Lily's trick in the subway. She's ordered to blow the protagonist, and then to lick Lily's asshole.
- [Lily's](#) 4th Obedience event: Mitsuko participates to the orgy organized by Lily. She's assfucked by Lily while the protagonist is doing the same thing to her daughter.

- **Teaser events:**

- *Spreading legs*: when she's in the cafeteria in her work suit. If made level 1, the panties option gives an extra Obedience point for a pantyless upskirt and Affection +5;
- *Saiko's pantyhose*: when she's in the teacher's office in her work suit. If made level 1, the rub option gives an extra Obedience point for a handjob and Affection +5;

- **Endings:**

- Good ending: not yet implemented
- Bad ending: the protagonist stays at school, having sex with Mitsuko as soon as possible. At the mansion, he became the ruler through his sex slave and [Hikari](#) finally gets the punishment she deserved since a long time.

Sexen farming: Naomi isn't that good to farm sexen, but she has the advantage to be always alone in a place where chair and bed are not far at all. So if you can afford it with you stamina, you can easily bring her to her room and spend a couple of hour of various sex in the three stances to grab 80 sexen (6 for the handjobs and the titjobs, 18 for the blowjobs, 8 for the 69, 12 for the assrub, 15 for the vaginal and the anal sex) for Stamina -95! How to raise her obedience?

Naomi is easy to rise, no specific strategy is needed.

- **All Obedience events:** during week-days in her study room at any hour. The first time, the [protagonist](#) discovers the subject of Naomi's book. After that, each even happens to give some inspiration to Naomi, as she's becoming more and more submissive. The 1st event leads to a handjob with facial cumshot, the 2nd one to blowjob and assrub, the 3rd one to vaginal sex with bondage and the 4th one to anal sex with bondage and blindfold.
- **In the 4th Obedience event,** Naomi and the protagonist are interrupted by [Rin](#). If the young girl is level 4, she will join them and Naomi will have a double penetration

As she's always at the same place and her obedience events are easy to catch, Naomi is very easy to rise. It could be a good idea to quickly lead her to level 4 as she can be useful for high level obedience events for [Shizuru](#) (3rd obedience event) or [Utako](#) (4th one).

How to raise some other girls at the same time?

Naomi always being in [Eastside](#) makes easy to raise any other girl who works or lives in this district: [Rin](#) of course, but also [Aiko](#), [Kana](#) and [Hanae](#). If the [protagonist](#) spends some daytime instead of being at school, he can also raise [Yatsumi](#).

Night options: the basic set of options			

Okimi has a special blowjob action: face fucking is a submissive blowjob (giving a bit more sexen).

Sexual preferences: (2) Blowjob, (1) Masturbation, Submission, Titjob, Vaginal and Anal sex.

Sexen farming: at level 1, the protagonist could easily gain 15 sexen a day by fingering her in the three stances without spending any Stamina (the school infirmary or her bedroom are the best places). From level 2, her oral appetite will bring around 50 sexen a day (blowjob in the three stances, 69 on bed, eventually blowjob in her bath or in toilets) *[even more when the submissive version of blowjob will be implemented]*.

Secret: She doesn't have any secret.

How to unlock her? Any weekday, in the junior classroom, between 17:00 and 18:30. No H-sequence.

How to raise her obedience?

All strategies are good, but the Athlete profile can give you the Fitness required for a better option in 3rd obedience level.

- 1st Obedience event: during week-end in Eastside park forest (usually between 08:00 and 10:00). The protagonist watches [Benito](#) harassing Okimi. He interferes and has the opportunity to finger her, without realizing that Benito is taking pictures of the scene.
- 2nd Obedience event: during weekdays in the junior classroom, between 7:00 and 8:00. Benito harasses Okimi again and starts to blackmail her with some embarrassing pictures of the protagonist and her. The protagonist must choose between watching him raping her mouth or defending her (affection +5 and a gratitude blowjob – will be required for good ending).
- 3rd Obedience event: during weekend in Okimi's entrance, between 22:00 and 22:59. The protagonist helps Okimi to trick Benito to destroy the embarrassing pictures. When the protagonist is destroying these pictures, Benito begins to anally rape Okimi. The protagonist takes some pictures of the rape and then must choose between hide and intervene (will be required for good ending). If he hides, he can hug her (Affection +5) or abuse her too (Affection -30, bonus fuck); if he intervenes, he can beat Benito (Fitness 70 required, Affection +10, bonus fuck) or be beaten (Affection +5) . In any cases, Benito is sent to jail for this rape. *This event will give more options in [Shizuru's](#) introduction scene, if that hasn't happen yet.*
- 4th Obedience event: week-end in school's girls' toilets (usually during weekend between 12:30 and 13:00). Okimi feels shameful to be still perturbed by her anal rape. The protagonist persuades her to try anal sex in better condition to chase the bad memories. Hidden in the toilets, he begins to gently sodomize her. When [Mitsuko](#) enters the room to pee too, the protagonist continues silently, giving Okimi an anal orgasm. Choosing between coming inside or outside has no particular effect.

She's difficult to rise at low levels because the protagonist has very few opportunities to gain Obedience with her. The first obedience event is catchy, as it occurs during a week-end. It will be very difficult to get the 10 Obedience points for the first weekend, and for that you must unlock her the first Tuesday after classroom: it will bring you 6 points until Sunday by the Follow me command. Teaser events give you two or three more points. You will have to stalk her in the school's toilets (as you cannot enter her home yet) to get the missing point. Most likely, you will be able to rise her at level 1 only the second week-end.

At this point, getting 15 more Obedience points in five days is not difficult: leading her early morning in the school infirmary and fingering her in the three stances will give you 4 obedience points a day without losing any Stamina. You should access 2nd obedience event the morning of 2nd week's Friday. After that, everything is fast enough, even if her 3rd obedience event happens in a very busy spot (week end evening, especially Saturday night).

How to raise some other girls at the same time?

As Okimi spends a lot of time in school, it's easy to raise other students or teachers when you focus on her, especially [Mitsuko](#) and [Hikari](#) who both spend a lot of time in Westside. So does [Ryoko](#).

When she's almost level 3, it's difficult to raise [Saiko](#) and her at the same time because their 3rd obedience event also happen at the same time: you will have to choose which one will gain her level 3 or, if you can, do Saiko the Saturday evening and Okimi the Sunday evening.

A devoted teacher

Additional scenes

- Obedience events: previously mentioned.
- Pact scene: [Lily](#) creates herself a penis and facefucks her until reaching her oesophagus.
- Bonus event: *classroom fingering* (level 2+, in the junior classroom during weekdays between 10:00 and 12:00). Hidden under Okimi's desk, the protagonist is discreetly fingering her while she's giving her lesson to junior students.
- Easter special event: this event occurs Saturday 34th day, when the protagonist leave his room and meet [Kana](#). After the easter eggs distribution, you can join her and have oral (level 2+), vaginal (3+) or anal sex (4) with her. In case of anal, you can be joined by [Kana](#), [Kumiko](#) or both of them (level 3+required for them).
- Teaser events:
 - *cafeteria's incident*: when she's in school cafeteria in her work suit. If made at level 1, the rub option gives an extra Obedience point for a discreet handjob and Affection +5 ;

- *the lost keys*: when she's in street C in her work suit. Helping her give Affection +5 but you will have to choose to ask her to undress (Affection -2) if you want the Obedience point. If made at level 1, the rub option gives an extra Obedience point and Affection -3 ;
 - *tattoo*: when she's in the teachers office with [Sarah](#), both in work suit. If made at level 1, the panties option gives an extra Obedience point and Affection +5; if Sarah is also level 1+, it also lead you to the rub option giving you the same gain with the redhead.
- Endings:
 - Lover ending: [requires that the protagonist has tried to defend her at least one time in 2nd or 3rd obedience event]. Okimi's ex-husband is finally condemned to jail for years. Relieved, Okimi makes love with the protagonist in the tribunal's toilets. Five years later:
 - normal lover ending : Okimi and the protagonist officially announce to his family that he's about to finish University and that they are going to be married. After the guest have left, Okimi and the protagonist make love in their room and talk about face fucking, that the protagonist doesn't dare to ask her to do, to not remind her Benito. Okimi reassure the protagonist and tell him that she actually enjoys being face fucked if it's by him.
 - pregnancy lover ending (requires 35 cum in Okimi's pussy during the game): identical story, with a huger belly.
 - Slave ending: as Okimi became his sex slave, the protagonist has sex with her every time he can, like in her classroom or the evening in their bedroom while trying bondage with sexy lingerie.

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Handjob	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Rin has a special blowjob action: masturbating blowjob (giving more sexen when she comes too)

Sexual preferences: (2) in Lesbian and Threesome, (1) in everything else

Sexen farming: when she reaches level 2, the daily duo special command is good to gain sexen with no Stamina cost (tribadism and then cum: 15 sexen from Rin and 15 from Ayumi). Unfortunately, only one stance available: not really farming, but it's could be useful... and Rin and [Ayumi](#) are often together. Her masturbating blowjob special command allows gaining more sexen than usual with this command: 10 sexen for each stance.

Secret: Rin doesn't even know that she has a [secret](#).

How to unlock her?

She's automatically unlocked in day 1 sequence, with a couple of upskirts. At this occasion she is said to be clumsy, but it doesn't appear anymore after that.

How to raise her obedience?

Rin is difficult to rise because after level 1 she must gain each new level with [Ayumi](#) and to raise both girls, you need to get enough Obedience points for each of them... and all this cost a lot of Stamina. The Athlete's profile could be useful... and conveniently enough, Ayumi and Rin are often at school.

- **1st Obedience event:** during week-days in School art room (usually between 17:30 and 18:00). Rin asks the [protagonist](#) to show her his cock. After having experienced visual stimulation by showing her boobs, she tries to rub it and finally gets a cumshot on her breasts.
- **All following Obedience events:** during week-end in [Ayumi's](#) bedroom with Ayumi being present (usually between 14:00 and 16:00). Each time, Rin and the protagonist persuade Ayumi to try new sexual experiences. It starts with blowjob, boob strokes and fingering (level 2), vaginal sex one after the other and with a quick threesome (level 3) and finally anal sex (level 4), while Ayumi endures a quick an unexpected double penetration thanks to Rin's belt dildo.

The best you can do is to reach 2nd Obedience event during the second week-end: it lets you 13-14 days to collect the 25 Obedience points needed for Ayumi and Rin. As level 2 gives a lot of daily commands to both girls, you can easily raise them in one week (you need to gain 3 Obedience points by day for each of them: 20 Stamina needed) but you won't have much time to take care to other girls. Passing from level 2 to level 3 in only one week is almost the same (it requires around 4 Obedience points by day for each of them: 30 Stamina needed). Level 4 is more difficult as you need 2x50 Obedience points: you must gain 8 Obedience points by day for each girl (70 Stamina needed) if you want to do it in one week.

How to raise some other girls at the same time?

Rin can and must be raised at the same time than [Ayumi](#). Aside this, it's difficult to raise some other girls when you focus on those ones. First of all because it requires a lot of effort to get enough Obedience points for both Rin and Ayumi, especially in only one week if you want to have a new level each week. However, as Rin is easily accessible in [Eastside](#), you can have some occasion to raise some other girls who lives in this district: [Aiko](#), [Kana](#), [Naomi](#), [Hanae](#). You can always try to get one of them...

Rin and Ayumi, always together

Additional scenes

- **Pact scene:** [Lily](#) enjoys a lesbian tribadism with Rin.
- **Bonus daily events:**
 - *Duo karaoke* (anytime in Karaoke room with [Ayumi](#) being present, usually week-end from 16:00 to 18:00). The [protagonist](#) meets the girls singing at karaoke. If they are Obedient enough (level 2+), he can persuade them to study female or male anatomy, allowing either a pussy fingering or a handjob followed by a blowjob.
 - *Afternoon class peek* (Tuesday or Thursday afternoon in the gym girls' changing room, between 13:00 and 15:00). The protagonist spies Rin, [Ayumi](#) and [Hikari](#) while they are changing. If they notice his presence and if the doll mode is available for the three girls, he can doll all of them and ask Rin to ride him. If he calls Rin before being noticed (level 2+ required for both girls), Rin and Ayumi will join him at the 1st floor and offer him a handjob with a blowjob until he comes on her faces.
 - *Vibrator events*: if the protagonist gives a vibrator to her (level 3+), he will be able to turn it on during school. First time, it's an unique special event that can be triggered in the morning only: the protagonist discover then that both Rin and Ayumi are wearing a vibrator : he can obtain a vaginal intercourse with Rin or an anal one with Ayumi (if level4). [More events will be added later].
- **Special events:**
 - *St-Patrick special event*: this event occurs when the [protagonist](#) meets [Sarah](#) (level 2+) anywhere in the museum during week-end. Sarah asks him to lead her kinky Irish friend, [Deirdre](#), to the entertainment park. In the park, the protagonist and Deirdre have several opportunities to have fun with other girls. Rin is one of them and can be met in venue B, with [Ayumi](#) (of course!) At level 2+, the protagonist can chose to follow Rin in the Ferris wheel, and a

blowjob challenge is made between Rin, Deirdre and himself. If he has a Fitness score of 40+, he can win this bet and cum on the girls naked bodies.

- *Secret girl* quest, 3rd step: Rin participates at the Origami's orgy organized by the [protagonist](#). She takes advantage of the situation to try bukkake with a lot of customers. The protagonist can participate to this foreplay and can also sandwich her in DP with two other guys.
- **Guest star:**
 - [Naomi's](#) 4th Obedience event: Rin surprises the [protagonist](#) fucking her mother in the study room. If she's level 4, she joins them and helps him to DP her mother with her belt-dildo.
 - [Lily's](#) 3rd Obedience event: Rin participates at the body exam in the classroom and fuck with the protagonist.
 - [Lily's](#) 4th Obedience event: Rin participates to the orgy organized by Lily. She's fucked by the protagonist before being DPed by Lily.
 - [Shizuru's](#) 3rd Obedience event: at level 3+, Rin can be led by the protagonist at Shizuru's home for a lesbian session.
- **Teaser events:**
 - *Subway*: when she's in the subway in her work suit. If made at level 1, the rub option gives an extra Obedience point for a discreet handjob and Affection +5;
 - *Waxing discussion*: when she's in school Cafeteria in her work suit and [Ayumi](#) is also present. Choosing Rin gives Affection +3. If made at level 1, the touch option gives an extra Obedience point and Affection +1;
 - *Aquatic park*: when she's at the entrance or the lobby of the aquatic park in her casual suit. If the [protagonist](#) pays for both ticket (-10 \$), Affection +3. If made at level 1, the help option gives an extra Obedience point for a quick handjob and Affection +2;
 - *The pretender*: when she's in the school main hall in her work suit. If made at level 1, she accepts to follow the protagonist in the toilets, which gives an extra Obedience point for a quick handjob with cumshot on breasts.
- **Special daily command**, dailyduo: at level 2+, the [protagonist](#) can have a threesome with Rin and [Ayumi](#). He can let the girls have fun together with tribadism or (Rin level 3+) fuck Rin as she licks Ayumi's pussy.
- **Endings:**
 - **Lover ending**: when they both finish school, Rin and the protagonist are rewarded by a parachute jump. They have sex in the helicopter before the jump, Rin releasing cum from her mouth during the jump. Five years later:
 - normal lover ending : Ayumi comes at their home when they are about to have sex. Rin accidentally discovers her succube powers. After a threesome with a doll Ayumi, the protagonist tells the truth to Rin about her real nature and finally lead her to her real mother.
 - pregnancy lover ending (requires 25 cum in Rin's pussy during the game): Rin and the protagonist are both at the university, before a visit with the gynecologist. As the protagonist is secretly worrying about their child's demonic ascendance, Rin needs more and more sex during her pregnancy because of her succubus nature: she makes a blowjob to the protagonist after teasing him and finally insists to have anal sex right now.
 - **Slave ending**: the protagonist uses Rin being his sex slave to try to also get back [Ayumi](#) and [Naomi](#), but it will take time without the glasses.

As she's not far from the school during week days, the [protagonist](#) can be at school and raise her without any problem, going to the mansion during lunch time or the evening after courses. All strategies are good.

- **1st Obedience event:** during weekdays in Mansion corridor B (usually between 11:00 and 13:00). The protagonist surprises her while she's cleaning the bath hub. His clothes having being sprayed by some very tough cleanser, her undresses and obtains a handjob. Ryoko feels flattered by the protagonist's interest for her body.

The [protagonist surprises her while she's playing with [Hikari's](#) sextoys, complaining about Hikari's remarks about her body. - **3rd Obedience event:** during weekdays, in Mansion salon A with [Hikari](#) being present (usually between 20:00 and 21:00). Hikari is enraged against Ryoko and the meal she has cooked. About to punish her with a hard carrot, Hikari sees the protagonist and asks him to punish the maid for her. He uses the glasses to persuade Hikari to fuck her as a punishment, until Hikari ends all this, feeling unsatisfied by the punishment. Leaving the room, the protagonist meets [Mitsuko](#) who was spying them the whole time. Depending on Mitsuko's obedience level, he will have to leave or could benefit better option: masturbation in the garden (level 1+) or vaginal sex in her bedroom (level 3+). Coming in Mitsuko's pussy while Ryoko is watching will disappoint her (Affection -25), but holding on will disappoint Mitsuko (Mitsuko Affection -5).
- **4th Obedience event:** during weekend in Mitsuko's bedroom (usually between 10:30 and 11:30). While cleaning Mitsuko's room, Ryoko asks the [protagonist](#) to become her boyfriend. During this discussion, [Hikari](#) keeps talking to her from outside through the open window, mocking her about her feelings for the protagonist. The protagonist takes advantage of the situation to sodomize Ryoko, while Hikari keeps humiliating her verbally without knowing what is really happening: she tells Ryoko that the protagonist is her own boyfriend and that the maid will never have it. He must now choose between humiliating Hikari by assfucking Ryoko right in front of her (will be required for good ending, Hikari Affection -50) or if Hikari is level 2+, humiliating Ryoko by publically choosing Hikari (Affection -5, bonus blowjob with Hikari).

Ryoko is an easy girl, starving for man's attention and ready to any sexual compromise to satisfy the protagonist: she's easy to find, and she has a lot of commands allowing raising her quite quickly. The only limitation is the opposition between Hikari and her: at the end, the protagonist can't have both of them and a choice will have to be made.

How to raise some other girls at the same time?

As Ryoko is almost always in [Westside](#), it is easy to raise all the school's girls when you focus on her, especially [Mitsuko](#) and [Hikari](#) who also spend a lot of time in Westside (and also [Okimi](#)). It is a good idea to raise Mitsuko to level 3 before Ryoko, to fully enjoy all the options of the maid's 3rd obedience event.

The first time a boy actually pays attention to her

Additional scenes

- **Pact scene:** [Lily](#) creates herself a penis and inflicts her ass-to-mouth, finally covering her face with a thick load of cum.
- **Special events:**
 - *Secret girl* quest, 3rd step: Ryoko participates at the Origami's orgy organized by the protagonist. She takes advantage of her breasts to titjob a couple of customers. The protagonist can participate to this foreplay and can also DP her with another guy.
- **Bonus event:**
 - *Shop assrub* (level 2+ in the mall clothes shop, usually on Saturday between 15:30 and 17:00). While Ryoko is trying some sexy clothes, the [protagonist rubs his cock on her ass and covers her with cum.
- **Teaser events:** none for the moment.
- **Endings:**
 - **Lover ending:** Ryoko leaves her maid job to become saleswoman at the mall. When the protagonist decide to leave the town to go to University, she agrees to follow him. They celebrate that decision by fucking in the shop changing room, where they also decide together to less finish in Ryoko's mouth if they actually want to have children one of those days... Five years later:
 - **normal lover ending :** the protagonist go back home one evening after his work day of insurance company inspector. Ryoko makes him a surprise, by wearing one more time her old maid uniform. She's persuaded that uniforms especially arouse the protagonist. Excited, she pleases him with her ass and finishes him with an ass-to-mouth.

- pregnancy lover ending (requires 25 cum in Ryoko's pussy during the game): identical story, with a huge belly. Sexual acts sequence is different: assjob, milky titjob, and finishing blowjob.
- o Slave ending: the protagonist and Ryoko being his sex slave are used to fuck in [Hikari](#)'s room, playing with her sextoys. One evening, he brings her to the Origami club as she is wearing Hikari's clothes and offers her to the other customers while he's fucking [Emiri](#) on the bar.

Saiko is the protagonist's teacher in [Westside](#) School. She's one generation older than the [protagonist](#) and is single.

No family known. [Emika](#) is her friend. [Rin](#), [Ayumi](#) and [Hikari](#) are her students, as [Ryusei](#) and [Kanto](#).

Personal information

She is a lively girl enjoying booze, sometimes too much and tries to behave younger than she is during her free time which contrast with her professional attitude during work time. Saiko is very appreciated by boys in her classroom: she's sexy and she has impressive breasts. She's less popular amongst girls, who are jealous of her hot attitude with boys. Despite the facts that she refuses to flirt with her own students, Saiko likes that situation because she doesn't want to realize that she's ageing and that she's not as young as would like to be. She also tends to drink too much alcohol, more than reasonable. The [protagonist](#) will progressively persuades

her that she's still able to have a sexual relationship with a boy quite younger than her, even if he's one of her students.

	(2+) She's fond of...	(1) She likes well...	(0) She doesn't like...
Hobbies	Musical (3) Culture (2) Shopping (2)	Other hobbies	Relaxation and Spiritual
Tastes	Sweet, Salty	Sour, Bitter	Spicy

Where to find her during her spare time (week-end, from 09:00 to 12:00 and from 16:00 to 18:00)

- **Mainly:** [Downtown](#) Karaoke, [Southside](#) scene, [Northside](#) Museum's Theater
- **Sometime:** [Northside](#) museum, Downtown mall or one of the combini

She gives her lessons at school every morning and Monday Wednesday and Friday afternoon. Each second Friday is booked by exams, her academic exam being during the morning. Tuesday and Thursday afternoon, she's in School teachers' office. Each week day, she goes in the School infirmary to relax from 17:30 to 18:00. During the week-end, she always goes at Downtown Karaoke from 14:00 to 16:00.

Usual bath hour: 20:00 to 22:00

How to please her:

- Town provides a lot of sweet and salty food& drink almost everywhere
- In [Southside](#) scene: Music CD (80 \$), Music DVD (150 \$) and Show ticket (250 \$)

Intimate details

Level 1 commands	Level 2 commands	Level 3 commands	Level 4 commands
Massage	Blowjob, Titjob, 69	Vaginal sex	Anal sex
Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Sexual preferences: (2) in vaginal and anal sex, (1) in everything else, except domination and submission.

Sexen farming: She's not very good to farm sexen at low level: massage doesn't bring anything at level 1 and level 2 commands cost Stamina for a not so good sexen ratio. At high level it becomes better: fucking her both vaginally and anally will bring 60 sexen a day (more if you catch her in toilets or bathroom) for just a -30 Stamina cost.

Secret: She doesn't have any secret.

How to unlock her?

She's automatically unlocked in day 1 sequence, with a couple of pee views and even a cumshot.

Unlocking her is necessary to unlock [Emika](#) too (having her at level 2+ is even better, for the titjob sequence).

How to raise her obedience?

Saiko is easy to rise, no specific strategy is needed.

- **1st obedience event:** during week days in School infirmary between 17:00 and 18:00. The [protagonist](#) massages his teacher's back, and then her ass and finally her crotch until she comes.
- **2nd obedience event:** during week-end in Karaoke room (usually between 14:00 and 16:00). The protagonist persuades Saiko to play a kinda strip karaoke challenge. She finally blows him and tittifyucks him, before passing out because of alcohol. He can eventually take advantage of her unconsciousness to fuck her, with no special consequences.
- **3rd obedience event:** during week-end in her bedroom (usually between 12:00 and 14:00 or 18:00 and 23:00). Spending the evening to drink beer with the [protagonist](#), Saiko finally passes out. The protagonist tricks her to make her believe that they have actually fucked together and that she just doesn't remember it. The trick works perfectly and when she wakes up, she agrees to fuck with him.
- **4th obedience event:** during a Saturday in her living room (usually between 12:00 and 14:00 or 18:00 and 23:00). Saiko invites the protagonist to spend the evening with her in an Onsen in Countryside. So much alcohol that their inhibitions are lowered quite a lot. She finishes by falling asleep while the protagonist is fucking her ass.

Saiko has the advantage to start with a lot of Obedience points at the end of Day 1, and she's not that difficult to catch in School's toilet. You should be able to raise her to level 1 Thursday or Friday of 1st week, even without any teaser event. Further Obedience events are a bit more difficult because they all occur during week-ends, so you have to be sure to gain all the necessary Obedience points in one week. You should be able to raise her to level 2 at the second week-end, to level 3 at the following one and finally to level 4 Saturday evening during the 4th week. To raise her without skipping class, try to intercept her before she arrives in her classroom each morning and lead her to the infirmary, where there is a bed and a chair... You can also catch her at the end of the afternoon but, as the infirmary is occupied by [Miwa](#) at this time, you will have to lead Saiko somewhere else (like [Ryoko's](#) bedroom).

How to raise some other girls at the same time?

As Saiko spends her days in [Westside](#) and her evening in [Downtown](#), it will be easy to raise at the same time other girls with the same geographical pattern: [Ayumi](#), [Utako](#), [Kumiko](#). Obedience events are well articulated to fit with Ayumi's ones (but raising [Rin](#) at the same time could be a problem). 3rd obedience happens at the same time for Utako and Saiko: a choice will probably have to be made if you raise both of them.

Additional scenes

- **Pact scene:** [Lily](#) grows herself a cock to fuck Saiko's ass after having played with her boobs.
- **Bonus event:**
 - *Drunken karaoke* (any level, in Karaoke room during week-end between 14:00 and 16:00). The [protagonist](#) finds Saiko asleep because of alcohol. He takes advantage of this to fuck her mouth or her pussy. No Obedience gain.
 - *Vibrator event*: if the protagonist gives a vibrator to her (level 3+), he will be able to turn it on during school. If done in the morning, he can obtain a vaginal or anal (level4) intercourse. If done in the afternoon, he will obtain a clothed titjob.
- **Special events:**
 - *St-Patrick special event*: this event occurs when the protagonist meets [Sarah](#) (level 2+) anywhere in the museum during week-end. Sarah asks him to lead her kinky Irish friend, [Deirdre](#), to the entertainment park. In the park, the protagonist and Deirdre have several opportunities to have fun with other girls. Saiko is one of them and can be met in venue C. At level 3+, the protagonist can massage her feet and enjoy an upskirt, while Deirdre is blowing him. Soon enough, Saiko join her and they all start a threesome, Saiko fucking with the protagonist while he's licking Deirdre's pussy.
- **Guest star:**
 - [Lily's](#) 3rd Obedience event: Saiko participates at the body exam in the classroom and fuck with the protagonist.
 - [Emika's](#) introduction scene: Saiko waits for her friend at the airport. She eventually goes to the toilets with the protagonist to offer him a juicy titjob.
- **Teaser events:** she doesn't have any
- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: the [protagonist](#) pimps Saiko to makes money, but still fucks her frottime to time at karaoke.

Bath/pee commands: the basic set of commands			
Night options: the basic set of options			

Sexual preferences: (3) in Blowjob, (2) in Anal sex, (1) in Masturbation, Titjob, Exhibitionism, Lesbian, Threesome, Orgy and Vaginal sex.

Sexen farming: at low level, Sarah is a good source for sexen, with her masturbation command bringing 30 sexen a day for no Stamina cost. And her level 2 blowjob is one of the rare oral commands able to bring more than 15 sexen a day.

Secret: She doesn't have any secret.

How to unlock her?

In the School gym boy's changing room, any Tuesday or Thursday from 13:00 to 15:00. No H-scene.

How to raise her obedience?

All strategies are good for Sarah. As she's in school, she's easy to find...

- **1st obedience event:** during week days in school gym girls' changing room (usually between 18:00 and 18:30). The [protagonist](#) join her in the changing room when she changes. She undresses in front of him and they both masturbate while watching the other.
- **2nd obedience event:** during week days in gym's entrance (usually between 12:00 and 12:30). The [protagonist](#) surprises an argue between Sarah and [Mitsuko](#), about Sarah's past activities. Going on Internet, he discovers that his teacher was once a porn actress. As she begs him to keep her secret, he obtains a blowjob from her.
- **3rd obedience event:** during the week end in [Northside](#) Entertainment park, alley C (usually between 21:00 and 23:00). The [protagonist](#) forces Sarah to return to her porn alter-ego just for him, inviting her for a sex session in his house's living room. Depending of the situation, they are interrupted by [Aiko](#) (if he came inside) or [Kana](#) (if he came outside). If the interrupting girl is level 3+, she's invited to stay for the end of this little party and to taste a bit of semen before Sarah leaves.
- **4th obedience event:** during the week end in [Northside](#) Entertainment park, alley C (usually between 21:00 and 23:00). The [protagonist](#) forces Sarah once more time to return to her porn alter-ego for a living room sex party, pushing her to accept to have anal sex with him. In the middle of their vaginal or anal intercourse, they are surprised by [Aiko](#). She accepts to join, depending of her level and the actual fuck between Sarah and the protagonist (vaginal: level 3; anal: level 4). He eventually fucks both of them in the ass before Sarah leaves.

Sarah is difficult at low level because she's difficult to catch in toilets or bath: the "follow me" order is almost the unique way to have obedience points at level 0. Reaching her to level 1 takes around a week, except if you spend your time to follow her in [Northside during the evening. With her masturbation command, things become easier and a couple of days are enough to reach level 2 (probably a bit before or after the 2nd week-end). By focusing on her during the 3rd week (the morning in the school infirmary, for example), you should be able to bring her to 3rd level during the 3rd week-end, and the 4th one during the following week-end.

She's useful to raise high levels for [Hanae](#) and/or [Shizuru](#).

How to raise some other girls at the same time?

Sarah is quite a solo girl: two obedience events occurring during week-ends, no other girl with the same geographical pattern than her (she's the only [Northside](#) girl working daytime in [Westside](#)), and always hiding in the gym: obviously when you focus on her, difficult to raise another one. Despite this, you can have some good result while raising her at the same time than another school girl or Northside girl... but just one of them.

Additional scenes

- **Pact scene:** [Lily](#) grows herself a double penis to fuck her vaginally and anally at the same time. She allows the [protagonist](#) to fuck her mouth at the same time.
- **Bonus event:**
 - *Balcony sex* (level 2+, on the protagonist's balcony during week end between 23:00 and midnight). Sex sessions with the protagonist have awoken Sarah's lust. She climbs by night to his balcony in sexy lingerie to have a quickie with him, depending of her obedience: blowjob, vaginal (level 3+) or anal (4).
 - *Porn call:* (Sarah's home, Sarah being present) cf The boys' threat on Sarah's secret.
- **Special events:**
 - *St-Patrick special event:* this event occurs when the [protagonist](#) meets Sarah (level 2+) anywhere in the museum during week-end. Sarah asks him to lead her kinky Irish friend, Deirdre, to the entertainment park. In the park, the protagonist and Deirdre have sex with another girl they have met and finally meet in a private corridor to fuck together, where Sarah surprises them. If Deirdre is fully satisfied by the protagonist's abilities earlier in the event, Sarah will join them in a FFM threesome.
 - *The boys' threat on Sarah's secret* (at the school gate during a week day, between 13:00 and 18:00, Sarah's Obedience and Affection both at least at 150): Ryusei and Kanto discover by accident Sarah's old vids on Internet. The protagonist can then betray Sarah by helping them to spread the vid (Kanto become his friend) or persuade them to keep the secret. There are several possibilities to persuade them, but only one is implemented for now: they agree to remain silent in exchange of a porn night with the EP teacher. The protagonist lead them to Sarah's house and they all have a kinky foursome. It unlocks the daily special event *porn call*.
 - *The blonde's threat on Sarah's secret* (talking with Hikari at the gym when she's level 4+, Sarah's Obedience and Affection both at least at 150): as [Hikari](#) is complaining about Sarah's behaviour toward her, the [protagonist](#) can chose to betray Sarah's secret to gain Hikari's favors (it's one of the ways to unlock Hikari's lover ending). Hikari and the protagonist then begin to blackmail Sarah and force her to go at Hikari's house one week-end during the morning. Cf *Hikari's humiliating revenge on Sarah*.
 - *Hikari's humniliating revenge on Sarah* (follow the previous event: lead Sarah at the Mansion a week-end morning and lead her to Hikari): Hikari forces Sarah to dress as a maid and to tidy the mansion while she's having sex with the protagonist, occasionnaly spanking the redhead. After having cummed on Sarah during an anal intercourse, she orders her to clean the protagonist cock with her mouth, and finally concludes with a rough anal sex for the redhead. This unique event is one of the events able to lead to Hikari's lover ending.
- **Guest star:**
 - [Hanae's](#) 3rd obedience event: at level 2+, Sarah can be led by the [protagonist](#) at Hanae's home for a lesbian session.
 - [Shizuru's](#) 4th Obedience event: the protagonist is have sex in a Hospital room with Aiko and Shizuru. If Sarah is level 4, she can participate too.
 - *Tatoo* ([Okimi's](#) teaser event in school cafeteria, when both teachers are her in work suit) If both teachers are level 1, Sarah rubs the protagonist cock on Okimi's pubic hairs until cumshot.
- **Teaser events:** none for the moment.
- **Endings:**

- Lover ending: [Sarah's secret must have been preserved all the time] when the protagonist finishes school, Sarah and him are happy as they won't have to keep secret their relationship anymore. They celebrate that by fucking in the school gym, being almost caught by Mitsuko. They also decide to make money by broadcasting sexy cam vids on Internet. Five years later, their broadcast have brought them a lot of money, on top of inspiring Rin to do the same thing. During a cruise on a luxurious yacht, they go in their cabin to have sex. They both watch a cam broadcast from Rin with Ayumi and Ryusei while the protagonist is assfucking Sarah.
- Slave ending: the protagonist have stopped school and with Sarah, they both become porn actors. He roughly fucks her on stage, but also while suntanning on the beach.

Shizuru is a cop, patrolling essentially streets of the town. Lesbian, she's one generation older than the [protagonist](#) and has just broken with her girlfriend.

Personal information

Shizuru is a cop well reputed for her fight against street gangs and her physical way to handle that fight. This crusade has unfortunately disastrous result on her private life: her girlfriend broke with her. Having being with her since high school, she doesn't have any experience to seduce somebody... and she even never tried men of her whole life. The [protagonist](#) will catch the attention of this strong woman but also fragile by her lack of experience and progressively initiates her to sexuality with men, leading her to bisexuality.

Sexual preferences: (3) in Titjob, (2) in Vaginal sex and Lesbian, (1) in Handjob, Masturbation, Anal sex and Domination.

Sexen farming: low level, it can be interesting to farm sexen with her masturbation command (30 sexen a day for no Stamina cost, more if you catch her in toilets or in her bath). Not as

good as Kana, but still useful. Her dildo action is also good to bring 30 more sexen a day, still no Stamina cost.

Secret: She doesn't have any secret.

How to unlock her?

[Northside](#) Street I, any day from 08:00 to 17:00. This event can occur in a very basic form, where the [protagonist](#) is attacked by [street](#) gang thugs and Shizuru intervenes to save him. But if [Benito](#) has always being arrested, things become more interesting: the protagonist can then choose to obey to the guys and to give his cellphone. When saved by Shizuru, if he priorities his glasses (Affection +5), Shizuru does see the pics on his phones and understand that he was the one behind Benito's arrest. Respectful, she then chooses to take care of his wound. The protagonist can choose to follow her at her home (and has then the opportunity to kiss her, Obedience +2) or to be lead to his mother at the hospital (and to push his mother to kiss Shizuru, Obedience +1 for the cop).

How to raise her obedience?

All strategies are good to raise Shizuru, but you will need another girl at mid-level for her 3rd obedience level ([Naomi](#) being the easiest one).

- **1st obedience event:** during the week end at beach H on [Southside](#) island (usually between 18:00 and 19:00). The [protagonist](#) surprises Shizuru masturbating while tanning naked on the beach and. He takes the opportunity to lick her pussy until she come. Then, her jerks off and cum on her without she realizes it.
- **2nd obedience event:** in [Westside](#) street M after 18:00 (usually during week days between 18:00 and 19:00). Shizuru surprises a couple doing a blowjob in the street, but the protagonist persuades her to not intervene. Watching the couple proceeding, Shizuru realizes that she doesn't know at all how relationships between men and women are in sexual circumstances. The protagonist persuades her to try blowjob and titjob.
- **3rd obedience event:** in her entrance after 19:00 (usually during week-end between 19:00 and 20:30). The [protagonist](#) proposes Shizuru to arrange a romantic date between one of his friends and her. Depending of their level, he can ask [Rin](#) (level 3+), [Naomi](#) (level 3+) or [Hanae](#) (level 2+) to come and have sex with Shizuru. After a while, he joins them too and succeeds to have a very first vaginal intercourse with the blonde cop.
- **4th obedience event:** during week days in [Eastside](#) Hospital's lobby, in presence of Aiko being level 4 (usually between 12:00 and 13:00). [Sarah](#) is examined after having being attacked with a knife. Surrounded by [Aiko](#), [Hanae](#) and Shizuru, she's actually fine. The [protagonist uses the glasses to organise a hospital orgy between Aiko, Shizuru, and eventually Hanae (level 4) and Sarah (level 4). During this orgy, Shizuru watches a girl having an anal orgasm and decides to try anal sex too.

Shizuru isn't easy to rise because she moves a lot from one place to another and live in [Northside](#), where the [protagonist](#) doesn't go that much in evening. Focusing on her requires a lot of attention. Catching her in toilets is tricky, because she can do that only late evening at her home or at the end of the morning, when the protagonist is still at school. Keeping her at first priority allows bringing her to level 1 in 4-5 days: almost impossible for the first

Saturday, but certainly for the following one. Her level 1 daily command helps a lot (meet her every evening after school in street M and lead her to Ryoko's bedroom to proceed), allowing a daily gain of 4 obedience points (5 if there is a toilets or bath sequence): 4 days should be sufficient to raise her to level 2 (probably the Thursday or the Friday just after the level 1 week-end). Level 3 is trickier because you need another girl at a middle level to proceed. [Hanae](#) is not very difficult to raise level 2, neither [Naomi](#) level 3 but in both cases the protagonist will have to spend a lot of time in [Eastside](#). Hanae is a good choice because it will be useful to have her level 4 for Shizuru's next level. The blonde cop's last level depends of what you expect: if you're in a rush, having [Aiko](#) level 4 is enough. If you really want the best for Shizuru (especially if you want to reach her good ending), you will also need to have Hanae and [Sarah](#) level 4. A couple of additional weeks could be necessary to raise them too.

A good level for Shizuru can also be useful in [Yurika's](#) last obedience event.

There is a first time for everything

How to raise some other girls at the same time?

There is a natural dynamic for raising Shizuru and [Hanae](#) at the same time (and also [Aiko](#), who is also needed in both stories). This will require to send the [protagonist](#) spend his morning in [Eastside](#) instead of being at school, but it allows to raise them day after day. Each one of these girl can be used to unlock the 3rd level obedience event of the other one and is also implicated in the last obedience event.

If you prefer to raise Shizuru in her apartment during the evening (instead of Eastside morning), you can then raise some other girls also living in [Northside](#) : [Emiri](#), [Sarah](#), [Kristina](#)...

Additional scenes

- **Pact scene:** Lily shoves various dildos in all Shizuru's holes and fucks her.

- **Bonus event:**
 - *Cuffgames* (level 2+, in [Downtown](#) mall's girls' toilets when she's wearing her work outfit (usually week days between 00:00 and 00:00). The [protagonist](#) handcuffs her in the back or to a pipe (level 3+ required) and then takes advantage of this to fuck her mouth, her tits, her pussy (level 3+ required) or her butt (level 4).
- **Guest star:**
 - Hanae's 3rd obedience event: at level 2+, Shizuru can be led by the protagonist at Hanae's home for a lesbian session.
 - [Hanae's](#) 4th obedience event: wounded during her job, she's examined at [Eastside](#) hospital by Hanae. The examination turns to a lesbian orgy, [Aiko eventually joining the girls.
- **Teaser events:** none for the moment.
- **Endings:**
 - Good ending: [the full orgy in 4th Obedience event will be required] not yet implemented
 - Bad ending: the protagonist has left school and pimps Shizuru to the city thugs during the night to make money. He also uses her in lesbian sessions to try to get back [Hanae](#) too, but it will take time without the glasses.

Despite this, the protagonist will persuade her that she needs cum for her incantation, pushing her to have more and more sexual activities with him. A talk with Lily will let the protagonist know that these spells are not as false as they look like and that sexual activity is indeed needed for this old magic: with the protagonist's help, Tokie will be able to reach her goal.

Personal information

Coming from an old and traditional family, Utako is about to get married to a man that she doesn't even know, that her family has chosen for her. This marriage doesn't hurt her feelings at all because she has always been educated in this way. The [protagonist](#) has only a few weeks to introduce her to sexuality and to make her realize that this arranged marriage is maybe not such a good idea.

Sexen farming: Utako is not interesting for sexen. Her 1st level command doesn't bring any, and she's not better than any other girl after that.

Secret: She doesn't have any secret.

How to unlock her?

[Westside](#) Library's lobby, any day from 08:00 to 19:00, when Yatsumi has already been met. If Yatsumi is level 1+, the [protagonist](#) will enjoy watching a sexy picture of Utako.

How to raise her obedience?

As the [protagonist](#) need 60+ in Fitness or Swimming for her 3rd Obedience event, it's better to have the Athlete's or the Swimmer's profile to raise Utako.

- **1st obedience event:** during Sunday or Monday in bathhouse Women's changing room, between 11:45 and 12:15. Utako's belonging having being stolen, she asks the [protagonist](#) to find some clothes for her. He can choose to bring her [Aiko's](#) clothes, [Hanae's](#) nurse uniform or [Naomi's](#) clothes (this choice will have consequences in 4th obedience event), and then enjoys watching her dressing in front of him.
- **2nd obedience event:** at any time in Utako's apartment corridor in [Kumiko's](#) presence at level 2+ (usually between 19:00 and 20:00 – if Kumiko is not here, she's somewhere in the apartment and it could be necessary to use a “follow me” command). Utako surprises her sister doing a blowjob to the [protagonist](#). Despite her anger, she realizes that she doesn't know enough about sexuality and that she must learn all that before her wedding. Thanks to the glasses, Kumiko and the protagonist persuade her to try at least once...
- **3rd obedience event:** Saturday evening between 18:00 and 19:00 anywhere in the library. Utako's friend leads her to her bachelorette party and the [protagonist](#) succeeds to be invited too. When the girls hear that the expected Chippendale has cancelled, the protagonist propose to do it himself to save the day. If he's not well shaped, the event is a failure and Utako will never reach level 3. But if he has 60+ in Fitness or Swimming, he impresses the girls and has sex with [Shiho](#), [Emiri](#) and finally Utako herself. If [Yatsumi](#) is level 3+, he also has sex with her.
- **4th obedience event:** during week days anywhere in the [protagonist's](#) house, between 17:00 and 18:00). Utako comes at the protagonist's house to bring back the clothes she has borrowed him in 1st obedience event. He persuades her to wear them one more time, and then begins to sodomize her in the stairs. If the owner of these clothes is level 4 ([Aiko](#), [Hanae](#) or [Naomi](#), depending of 1st obedience event), she arrives then and join them, being assfucked first to show Utako how could it can eventually be.

Utako is a real challenge because you have a deadline to raise her: just four weeks after you have unlocked her (this deadline is not yet implemented, but it will be soon). After her wedding, you won't be able to gain new levels anymore! On top of that, you must raise her sister at level 2+ and another girl at level 4, Aiko being the easiest one and Hanae the more difficult. So you can't waste much time.

Try to unlock her late in the game by avoiding [Westside](#) library: if Kumiko is already level 2 when you unlock her, it's even better. Take advantage of this time to raise Fitness at 60+.

Even if she works near the school, catching her in toilets is easier to do at her home, so you should focus evening on her and her sister. By the “follow me” order and with some occasional pee or bath, you should be able to bring her to level 1 in 4-5 days. If you unlock her a Wednesday, you should be able to reach level 1 the following Sunday or Monday. 3-4

more days are necessary to reach level 2, bringing you near to Friday. One more week can be necessary to gain the obedience points needed for level 3, with the event being necessarily a Saturday. If the count is right, her wedding is for the next Saturday: you have less than 7 days to reach level 4! That means more than 8 points each day: easy to do if you really focus on her (and if your Stamina is high enough), but tricky if you share time between several girls. And don't forget to do the last obedience event, the latest moment being Friday before 18:00 at home! No time to waste.

All this for another guy? Really?

How to raise some other girls at the same time?

As the library is very close to school, it's easy to raise any School girls at the same time: [Rin](#), [Ayumi](#), [Hikari](#), [Mitsuko](#), [Saiko](#), [Okimi](#), [Sarah](#), [Miwa](#) or [Fujiko](#). [Ryoko](#) is a bit further, but she's still reachable too... and so does [Yatsumi](#) who comes every week day at the library between 17:00 and 19:00. Some of these girls also lives very close to her home in [Downtown](#), making it even easier: [Saiko](#), [Ayumi](#), [Yatsumi](#), [Fujiko](#) and [Kumiko](#).

It's always a good idea to raise her at the same time than [Yatsumi](#) and [Kumiko](#).

Additional scenes

- **Pact scene:** Lily tries to cover her with cum everywhere and asks the [protagonist](#) to help her by covering her butt with his own semen. He can assrub or assfuck her.
- **Bonus event:** none for the moment
- **Special events:**
 - *the wedding* (in Utako's presence, the first Saturday occurring 30 days after Utako having being unlocked). Utako is going to be married. If he want to still have a chance with her, the [protagonist](#) must have already raised her at level 4 and must attend to this ceremony).

- *Secret book quest*, steps 2 and 3: the [protagonist](#) searches a book able to inform him about Mythology. In the second step, he goes at the library to search with Utako and [Kristina](#), finding a clue about a secret codex. In third step, they find the codex with the help of [Kumiko](#) and all summon an ancient goddess to discover how to deal with [Lily](#) and [Anael](#).
- *Emancipation*: when she has Obedience 160 and Affection 160 and the protagonist have succeeded the wedding event, an event occurs when the protagonist meets her in her sexy casual outfit at her home ([Kumiko](#) 4+ required). Utako then decides to cheat on her husband and to accept to date with the protagonist.
- *Christmas special event*: this event occurs 24th evening in the hour before midnight, in Utako's living room if Utako is level 2+. The protagonist dreams of Utako preparing her sister's Christmas. She's offering a blowjob and eventually her titjob as a gift to the protagonist. At level 3+, she can be fucked vaginally and even anally if level 4.
- **Guest star:**
 - [Kumiko's](#) 3rd obedience event: no H scene. She allows the [protagonist](#) to give some private lesson to Kumiko
 - [Kumiko's](#) 4th obedience event: she surprises her sister trying anal sex with the [protagonist](#) in the living room. If she's level 3+, she can stay and watch while masturbating; at level 4, she can even participate and enjoy an anal in front of her sister.
- **Teaser events:** she doesn't and won't have any.
- **Endings:**
 - Good ending: [a certain level of success will be required in the wedding event to unlock her good ending] not yet implemented
 - Bad ending: the [protagonist](#) stays at school for the next year, having regularly kinky sex with Utako in the library. The librarian likes to fuck on the copier, scanning her body while she's blowing her lover of being assfucked by him. They finally decide to take a car ride in the next week-end with her younger sister [Kumiko](#), trying to incite her to participate in their kinky games. She has to take photos of Utako being fucked by her lover and eventually blows him as well too, even if she's not ready to go further with him.

Personal information

Eimi and Yae are twin sisters, working both as lifeguard on town's beaches. Most of the time, there is a kind of competition between them about almost everything, boys not being an exception. But they also love to play tricks to people, pretending to be each other... boyfriends not being an exception either. As the [protagonist](#) begins to hang up with them, he will have to be able to know when he's really with Eimi and not with Yae pretending being her sister. Their behavioral can betrays her (Yae likes bathhouse and long walks in countryside), as much as the slight differences in her physical appearance:

- Yae has a mole on the right side of her face
- Yae's eyes and earrings are more blue than green.
- Yae's casual swimsuit is mainly dark blue
- Her pubic hairs are different

Yae ends all her week days at [Eastside](#) bath house between 18:00 and 19:00, going back home earlier than her sister. She always takes a long walk in [Countryside](#) Saturday morning from 8:00 to 11:30, preferring going to Aquatic Park with her sister Sunday morning.

How to unlock her?

Going at the central place of [Southside](#) Aquatic park allows the protagonist to meet [Wakana](#), [Eimi](#) and [Yae](#) at the same time (and also to fondle one breast of Wakana).

How to raise her obedience?

All strategies are good for raising these twin sisters.

- **1st Obedience event:** during week-days in Southside beach during her work shift (usually between 8:00 and 12:00 and between 14:00 and 18:00). The protagonist persuades Yae to massage her back. After he has massaged a bit more than the back, she gives him a handjob to thank him.
- **2nd Obedience event:** not available yet (v0.34)
- **3rd Obedience event:** not available yet (v0.35)
- **4th Obedience event:** not available yet (v0.36)

The main difficulty for the twin sisters is to raise both of her at the same time and to be able to recognize them in these events. Luckily, both of them have a lot of commands from the first level, which help you to quickly gain a lot of Obedience points. Obediences events are not difficult to reach, most of them are during the week... event if the protagonist will have to fox school sometime.

How to raise some other girls at the same time?

Eimi and Yae must be raised at the same time. Aside this, it's difficult to raise some other girls when you focus on those ones. First of all because it requires a lot of effort to get enough Obedience points for both Eimi and Yae. On top of that, they live and work in city parts where the [protagonist](#) is not used to go in his daily life : Northside and Southside. Despite this, you can raise some other Southside girls at the same time, like [Marylin](#).

Additional scenes

- Pact scenes:
 - Normal scene : Lily makes Yae lick her pussy, before enjoying tribadism with her.
 - Special pact scene : if Eimi already has her own pact scene, leading the twin sisters to Lily allows to reach a special pact scene with both of them, where Lily allows the protagonist to participate too. Blowjob, vaginal sex and even anal sex. At this occasion, Lily discovers the special link between the twins and shares this information with the protagonist.
- Obedience events: previously mentioned.
- Bonus event: none for the moment
- Special events: none for the moment
- Teaser events: none for the moment.

- Special doll command: if doll command is allowed for both Eimi and Yae, the protagonist can doll them at the same time and enjoy a threesome. If he has discovered the special link between them, he can even analyze them.

 - Good ending: not yet implemented
 - Bad ending: not yet implemented

Personal information

On top of that, he has never noticed the feelings that the tiny secretary has for him and she's far too shy to tell him. This intense love prevents her from the [protagonist's](#) glasses' influence, because any sexual action with somebody else than Hiro seems unconceivable for her. The protagonist will have to use this secret love to persuade the tiny secretary to accept his sexual advance, but it's very difficult because most of sexual acts disgust her. When she will finally be able to have sex with Hiro, she will become far more kinky and ready to almost anything... as Hiro is still involved in the action.

Sexen farming: despite her shyness, Yatsumi is very good to farm sexen, at all levels. Avoid as much as possible reluctant blowjob with her, because it lowers her affection. Her Masturbations can give you 15 sexen a day without any Stamina cost (more if you catch her in toilets or in her bath), the sixty-nine bringing 5 more sexen for Stamina -5. When you reach level 3, threesomes are an incredible source of sexen: 45 sexen in the three stances, for 15 Stamina only. When you can DP her, it rise to 60 sexen a day! Not that bad for such a shy girl...

Secret: She doesn't have any secret.

How to unlock her?

[Eastside](#) Hospital's lobby, during a week-day from 08:00 to 17:00. If the [protagonist](#) asks to see her thighs, he will lose affection. In both cases, he will discover that the glasses didn't work on her, without realizing that's because Dr Hiro's presence.

Unlocking her is necessary to unlock [Utako](#).

How to raise her obedience?

Yatsumi works far away from [Westside](#) school and the two first Obedience events are during lesson: difficult to cumulate that with a school profile in an early game. But when the [protagonist](#) has reach the required score, it's easier to go in [Eastside](#) Hospital during week days.

- **1st obedience event:** during week days in the Eastside Hospital's lobby, between 12:00 and 15:00). The [protagonist](#) surprises her masturbating in the toilets with a picture of [Dr Hiro](#). He understands that she's so in love for the doctor that he will have to associate his name to the glasses' suggestions to have a chance to be obeyed.
- **2nd obedience event:** during week days in the [Eastside](#) Hospital's lobby (usually between 08:00 and 12:00 and between 14:00 and 17:00). Yatsumi talks with the [protagonist](#) about her lack of sexual experience, having married her husband very young. Realizing that she doesn't even know how to do a blowjob, she accepts to train on a banana. Once she has started on the fruit, the protagonist persuades her that she would do more progress by trying on a real cock... Affection -5 if you cum in her mouth, but -10 if it's on her face. She really doesn't like cum...
- **3rd obedience event:** during the week end at [Southside](#) beach C (usually between 14:00 and 17:00). When Yatsumi and Dr Hiro are both at the beach, the [protagonist](#) manipulates them to provoke an intimate relationship between them. As their long time restrained desire alight, he takes advantage of these to have a threesome, having the choice between mouth and pussy. Bonus scene with [Ayumi](#) if she's level 3+: she participates during a short time when she surprises them.
- **4th obedience event:** during the week end in her kitchen (usually between 17:00 and 19:00). Yatsumi wants to try a first time anal sex with Hiro but he's reluctant, being afraid to hurt her. The [protagonist](#) use the glasses to organise himself this first try as a demonstration for persuade him. The protagonist has three successive choices to make, having each time a gentle option and a rough/direct alternative causing a loss of 10 or 15 affection. If the protagonist finishes with Affection under 60, it's too much pain for Yatsumi: the event is a failure and must be tried again. At 60 or more, she likes it so much that she immediately wants to be DPed by Hiro and the protagonist.

Meeting Yatsumi early without missing another girl introduction could be tricky: the best spot is Wednesday morning, by going at hospital instead of being at school. Stalking Yatsumi at her home after work should during the following days allows raising her to level 1 in only 4-5 days. As the first obedience event is during week days, it should happen the second Monday. Another 3- 4 days are needed to reach level 2, the best being the second Thursday in daytime (exams are scheduled the second Friday ...).

Level 2 is quite difficult for Yatsumi because blowjobs lower her affection and she doesn't have titjob. He best way is to start a reluctant blowjob and to aloe her to finish with just a handjob: you still have the Obedience point! But even by cumulating this with her three masturbations, you shouldn't be able to reach 50 Obedience point for the second week-end:

you will probably have to wait for the third week-end to get her 3rd level at the beach. After that, all becomes easy with the threesome special commands.

How to raise some other girls at the same time?

During the first weeks, the [protagonist](#) has three different possibilities to raise Yatsumi:

- during day time in the Hospital: school lessons are then sacrificed but chances are great to catch Yatsumi at the toilets. In this case, it's easy to raise all the [Eastside](#) girls at the same time: [Aiko](#), [Naomi](#) or [Hanae](#).
- after school at the library: that's highly compatible with school lessons, but the [protagonist](#) will have less opportunities to catch her in the toilets and no bed easily available (just Ryoko's bedroom). In this case, it's easy to raise [Utako](#) and some of the School girls at the same time: [Rin](#), [Ayumi](#), [Hikari](#), [Mitsuko](#), [Saiko](#), [Okimi](#), [Sarah](#), [Miwa](#) and [Fujiko](#). [Ryoko](#) is a bit further, but she's still reachable too.
- in the evening at home: the best solution to catch her in her bath or to enjoy her bed. It's highly compatible with school lessons too. In this case, it's easy to raise some of the girls living in [Downtown](#): [Saiko](#), [Ayumi](#), [Kumiko](#), [Fujiko](#), [Anael](#) and of course [Utako](#).

It's always a good idea to raise her at the same time than [Utako](#) (for the librarian's 3rd obedience event), so the two last solutions are probably the best.

 - [Utako's](#) 3rd obedience event: Utako's bachelorette party turns wild when the [protagonist](#) replace the missing Chippendale. If Fitness or Swimming 60+, he will enjoy sexual favor of several girls, including Yatsumi if she's level 3+.

- **Endings:**
 - Good ending: not yet implemented
 - Bad ending: the [protagonist](#) leaves school to live with Yatsumi. During the dinner at home, he assfucks her right in front of [her own son](#) , who begins to be quite aroused by seeing his mother being so much fucked. They eventually both sandwich her in the kitchen, even if Ryusei finally refuse to DP her.
